

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

30. *Committee on Ways and Means.*

It shall be the duty of the Committee on Ways and Means to take into consideration all reports of the state officers and state boards or state commissions, and all propositions relative to the revenue of the State, as may be referred to them by the Assembly; to inquire into the state of the revenue and expenditures of the State, and report from time to time their opinion thereon. All bills for the appropriation of money, which were not at first referred to the Committee on Ways and Means, shall be reported to the House by the committees having them under consideration, and shall thereupon, without motion, be referred to the Committee on Ways and Means; and said committee shall consider and report thereon the amount of appropriation required, but such bill shall retain its place on file pending its consideration by said Committee on Ways and Means. The Committee on Ways and Means shall, from time to time, at least once in two weeks, report to the House the exact condition of legislation involving appropriations, and the aggregate amount of all the proposed appropriations pending.

31. *Committee on Commissions and Public Expenditures.*

It shall be the duty of the Committee on Commissions and Public Expenditures to ascertain what state commissions, institutions, or boards, if any, can be abolished or consolidated with advantage to the public, in view of a more economical administration of state affairs; to ascertain what expenditures and salaries of the various public offices and institutions can be advantageously reduced or discontinued; and to make a report thereon within thirty days after their appointment; also prepare and report to the Assembly such bills or resolutions as may be required to carry out the recommendations of the committee.

32. *Committee on Engrossed and Enrolled Bills.*

It shall be the duty of the Engrossing Committee to compare all bills, constitutional amendments, and concurrent and joint resolutions, ordered or considered engrossed by this House, with the engrossed copies thereof; and before they pass out of the possession of the House, see that the engrossed bill is a true copy of the original, with such amendments as may have been made thereto; and said committee shall see that all engrossed bills are reported back in the order in which they were ordered engrossed.

It shall be the duty of the Committee on Revision and Reform of Laws to take into consideration all petitions, bills and resolutions touching the revision and reform of the existing laws of the State of California as shall or may be presented or come into question and be referred to it by the Assembly.

In forming a Committee of the Whole House, the Speaker as Chairman, or a Chairman to be named by the Speaker, shall preside. Bills committed to a Committee of the Whole House shall, in Committee of the Whole, be read by sections. All

A Standing Committee.

A Select Committee.

If any member, in speaking or otherwise, transgresses the rules of the House, the Speaker shall, or any member may, call to order; in which case the member so called to order shall immediately sit down, unless permitted to explain; and if called to order by a member, such member shall immediately state the point of order. If the point of order be sustained by the Chair, the member shall not be allowed to proceed; but if it be not sustained, then he shall be permitted to go on. Every such decision from the Chair shall be subject to an appeal to the House, but no discussion of a question of order shall be allowed, unless an appeal be taken from the decision of the Chair.

40. *Speaker to Decide Who Is Entitled to the Floor.*

When two or more members shall rise at once, the Speaker shall name the member who is first to speak.

41. *Order in Speaking to Questions.*

Every member, when he speaks, shall, standing in his place, address "Mr. Speaker," and when he has finished he shall sit down. No member shall speak more than twice during the consideration of any one question, of whatever nature, on the same day and at the same stage of proceedings, without leave being granted, except the author of a bill or resolution, or mover of a question, who shall have the right to close the debate. No member shall be allowed to speak more than five minutes upon any question except by leave of the House, and except further, the author shall be allowed five minutes to open and five minutes to close.

If any member be called to order for offensive words spoken in debate, the person calling him to order shall report the words excepted to, and they shall be taken down in writing at the Clerk's table; and no member shall be held to answer, or be subject to censure of the House, for language used in debate, if any member has spoken or other business has intervened after the words spoken and before exception to them shall have been taken.

A motion to adjourn shall always be in order, except during roll call. The Clerk shall enter on the Journal the name of any member moving an adjournment, also the hour at which the motion was made and adjournment taken.

When a motion is made and seconded to adjourn, it shall be in order for the Speaker, before putting the question, to permit any member to state any fact to the House relating to the condition of the business of the House which would seem to render it improper to adjourn at that time. Such statement, however, shall not be debatable, and such statement or statements shall not, in any case, occupy more than two minutes.

Concurrent resolutions for adjournment *sine die* shall in all cases, whether originating in the House or coming from the Senate, be referred to the Committee on Ways

A motion to strike out the enacting clause of a bill shall have preference over a motion to amend, and, if carried, shall be considered equivalent to its rejection. A dilatory motion shall not be considered intervening business within the meaning of parliamentary usage.

47. *Previous Question.*

The previous question shall be in this form: "Shall the main question be now put?" And its effect, when sustained by a majority of the members present, shall be to put an end to all debate and bring the House to a vote on the question or questions before it.

48. *Questions of Order After Previous Question is Ordered.*

All incidental questions of order arising after a motion is made for the previous question, and pending such motion or previous question, shall be decided (whether on appeal or otherwise) without debate; *provided*, that after the previous question shall have been ordered, ten minutes shall be allowed for explanation of the matters covered by the previous question, of which five minutes shall be given to the member moving the previous question, and five minutes to those opposed thereto.

49. *Previous Question Demanded.*

The previous question shall only be put when demanded by three members.

50. *Question Indefinitely Postponed.*

When a question is postponed indefinitely, the same shall not again be introduced during the session.

51. *Division of Questions.*

Any member may call for a division of the question, which shall be divided if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision of the House. A motion to strike out being lost, shall preclude neither a motion to add to nor a motion to strike out and insert.

52. *Substitute.*

A substitute shall be deemed and held to be an amendment, and be treated in all respects as such.

53. *Subjects Different From the One Under Consideration.*

No motion or proposition on a subject different from that under consideration shall be admitted as an amendment.

58. *Priority of Business.*

All question relating to the priority of business shall be decided without debate.

60. Notice of Reconsideration.

On the day succeeding that on which a final vote on any bill or resolution has been taken, said vote may be reconsidered on the motion of any member; *provided*, notice of intention to move such reconsideration shall have been given on the day on which such final vote was taken, by a member voting with the majority; and it shall not be in order for any member to move a reconsideration on the day on which such final vote was taken. Said motion of reconsideration shall have precedence over every other motion except a motion to adjourn. No notice of reconsideration shall be in order on the day preceding the last day of the session. No motion to reconsider shall be adopted, except upon a roll call, and it shall require forty-one votes to adopt the motion.

61. Election by House.

In all cases of election by the House, the vote shall be taken *viva voce*.

62. Calling Ayes and Noes.

The ayes and noes shall be taken on the final passage of all bills, and when called for by three members on other questions, and every member within the bar of the House, when his name is called, shall (unless for special reasons he be excused) declare openly, and without debate, his vote. In taking the ayes and noes, and upon call of the House, the names of the members shall be taken alphabetically, and the Clerk shall enter on the Journal the names of those demanding the ayes and noes.

63. Members at Clerk's Desk.

No member or other person shall remain by the Clerk's table while the ayes and noes are being called, or while the votes are being counted.

No member shall be allowed to explain his vote or discuss the question while the ayes and noes are being called, and no member shall be allowed to change his vote after the vote is announced from the chair.

67. Call of the House.

Upon a call of the House, the names of the members shall be called over by the Clerk, and the absentees noted, after which the names of the absentees shall again be called over. The door shall then be shut, and those for whom no excuse or insufficient excuses are made, may, by order of those present, be taken into custody, as they appear, or may be sent for and taken into custody by the Sergeant-at-Arms wherever to be found, or by special messenger, to be appointed for that purpose. In the absence of a quorum, a majority of the members present may order a call of the House and compel the attendance of absentees in the manner above provided. No recess can be taken during a call of the House.

68. Suspending and Changing Rules.

No standing rule or order of the House shall be rescinded or changed without a vote of two thirds of the members of the Assembly, and one day's notice being given of the motion therefor; *provided*, that the Committee on Rules and Regulations may at any time, except during a roll call, report a temporary rule providing for the consideration of any bill on the files of the House belonging to either of the following classes:

1. Bills affecting the State government, its revenue, its various departments or commissions, or appropriations therefor.

3. Bills affecting town, city, city and county governments, or the municipal affairs of the same.
4. Bills amending election or primary election laws.

It shall always be in order to call up for consideration such report. The same shall be subject to amendments by the House.

On the adoption of such temporary rule by the House by a two-thirds vote thereof, if the bill be on third reading, and by a majority vote of the members elected to the House, if otherwise, such bill shall thereupon be made the special order for the time fixed therein.

A rule of order may be suspended temporarily by a vote of two thirds of the members present, except that portion of Rule 6 relating to third reading of bills. A motion or resolution proposing to increase or diminish a standing committee shall not be adopted until the same has been referred to the Committee on Rules and Regulations.

The Committee on Rules and Regulations may also, at any time, report a temporary rule or regulation. When such temporary rule or regulation shall have been adopted by a two-thirds vote of the House it shall have the effect, for the time being, of a standing rule, and if such temporary rule shall be in conflict with a standing rule it shall supersede said standing rule for the time being, and shall be enforced by the Speaker.

69. *Members Absenting Themselves.*

No member shall absent himself from the service of the House without the leave of the House, except in case of sickness; and if any member or officer of the House absent himself without leave, his *per diem* shall not be allowed him; but no member shall obtain leave of absence, or be excused, without a vote of two thirds of the House.

That committee shall examine bills referred to it with particular reference to the question as to whether there is already any bill in either house of the same character which might be amended to effect the result sought, and generally as to the advisability of introducing the measure.

The committee shall report upon each bill so referred to it on the same legislative day. The report shall be made at the conclusion of the consideration of the Senate Special File.

The committee may, in its discretion, incorporate more than one bill in the resolution to grant leave to introduce, incorporating in the resolution the title of each bill in full, and the roll shall be called upon the adoption of the resolution, and no resolution to introduce any such bill shall be adopted without the consent of three fourths of the members of the Assembly.

GOVERNOR'S MESSAGE.

The following message from the Governor was taken up and read:

STATE OF CALIFORNIA, EXECUTIVE OFFICE,
SACRAMENTO, November 27, 1911.

To the Legislature of the State of California:

The Legislature has been convened in extraordinary session for the purposes that are specifically set forth in the proclamation that has been heretofore duly issued. When the call for the extra session was made a copy was sent to each of the members that all might be familiar with the work necessary to be done. Some of the matters embraced within this call imperatively demand action; others are formal in character. All alike, however, those that are difficult and those that are not, are submitted to you in the firm belief, justified by your previous actions, that your solution of every problem will be just, adequate and speedy. Because of thorough preparation and complete knowledge on your part of the matters concerning which you are to legislate, I do not attempt to specify in detail the subjects before you. I would, however, call to your attention one fact that is evident, that those who would wish this Legislature ill, and who care nothing for the State, desire that you become embroiled during this special session so that you will not, within a reasonable period, accomplish the purposes for which you have been called together. I trust, therefore, that the same spirit which you displayed with such marked success and accomplishment at your regular session, will prevail in your present deliberations.

Respectfully,

HIRAM W. JOHNSON, Governor of California.

This Act is hereby declared to be an urgency measure within the meaning of Section 1, Article IV of the Constitution, and is deemed necessary for the immediate preservation of the public peace, health, and safety. The following is a statement of the facts constituting such necessity: That Reclamation District No. 535 is a reclamation district organized and existing under the laws of the State of California; that an election was held in accordance with law on the twelfth day of September, 1911, for the purpose of determining whether certain adjacent territory should be annexed to the city of Sacramento embracing among other land to be annexed a portion of the land included within the boundaries of said Reclamation District No. 535, and subject to the jurisdiction thereof; that at said election it was duly voted to include such portion of said land within the city of Sacramento and that by proceedings duly had after due and legal notice given such portion of said Reclamation District No. 535 is now embraced within the boundaries of the city of Sacramento, as they now exist, and as such is subject to the jurisdiction of the city of Sacramento as to the levying of assessment and collection of taxes, building of

levees, promotion of drainage and protection from overflow; that to avoid a conflict of jurisdiction as to the right to give, control and regulate the same and to impose taxes and assessments thereon, and to establish a system of sewers and drainage therein, it is essential that all that portion of Reclamation District No. 535 embracing lands within the limits of the city of Sacramento as they now exist and being such land as became a part of the city of Sacramento by virtue of the election aforesaid should be excluded from said Reclamation District No. 535 without prejudice to the right of the said reclamation district to exist as to the remaining lands within the boundaries thereof.

NEW YORK STATE

JOINT LEGISLATIVE COMMITTEE PANAMA-PACIFIC INTERNATIONAL EXPOSITION.

SAN FRANCISCO, CAL., December 4, 1911.

To the Honorable Speaker of the California State Assembly, State Capitol, Sacramento, Cal.:

SIR: At a meeting of our committee held to-day, a resolution was unanimously adopted wherein it was resolved that I express to the members of your honorable body, the Assembly, our sincere appreciation for their kind invitation to visit the California Legislature, now convened in special session at the State Capitol at Sacramento.

However, we hope an opportunity will be afforded at some future time of visiting your capital while the Legislature is in session when such visit may be given the time it rightfully deserves.

Very truly yours,

STATEMENT BY THE SPEAKER.

Near the beginning of this session there was sent to the Speaker of the Assembly a memorial or petition, which was verified and signed by A. H. Carpenter of San Joaquin County, in which he has charged the Justices of the District Court of Appeal of the Third Appellate District with misdemeanor of office, and has asked for an investigation or an impeachment of these judges for reasons stated in his petition. His petition is quite a voluminous document.

I will state that when the petition was received by me it was accompanied by a brief letter, I presume written by Mr. Carpenter, but it does not bear his signature nor that of any other individual. There is a signature attached in typewriting

only. For that reason I did not deem it of sufficient importance to bring the matter before this Assembly. My impressions were that in a matter of that kind, if he really desired an investigation by this body, he should have presented the matter in a formal way. This morning, however, I received another communication from him, in which he has requested an investigation of this petition, which was duly signed by him. Also, there has been presented, by the judges of the court in question, a petition to this body, asking that their conduct and judicial acts be investigated as requested by Mr. Carpenter.

I therefore present these matters to you for your consideration.

COMMUNICATIONS.

The following were filed by the Speaker :

STOCKTON, CAL., November 25, 1911.

HON. A. H. HEWITT, *Sacramento, Cal.*

DEAR SIR: It has become my painful duty to prefer charges of impeachment against N. P. Chipman, Albert G. Burnett, and Elijah C. Hart, as the judges of the District Court of Appeal of the State of California, Third District, and in pursuance of that duty I herewith hand you the said charges and request that you present the same to the Assembly for action, and file the same as by law provided.

Yours very truly,

A. H. CARPENTER.

Also:

STOCKTON, CAL., December 5, 1911.

HON. A. H. HEWITT, *Sacramento, Cal.*

DEAR SIR: On the 25th day of November, 1911, I sent you a complaint impeaching N. P. Chipman et al., as judges of the District Court of Appeal, and thus far I have received no acknowledgment of its receipt or any information that the same has been presented to the Legislature or filed, as required by law. If you do not intend to present such complaint to the Legislature, will you kindly inform me by return of mail, as I may desire to take other measures in the matter.

Very respectfully,

A. H. CARPENTER.

MEMORIAL.

To the Honorable Speaker, and the Honorable Members of the Assembly, of the State of California:

In the matter of the impeachment of N. P. Chipman, Albert G. Burnett and Elijah C. Hart, as judges of the District Court of Appeal of the State of California, Third Appellate District.

A. H. Carpenter complains of the said N. P. Chipman, Albert G. Burnett, and Elijah C. Hart as the judges of the District Court of Appeal of the State of California, in and for the Third Appellate District, and for cause of complaint alleges as follows, namely:

That he is a citizen of the United States, and a resident of the State of California, and an attorney at law residing at Stockton, California.

That N. P. Chipman, Albert G. Burnett, and Elijah C. Hart are now and were during all the times herein named and referred to the duly elected, qualified and acting judges of the District Court of Appeal of the State of California in and for the Third Appellate District.

That while so the judges of said court, and while acting in that behalf and capacity, and at the times and in the manner hereinafter more specifically averred, they wilfully, corruptly, maliciously, fraudulently, and in violation of their oath and duties as such judges, rendered judgments, opinions and decisions in the following cases that were lawfully and rightfully before them for decision on appeal, which were wrong, corrupt, unlawful, fraudulent, and not in accordance with the well settled precedents established by the highest courts of this and other states, and which they then and there and at all times knew were wrong, corrupt, unlawful, fraudulent, and not in accordance with the well settled precedents established by the highest courts of this and other states, and they made and rendered such judgments and decisions for the purpose of unlawfully injuring complainant in his reputation for honesty and integrity, his property rights, and his professional and social standing, and of wrongfully, unlawfully, corruptly and fraudulently aiding and abetting certain dishonest and unscrupulous attorneys and others, who were their friends, associates in society, and political assistants, in their fraudulent and felonious attempts to ruin complainant and convict him of infamous crimes of which he was innocent, and of which said attorneys, judges and others knew he was innocent, and thereby deprive him of his good name and reputation and property rights, and in many other cases of corruptly and maliciously and wrongfully aiding the rich and influential and of ruining the poor and needy without the slightest regard for law or the precedents established by the highest courts in the land, namely:

That in the case of *A. H. Carpenter, plaintiff, vs. W. F. Sibley et al.*, which was originally brought in the Superior Court of San Joaquin County, for malicious

prosecution, and in which judgment was rendered for defendants therein in said trial court, and plaintiff appealed from the judgment so rendered to the Supreme Court of the State of California, and which said case was transferred to the said appellate and district court for decision; the said judges herein complained of, as the Justices of said District Court of Appeal, wilfully, corruptly, unlawfully and maliciously, and in violation of their oath and duties as such judges, rendered an opinion, judgment and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the said defendant attorneys therein, A. H. Ashley and George F. McNoble, were justified by the facts in believing, and the evidence showed, that the plaintiff in said case had committed the crime of subornation of perjury; and in prosecuting him for that crime, because a thief and perjurer, whom said defendants had feloniously hired to testify, had said that the plaintiff therein, as his attorney, had "talked over" with him what his evidence would be in the case of the *People vs. Ennis*, and in the absence of every material constituent of that crime—such as the incitement, persuasion, or procurement of false evidence, or that such evidence was false, or that the witness knew it was false, or that plaintiff knew it was false, or that plaintiff knew that the witness knew it was false, or that such alleged statement was material to any inquiry or matter under consideration; and when said crime or any of the elements thereof had not been committed, and when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such offense or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on the 15th day of March, 1911, by making, entering and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

2. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that because a thief and perjurer, whom said defendant attorneys in said case had feloniously hired to testify against plaintiff, a reputable citizen and an attorney at law as aforesaid, had testified that he had "talked over" his evidence with plaintiff who was his attorney, that the said defendants in said case were justified in causing the said plaintiff therein to be indicted by the grand jury for the crime of subornation of perjury, and in trying him for that offense before a trial jury in the Superior Court, and in intimidating and forcing said trial jury to bring in a verdict of guilty against its will, and in preventing the plaintiff therein from being admitted to bail pending his appeal from said verdict, so feloniously obtained, and the judgment entered thereon, and that plaintiff had no right of action or recourse whatsoever against said defendants for such felonious persecution and his imprisonment thereunder, and was not entitled to a decision on his said appeal to the effect that the evidence showed that he had committed no crime: but said judges wilfully, corruptly, maliciously and fraudulently held therein that all of said defendants' felonious and unlawful acts were just, proper, fair, lawful and not fraudulent; and that said defendants had a legal right to do all the aforesaid acts, and to believe from the facts and evidence in said case that plaintiff had committed the crime of subornation of perjury, when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such crime or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on the said 15th day of March, 1911, by making, entering and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

3. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the plaintiff therein was not entitled to judgment against the defendants in said case for damages sustained by reason of about nine months' imprisonment under and by virtue of a verdict which was obtained by said defendants in said case by feloniously intimidating and forcing the jury in its retirement to render a verdict of conviction against him, or for his loss of time, money and business occasioned by such unlawful imprisonment, and the shame and suffering

and indignity occasioned thereby, or any of the expenses incurred by plaintiff while so unlawfully and feloniously persecuted and imprisoned for the crime of subornation of perjury, when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such crime or any of the constituent elements thereof; and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on said 15th day of March, 1911, by making, entering and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

4. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the said defendant attorneys were justified in changing the charge in the indictment for subornation of perjury from the one investigated by the grand jury to the effect that the plaintiff therein "talked over" with his client what his evidence would be in the case of the *People vs. Ennis*, to a totally different charge that was not investigated by said grand jury, and which was to the effect that he (plaintiff) suborned the thief and perjurer Stennett to testify that he did not see Ennis at his house at a specified time, and that said defendants were justified in privately purchasing, and in using after so purchasing, the false testimony of thieves and perjurers and other criminals in their unlawful attempts to convict plaintiff therein, who was a reputable citizen and an attorney at law, of the aforesaid crime of subornation of perjury, which had not been committed, and which they then and there and at all times knew had not been committed; and said Justices then and there on said 15th day of March, 1911, by making, entering and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

5. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect the defendants in said case were justified in believing, and had reasonable cause to believe, that plaintiff had committed the crime of subornation of perjury and in prosecuting him therefor, because one of said defendant attorneys claimed that when a thief and perjurer, whom he had feloniously hired to testify against plaintiff, was on the stand as a witness he would wait for plaintiff to object, and seemed to gather from such objection something in line with his answer, and when said defendant attorney got between said thief and perjurer and the plaintiff he got more answers from him that were in accordance with his false statement that he made to the sheriff, and that was evidence that plaintiff committed the crime of subornation of perjury, and in consequence of the said perjurer's acts on the witness stand the said defendant attorneys were justified in believing, and had reasonable cause to believe, that plaintiff had committed the said crime of subornation of perjury, and in prosecuting him therefor, when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such crime or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on said 15th day of March, 1911, by making, entering and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

6. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was proper, right and lawful for said defendants to offer in evidence, and for said trial court to receive in evidence before the jury in said case, the false and perjured and *ex parte* statement of the thief and perjurer Stennett, made in the jail to the sheriff, which he admitted was false, and which the said defendants then and there and at all times knew to be false and perjured, for the purpose of proving that plaintiff had committed the crime of

subornation of perjury, and that by reason of such false statement of such thief and perjurer the defendants in said case had reason to believe that plaintiff had committed said crime, and were justified in prosecuting him therefor; and said Justices then and there on said 15th day of March, 1911, by making, entering and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

7. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was right, fair, proper and in accordance with law, and not fraudulent for said defendant attorneys and others to intimidate and force the trial jury in its retirement to bring in a verdict against its will to the effect that plaintiff was guilty of the infamous crime of subornation of perjury, when that was not their verdict; and that the defendants in said case were, in consequence of their aforesaid malicious and felonious acts, justified in believing, and had reasonable cause to believe, that plaintiff had committed the crime of subornation of perjury, and in prosecuting him therefor, when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such crime or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on said 15th day of March, 1911, by making, entering and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

8. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the trial court should have instructed the trial jury in said case that there was sufficient grounds and cause for the prosecution of plaintiff for the crime of subornation of perjury, when such crime or any of the elements thereof had not been committed, and when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such crime or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed, and when no evidence had been adduced at the trial of said case that tended to show that defendants had any grounds whatsoever for believing that such crime had been committed, or that plaintiff had committed it; and said Justices then and there on said 15th day of March, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

9. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the record in said case does not show clearly the evidence that was presented to the grand jury against plaintiff, but that it does appear that there was a sufficient showing before that body to constitute the basis for probable cause for the prosecution of plaintiff for the crime of subornation of perjury, when there was absolutely no evidence whatsoever before the grand jury that plaintiff had committed that crime or any of the constituent elements thereof, or that defendants had any knowledge or information that would justify them in believing that such crime had been committed or that plaintiff had committed it; and said Justices then and there on said 15th day of March, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

10. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court

of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the court was bound to assume that the indictment and trial of plaintiff on the charge of subornation of perjury were warranted by the facts, i. e., that plaintiff was guilty of that crime, and that defendants had the right to believe he was guilty, irrespective of the evidence adduced before the grand jury or before the trial court, when the evidence showed that there were absolutely no facts, circumstances or evidence upon which such assumption could be based, and said Justices then and there on said 15th day of March, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

11. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and the decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the facts upon which said prosecution of plaintiff for subornation of perjury was based were undisputed, and that in such case it was proper, right and lawful to submit the question of probable cause for such prosecution to the jury; and said Justices then and there on said 15th day of March, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

12. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the evidence in said case showed that there was no fraud, malice or improper conduct on the part of the defendants in prosecuting plaintiff for the crime of subornation of perjury, but that all their acts in purchasing the evidence of hog thieves and perjurers, in changing the charge investigated by the grand jury to an altogether different charge that was not investigated and inserting the same in the indictment, in concealing from the grand jury the fact that the only witness against plaintiff was a thief and perjurer and his evidence had been purchased by unlawful promises of immunity from crimes, in advising the said grand jury that it was subornation of perjury for plaintiff as an attorney at law to "talk over" with his client Stennett what his evidence would be in the case of the *People vs. Ennis*, in causing plaintiff to be arrested and tried under such fictitious indictment which had been feloniously changed as aforesaid, in intimidating and forcing the trial jury in its retirement to bring in a verdict of conviction against its will, in causing plaintiff to be sentenced to the penitentiary under such false and fictitious indictment and verdict and the judgment rendered thereon, in preventing plaintiff from being admitted to bail pending his appeal from the aforesaid fictitious verdict and the judgment rendered thereon, in claiming that plaintiff committed subornation of perjury by his objections and gestures, in trying to get plaintiff indicted for five crimes of felony upon the most absurd grounds, in falsely, maliciously and contrary to the rules of evidence accusing plaintiff before the trial jury and elsewhere of having committed several crimes of felony, were all fair, proper and lawful; and said Justices then and there on said 15th day of March, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

13. That in the same case and as a part of the same decision, and on the said 15th day of March, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was right, proper and lawful for the trial court to refuse to allow the grand jurors to testify as to

whether they consented to the change that the defendants made in the charge investigated to the one set forth in the indictment;

That it was right, proper and lawful for the defendant sheriff to summon the jury to try his own case;

That it was right, proper and lawful for the trial court to strike out the witness Royce's answer to the question: "Was that your verdict?" and then sustain the objection to the question after the answer was so stricken out;

That it was right, proper and lawful for the trial court to sustain defendant's objection to the following question asked of the witness Royce: "Did the foreman of that jury agree to it voluntarily?"

That it was right, proper and lawful for the trial court to sustain the defendant's objection to the following question asked of the witness Royce: "Did you and the foreman enter into any agreement in reference to that verdict in regard to getting out, and, if so, state what it was?"

That it was right, proper and lawful for the trial court to allow the defendant Ashley to answer leading questions on cross-examination in relation to matters not referred to in the direct examination.

That it was right, proper and lawful for the trial court to force the witness Dodge to relate on cross-examination all his private matters and conversations with Mrs. Stennett that had nothing to do with the case and that were not cross-examination.

That it was right, proper and lawful for the trial court to allow the defendant Ashley to harangue the jury and relate to them all his false, scandalous and malicious statements in answer to the question: "Because he can not deny it?" as found in the transcript at folios 1649-1657.

That it was right, proper and lawful for the trial court to refuse to give to the jury instructions numbers 2 to 31, and to give instructions numbers 28, 29 and 30, found at folios 1876 to 1907, and numbers 33 and 34.

And said Justices then and there on said 15th day of March, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

14. That certain of the defendants in the above named case announced some time during the month of June, 1910, when said action was pending in the Supreme Court of the State of California, that the same would not be heard by the court last named, but would be transferred to the said District Court of Appeal for decision, and thereafter on the 25th day of October, 1910, the said case was actually transferred to said District Court as previously stated by defendant, and that on or about the — day of November, 1910, the said defendant further announced to complainant and others that inasmuch as W. F. Sibley and George F. McNoble, who were friends of said judges, had been made parties defendant therein, the said judgment therein would be affirmed, and plaintiff deprived of all his rights thereunder, and that as soon as the remittitur came down he should levy upon certain of complainant's real property; and that thereafter, as previously stated, the case was decided and the judgment affirmed by the said District Court of Appeal in accordance with said previous announcement; and complainant believes, and therefore alleges upon such belief and all said previous announcements, that it was well understood between certain of said defendants and the said judges of said court, long prior to said decision, that the disposition of said case should be made, as stated by said defendant, irrespective of the merits thereof, and the same was decided irrespective of the merits or the errors pointed out in the record, many of which were wilfully, corruptly and fraudulently ignored and passed without notice.

II.

That in the case of *A. H. Carpenter*, plaintiff, vs. *A. H. Ashley, George F. McNoble et al.*, defendants, which was originally brought in the Superior Court of San Joaquin County for malicious prosecution, and in which judgment was rendered for defendants therein in said trial court, and plaintiff appealed from the judgment so rendered to the Supreme Court of the State of California, and which said case was transferred to the said District Court of Appeal for decision, and of which said last named court had then and there jurisdiction, the said judges herein complained of, as the Justices of said District Court of Appeal, wilfully, corruptly, unlawfully and maliciously, and in violation of their oath and duties as such judges, rendered an opinion, judgment and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the defendants in said case were justified in believing, and had a legal right to believe, that the plaintiff therein had committed the crime of perjury; and in prosecuting him thereof, because he had testified on cross-examination in the case of *McGorray vs. Robinson*, then on trial in the Superior Court of said San Joaquin County; that it was his impression that he sent a certain deed to Rochester, N. Y., when such deed had been duly executed, delivered and recorded,

and the title to the realty therein had passed thereunder or under a previous deed of the same property between the same parties, and it was entirely immaterial what became of it afterward, and when neither the execution or delivery of said deed was in issue at said trial, and when said deed was admitted by the pleadings in said case on trial to have been duly executed, delivered and recorded and the title to the realty therein to have passed thereunder, and when said testimony was wholly immaterial and without the issues, and when it further appeared from the record in said case on trial that the deed referred to was the second deed that had passed between the same parties for the same property, and had been given for the sole purpose of completing the title of record (the first deed having been lost before it was recorded), and that plaintiff was merely mistaken as to the identity of the deed sent (the first deed having been found and sent to Rochester instead of the second one), all of which said facts were well known to said defendants long before they instituted said criminal prosecution against plaintiff for perjury, and all appeared in the record before said appellate court in said case, when such crime or any of the elements thereof had not been committed, and when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such crime or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on the 23d day of February, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in this and other states, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

2. That in the same case and as a part of the same decision, and on the said 23d day of February, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that defendants in said case were justified in believing, and had a legal right to believe, that plaintiff had committed the crime of perjury, and in prosecuting him therefor, because he had testified at the trial of the case of *McGorray vs. Robinson* that it was his impression that he sent a certain deed to Rochester, when none of the constituent elements of that crime existed—such as that the testimony was false; that the witness knew it was false; that it was contrary to the oath administered in said case; that it was intentionally false and detrimental to some one, or that it was material to the issues then under consideration in said case, when such crime or any of the elements thereof had not been committed, and when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such offense or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on said 23d day of February, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

3. That in the same case and as a part of the same decision, and on the said 23d day of February, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that defendants in said case were justified in believing, and had a legal right to believe, that plaintiff had committed the crime of perjury, and in prosecuting him therefor, because plaintiff testified in the case of *McGorray vs. Robinson* that it was his impression that he sent a certain deed to Rochester, when said deed had been duly executed, delivered and recorded, and when it was immaterial what became of it, the title to the land therein described having passed to the grantee; and when the pleadings in said case of *McGorray vs. Robinson* admitted that said deed had been duly executed, delivered and recorded, and for that reason also it was immaterial what became of it, and when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such offense or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on said 23d day of February, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

4. That in the same case and as a part of the same decision, and on the said

23d day of February, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that when plaintiff testified in the said case of *McGorray vs. Robinson* that it was his impression that he sent said deed to Rochester, and when such testimony was wholly immaterial to the issues raised in said case for the reasons herein stated, he committed the crime of perjury, and the records tend to show that he committed that crime, and defendants therefore had a legal right to believe from such testimony and facts that plaintiff had committed such crime of perjury, and that they were justified in prosecuting him therefor, when such crime or any of the elements thereof had not been committed, and when said defendants had no evidence or information whatsoever that tended to show that plaintiff had committed such offense or any of the constituent elements thereof, and no proof, knowledge or information that the *corpus delicti* had been committed; and said Justices then and there on said 23d day of February, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

5. That in the same case and as a part of the same decision, and on the said 23d day of February, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the evidence given by plaintiff in said case of *McGorray vs. Robinson* to the effect that it was his impression that he sent a certain deed to Rochester, which had been duly executed, delivered and recorded, and which said execution, delivery and recordation were admitted by the pleadings in said case of *McGorray vs. Robinson*, was material to the issues in said last named case, when such evidence was entirely immaterial and without the issues in said case; and the said Justices then and there on said 23d day of February, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts in the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

6. That in the same case and as a part of the same decision, and on the said 23d day of February, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was right, proper and lawful for the defendants in said case to change the charge that was investigated by the grand jury and an indictment ordered, to the one that said defendants corruptly and maliciously set forth in the indictment under which plaintiff was tried for perjury and which was not investigated by the grand jury—such change having been made without the knowledge or consent of said grand jury, when such act in making such change was not only unlawful, but fraudulent and felonious; and said Justices then and there on said 23d day of February, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts of the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

7. That in the same case and as a part of the same decision, and on the said 23d day of February, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the defendants in said case had probable cause for believing that plaintiff's said testimony in the case of *McGorray vs. Robinson* to the effect that it was his impression that he sent a certain deed to Rochester, which said deed had been duly executed, delivered and recorded, was material to the issues involved in said case last named, and that the same was false, and that there were (unspecified) inconsistencies in plaintiff's said testimony, given at said trial, which justified said defendants in believing that plaintiff's evidence was wilfully false and perjurious; and then said judges corruptly, maliciously and unlawfully held—not upon any statement, fact or testimony found in the record, that

defendants believed that plaintiff's said evidence was wilfully false, and that he thereby committed perjury (which said findings of said judges were wilfully false, malicious and fraudulent), and therefore it was said defendants' duty to prosecute plaintiff for that crime; and said Justices then and there on said 23d day of February, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts of the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

8. That in the same case and as a part of the same decision, and on the said 23d day of February, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was right, proper and lawful for the defendants in said case to change the charge investigated by the grand jury and for which an indictment had been ordered against plaintiff to an altogether different charge that had not been investigated by said grand jury and for which alleged offense no indictment had been ordered, and then inserting the same in the indictment against plaintiff without said grand jury's knowledge or consent.

That there was an issue in said case of *McGorray vs. Robinson* as to the delivery of said deed which plaintiff thought he sent to Rochester, and that plaintiff's evidence related to the delivery of said deed and not to its disposition after it became *functus officio*.

That it was not necessary for the defendants to show that they believed the charge of perjury against plaintiff was true to justify them in prosecuting him for that crime.

That it was right, proper and lawful for the trial court to admit in evidence the transcript of the testimony of F. Eshback given at the trial of the case of *McGorray vs. Robinson*.

That the defendants acted in good faith, when the record shows that every act in the prosecution of plaintiff for the crime of perjury was wilfully corrupt, malicious, fraudulent, and some of their acts were felonious; and said Justices then and there on said 23d day of February, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts of the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

III.

That in the case of *A. H. Carpenter*, plaintiff, vs. *A. H. Ashley*, defendant, which was originally brought in the Superior Court of San Joaquin County, for slander, and in which judgment was rendered for the defendant therein in said trial court, and in which plaintiff appealed from the judgment so rendered to the Supreme Court of the State of California, and which said case was transferred to the said District Court of Appeal for decision, and of which said last named court had then and there jurisdiction, the said judges herein complained of, as the Justices of said District Court of Appeal, wilfully, corruptly, unlawfully and maliciously, and in violation of their oath and duties as such judges, rendered an opinion, judgment and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that said defendant did not admit that he spoke and published of and concerning the plaintiff the libelous words complained of in said action, when the record shows that he did make such admissions; and that, in the face of such admissions, there was evidence to support the verdict and the judgment rendered thereon, when the record shows that there was absolutely no evidence to support either said verdict or judgment in said action, and when defendant made no attempt to prove the truth of his slanderous words, and the records showed and the law presumed the words were maliciously spoken and published; and said Justices then and there on the 24th day of May, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts of the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

2. That in the same case and as a part of the same decision, and on the said 24th day of May, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was right, proper and lawful for the defendant in said action to claim at the second trial thereof that

the said slanderous words set forth in said complaint were privileged, and for the trial court to instruct the jury at said trial in said case that the defendant still claims that such words were privileged, and then to give other instructions to the effect that such slanderous words uttered by a district attorney (and defendant was district attorney at the time the said slanderous words were published by him) in the discharge of his duty were privileged and not slanderous, and could not be made the basis of a civil action, when the Supreme Court had held on a previous trial of said case, that such slanderous words were not privileged; and said Justices then and there on said 24th day of May, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts of the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

3. That in the same case and as a part of the same decision, and on the said 24th day of May, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was right, proper and lawful for the defendant to recover from plaintiff the sum of one hundred dollars for counsel fees in such action, in his claim for costs and disbursements filed in said case subsequent to the entry of the judgment therein, when the Supreme Court of the State of California has frequently decided that such attorney's fees can not be recovered in such cost bill, and especially when not claimed in the answer or awarded in the judgment; and said Justices then and there on said 24th day of May, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts of the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

4. That in the same case and as a part of the same decision, and on the said 24th day of May, 1911, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was right, proper and lawful for the defendant in said action to claim that said slanderous words were privileged, and for the trial court to give to the jury instructions numbers 31, 32 and 33, which were to the effect that such slanderous words were privileged, which said instructions were a positive and direct violation of the law of the case as laid down by the Supreme Court in the case of *Carpenter vs. Ashley*, 148 Cal. 422.

That it was right, proper and lawful for the trial court to admit in evidence on cross-examination of the witness Carpenter, and against the objection of plaintiff, a fictitious indictment that had long prior thereto been dismissed and set aside.

That it was right, proper and lawful for the trial court to admit in evidence the transcript of the testimony of Anna Stennett, given at the trial of Ennis, when said witness was not dead or out of the jurisdiction of the trial court.

That it was right, proper and lawful for the trial court to force the witness Haynes to answer many questions on cross-examination that in no way referred to the matters brought out on the direct examination.

That it was right, proper and lawful for the trial court to refuse to allow the witnesses Royce and Hanks to testify as to what they had heard the defendant say of and concerning the plaintiff, when such evidence was admissible as a declaration or admission of the defendant and to show malice.

That it was right, proper and lawful for the trial court to admit in evidence the colloquy that took place at the time the slanderous words were spoken when offered by the defendant, and to exclude the same evidence when offered by the plaintiff.

That it was right, proper and lawful for the trial court to refuse to allow the defendant to answer the question as to whether he had told the witness Hanks that he would send plaintiff to the penitentiary; and the said Justices then and there on said 24th day of May, 1911, by making and filing such decision on appeal in said case, as aforesaid, corruptly, maliciously, fraudulently, and contrary to law and the precedents established by the highest courts of the land, affirmed the judgment of the trial court for the corrupt and unlawful purposes hereinbefore specifically averred.

IV.

That in the case of *R. W. Van Valkinbergh*, plaintiff, vs. *D. A. Oldham, Cynthia A. Blackburn et al.*, defendants, which was originally brought in the Superior Court of said San Joaquin County to foreclose a mortgage on the home of the defendant Blackburn, who was a poor widow and in needy circumstances, and in which case judgment was rendered for the plaintiff and against said defendant Blackburn foreclosing said mortgage and ordering a sale of her said home, and in which said case

the said defendant widow appealed to the Supreme Court of the State of California, from the judgment so entered, and which said appeal was transferred to said District Court of Appeal for decision, and of which said case the said last named court then and there had jurisdiction, the said judges herein complained of, as the Justices of the said District Court of Appeal, Third District, wilfully, corruptly, unlawfully, maliciously, and in violation of their oath and duties as such judges, rendered an opinion, judgment and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that when the plaintiff as the representative of a rich corporation got this poor widow in the back office with his two attorneys and there forced her by his own threats and the threats of his said attorneys to give him a mortgage on her home for a debt not her own, when she was in a weak, nervous, worried, scared, hysterical condition and wept so that she could hardly see, and did not know what she was doing, and her knees almost gave way and she could hardly walk, and then and there threatened her with long litigation and the loss of her only home if she did not sign the document prepared for her, and falsely told her that the signing of the instrument was a mere form, and that another party would pay the debt and hold her harmless therefrom, and then and there deceived her as to the nature of the document she was to sign, and threatened and deceived her in many other ways and particulars not herein specified, and refused to allow her to see anybody or get independent advice as to what she should do in the matter—that all the foregoing (and many other) acts of fraud, menace, deceit, force and undue influence on the part of said representative of said corporation whereby said poor widow was robbed of her only home, were perfectly right, proper, lawful, equitable, not opposed to good morals, legitimate business methods or any mandate of the statute; and the said judges then and there on the 8th day of February, 1910, made and filed such decision on appeal in said case, and thereby unlawfully affirmed the judgment of the trial court therein, irrespective of the law or the merits of the case, for the corrupt, malicious and dishonest purpose of aiding the said rich and influential corporation and of oppressing the poor and needy widow, and incidentally to defeat and injure the complainant herein as the attorney for said appellant.

2. That in the same case and as a part of the same decision, and on the 8th day of February, 1910, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the aforesaid mortgage that was obtained through fraud, force, menace, deceit and undue influence, and which the said appellant was not conscious of ever making, was delivered to the said plaintiff, when the only evidence in relation thereto was given by the said defendant Blackburn to the effect that she never did deliver such instrument to plaintiff or to any one else, and further decided that under such circumstances the alleged mortgage was a good and valid instrument and binding upon the party who did not deliver it and never consented to its delivery; and the said judges then and there on said 8th day of February, 1910, made and filed such decision on appeal in said case, and thereby unlawfully affirmed the judgment of the trial court therein, irrespective of the law or the merits of the case, for the corrupt, malicious and dishonest purpose of aiding the said rich and influential corporation and of oppressing the said poor and needy widow, and incidentally to defeat and injure the complainant herein as the attorney for the said appellant.

3. That in the same case and as a part of the same decision, and on the 8th day of February, 1910, the said judges, as the Justices of the said District Court of Appeal, wilfully, corruptly, maliciously, and contrary to law and the precedents established by the highest courts of this and other states, and in violation of their oath and duties as such judges, rendered a judgment, opinion and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that the presumption of the delivery of the said mortgage, obtained as hereinbefore specified, prevailed against positive evidence to the contrary.

That there was no deceit, fraud or undue influence in any of the said acts of plaintiff or his attorneys in securing said alleged mortgage, and that the defendant Blackburn executed the same voluntarily, when the entire record shows that such decision was false and not justified by the evidence in said case.

That a fraudulent guaranty, alleged to have been obtained by said corporation from said widow, of Price & Oldham's bills covered the bills of Price & Perkins; and the said judges then and there on said 8th day of February, 1910, made and filed such decision on appeal in said case, and thereby unlawfully affirmed the judgment of the trial court therein, irrespective of the law or the merits of the case, for the corrupt, malicious and dishonest purpose of aiding the said rich and influential corporation and of oppressing the said poor and needy widow, and incidentally to defeat and injure the complainant herein as the attorney for the said appellant.

V.

That in the case of *John Loeffler*, plaintiff, vs. *W. H. Wright et al.*, defendants, which was brought in the Superior Court of the county of Contra Costa, State of California, and wherein the plaintiff had filed his second amended complaint under the permission of the court, the demurrer thereto was sustained by said trial court without leave to amend, and the plaintiff thereupon appealed to the Supreme Court of the State of California from the judgment entered upon the sustaining of such demurrer; and the case so appealed was transferred to the said District Court of Appeal for decision, and by reason of such transfer the said last named court had jurisdiction to determine and decide such action on said appeal. That said action was equitable in its nature, and the complaint alleged in substance, among other things, that in consideration of the payment by plaintiff of the sum of twenty-nine hundred dollars, acknowledged to have been received by certain defendant owners, the said owners agreed in writing with plaintiff to give him a lease of one hundred acres of land in the Jersey Island Tract, and also to give him the option and privilege of buying the same within a term of years specified in said lease; and that said defendants after receiving said consideration as aforesaid delayed and postponed the execution and delivery to plaintiff of said option and lease for the purpose of defrauding him out of said money, lease and option to buy until they had conveyed said land and premises, so to be leased and sold to plaintiff, to one of the defendants in said action, without plaintiff's knowledge or consent, under a fraudulent and void trust deed for \$100,000, and then, after said lease and option had been executed and delivered to plaintiff they refused to give him the possession of more than forty acres of the land so leased, and shortly thereafter fraudulently deprived plaintiff of the possession of the said forty acres, which he occupied under said lease, and all his personal property and machinery located and used thereon in his business as a manufacturer; and that said defendants were impecunious and they had given notice that said trust deed, so fraudulently given upon said land so leased to plaintiff, was to be foreclosed and the property sold, and that such foreclosure, sale and disposition were to be made, as plaintiff alleged for the purpose of defrauding him out of his said money, lease, option, damages to his machinery and personal property and a judgment which was set forth in said complaint, and thereby rendering themselves execution proof, and plaintiff prayed therein for an injunction enjoining the sale of said realty under said trust deed, and that said lease and option to purchase be declared valid, and that he have judgment against defendants for the damages sustained by reason of the acts in said complaint set forth; and the said judges corruptly and dishonestly held in their disposition of the case that such stupendous frauds as were set forth in said complaint, whereby certain defendants were robbing and attempting to rob plaintiff out of many thousand dollars, were legitimate and lawful, and that plaintiff had no recourse in a court of equity against defendants for committing such fraudulent acts, and that it was right, proper and lawful for the trial court, sitting as a court of equity, to sustain defendants' said demurrer without giving plaintiff leave to amend, and thereby corruptly deprive plaintiff of his property rights; and the said judges then and there on the 14th day of April, 1910, made and filed such decision on appeal in said case, and thereby unlawfully affirmed the judgment of the trial court, irrespective of the law or the merits of the case, for the corrupt and dishonest purpose of aiding the influential and unscrupulous schemers and oppressing the poor, and incidentally to defeat and injure the complainant herein as the attorney for the said appellant.

VI.

That in the case of *Edward J. Matteson et al.*, plaintiffs, vs. *Southern Pacific Company*, defendant, which was originally brought in the Superior Court of the said San Joaquin County, to recover damages sustained by them by reason of the death of their mother, Mrs. Catherine Matteson, which was caused by the defendant's negligence in backing one of its trains upon her, in the night time, as it was backing across one of the streets of the city of Stockton, upon which Mrs. Matteson was then walking, without said defendant taking any of the precautions required by law, judgment was rendered for defendant in said trial court, and plaintiffs appealed therefrom to the Supreme Court of the State of California, and which said appeal was transferred to the said District Court of Appeal, Third District, for decision, and of which said case the said court last named then and there had jurisdiction, the said judges herein complained of, as the Justices of the said District Court of Appeal, wilfully, corruptly, unlawfully, maliciously, and in violation of their oath and duties as such judges, rendered an opinion, judgment and decision in said case on appeal which was wrong, corrupt, fraudulent and unlawful, and which they then and there and at all times knew to be wrong, corrupt, fraudulent and unlawful, and which was in part and substance to the effect that it was not negligence for said defendant to back its trains over and across a public street of the populous city of Stockton, in the night time, without having a man stationed where he could see the rails in the direction in which the train was to move, upon whose signal, that the line was clear, the engineer should have acted," and especially when said train had just moved forward over the same street as though going to the next station; and the said Justices then and there further corruptly and unlawfully decided that it was right

and proper and lawful for the defendant to kill Mrs. Matteson in that way, and for the trial court to instruct the jury "that no damages can be given to * * * plaintiffs for the loss of society of the deceased * * * or for the loss of her comfort or protection" under such circumstances; and the said judges then and there wilfully and deliberately ignored the fact that Mrs. Matteson was killed by defendant's train as it backed over a street of said city in the night time, and the law relating thereto, and in their opinion therein they attempted to apply the law upon the false theory that she was killed by a visible train moving forward in the day time; and the said judges then and there on the 28th day of August, 1907, made and filed such decision on appeal in said case, and thereby unlawfully affirmed the judgment of the trial court therein, irrespective of the law or the merits of the case, for the corrupt, malicious and dishonest purpose of aiding the said rich and influential railway company and of oppressing the poor, and incidentally to defeat and injure the complainant herein as the attorney for said appellants.

VII.

That the truth of all the aforesaid allegations, with one exception, can be easily ascertained by an examination of the files and records of the cases herein referred to in the office of the Clerk of the said District Court of Appeal of the State of California in and for the Third District; and as the decisions in said cases have now become final, and as some of them reflect upon the honor, integrity and reputation of the complainant herein and have unlawfully deprived him of his property rights and rights to personal liberty, and as there is no remedy for such wrongs, except an appeal of this character: He therefore prays that this Honorable Assembly will pass a resolution impeaching the said N. P. Chipman, Albert G. Burnett, and Elijah C. Hart, as judges of the said District Court of Appeal, for their corrupt judicial acts and misdemeanors in office, a portion of which are herein set forth, and that such other and further action may be taken herein as to this Honorable Assembly may seem just and equitable.

SACRAMENTO, CAL., December 11, 1911.

HON. A. H. HEWITT, *Speaker of the Assembly, Sacramento, Cal.*

DEAR SIR: We have been informed that one A. H. Carpenter, an attorney at law, of Stockton, California, has submitted to you in your official capacity as Speaker of the Assembly, a sworn statement in which he charges that the judges of the District Court of Appeal for the Third District have "wilfully, corruptly, maliciously and fraudulently rendered judgments in the following cases that were lawfully before them for decision on appeal" and which judgments the said judges "knew were wrong, corrupt, unlawful and fraudulent." In support of his statement, and not otherwise, he refers to the papers and records in the several cases and prays that his charges be investigated by the Legislature.

If these charges are not true Carpenter is guilty of criminal libel and is also guilty of wilful perjury, and should be in the state prison instead of practicing law. If the charges are true, the judges accused should be broken of their office as quickly as legal machinery can be made to do so.

The cases referred to are as follows:

Matteson vs. S. P. R. R. Co., decided August 28, 1907; reported in 6 Cal. App. Rep., 318.

Van Valkinberg vs. Oldham, decided February 8, 1910; reported in 12 Cal. App. Rep., 572.

Leoffer vs. Wright, decided April 14, 1910; reported in 13 Cal. App. Rep. 224.

Carpenter vs. Ashley, decided February 23, 1911; reported in 15 Cal. App. Rep., 461.

Carpenter vs. Sibley, decided March 15, 1911; reported in 15 Cal. App. Rep., 589.

Carpenter vs. Ashley, decided May 24, 1911; reported in 12 Cal. App. Rep., 743.

In every one of these cases the accused appellate judges affirmed the judgment of the lower court, where the causes were tried, and in every one of the cases a petition for rehearing in the Supreme Court was denied. The records, therefore, show that the judgments had the sanction of the trial judge, of the three accused appellate judges, and of seven of the judges of the Supreme Court.

The cases came up on printed records and were disposed of, as in other cases, on what the records contained, and it is on the records alone, so far as is known, that the Legislature is asked to make an investigation—that is, to constitute itself a court of review to determine whether the trial court, the appellate court and the Supreme Court—eleven judges in all—have, on the face of the records, shown themselves to be guilty of corruption in office.

We respectfully request that Carpenter be cited to appear before an appropriate committee of your body and to bring forward the evidence, if any he may have, in support of his very grave, and, what we denounce as wholly unwarranted, charges.

Very truly yours,

N. P. CHIPMAN.
ALBERT G. BURNETT.
E. C. HART.

MOTION.

Mr. Slater moved that the address of Mr. Bennink, on Assembly Joint Resolution No. 3, be printed in the Journal of to-day.

Motion carried.

ADDRESS BY MR. BENNINK.

Mr. Speaker and Members of the Assembly: This resolution I present at the request of the Grand Army of the Republic of the Department of California and Nevada. The legislatures of twenty-seven states of the Union have endorsed practically the same resolution.

Mr. Speaker and Members of the Assembly: Once a year, from ocean to ocean, sounds the tread of marching feet as thousands—the survivors of that great conflict through which this nation passed on to higher freedom—hasten to lay with faithful hands the buds and flowers which serve as a memorial of that great strife. Comrade and brother, joined in the mighty phalanx, which, year by year, is lessened by time's strong hand, go forth to perform a duty that is simple, yet sacred. In the ranks are those who fought that fight, some coming forth unscathed, while others shall suffer while life endures from wounds received and sickness contracted in the great campaigns; but they made history, history that is fadeless, and though the swing of the tread that hastened them on to victory has lost its old time vigor, its cadence, yet sounding through the land, recalls memories of sad farewells that were spoken in nearly all households in this broad land. And to-day—aye, day by day—one hundred of those comrades are marching on with feeble, faltering step to the bank of that river, that silent river, whose current flows but one way, and are met at last by that "Reaper" we call "Death," but who I think should more often be called the "Angel" of a better life. And standing but an instant on the bank of that silent river, they look beyond to that "bourne from which no traveler ever returns."

And now, the surviving comrades of those men ask the Legislature of the State of California that you will request of our members in the halls of national legislation that they will use their vote and influence in support of the "Sulloway Bill," a bill which asks so little for men who gave so much, and which will smooth their pathway in the journey of life which is so rapidly nearing its end. For all he was, for all he dared, remember him in this his request to-day.

RECESS.

At ten o'clock and fifty minutes A. M., on motion of Mr. Bohnett, the Assembly was declared at recess until three o'clock P. M. of this day.

REASSEMBLED.

At three o'clock P. M. the Assembly reconvened.

Vote necessary for election.

(20) In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast for all the candidates for that office, shall be declared elected; in case there are two or more persons to be elected to an office, as that of councilman or school director, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected; *provided, however*, that no person shall be declared elected to any office at such first election unless the number of votes received by him shall be greater than one half the number of ballots cast at such election.

Second election.

(21) If at any election held as above provided there be any office to which the required number of persons was not elected, then as to such office the said first election shall be considered to have been a primary election for the nomination of candidates, and a second election shall be held to fill said office. The candidates not elected at such first election, equal in number to twice the number to be elected to any given office, or less if so there be, who receive the highest number of votes for the respective offices at such first election, shall be the only candidates at such second election; *provided*, that if there be any person, who, under the provisions of this subdivision, would have been entitled to become a candidate for any office except for the fact that some other candidate received an equal number of votes therefor, then all such persons receiving such equal number of votes shall likewise become candidates for such office. The candidates equal in number to the persons to be elected who shall receive the highest number of votes at such second election shall be declared elected to such office.

General election regulations.

(25) The provisions of the State law relating to the qualifications of electors, the manner of voting, the duties of election officers, the canvassing of returns, and all other particulars in respect to the management of elections, so far as they may be applicable, shall govern all municipal elections; *provided*, that the council shall meet as a canvassing board and duly canvass the election returns within four days after any municipal election.

The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission as the council may deem advisable. For this purpose the council shall provide that, from the money collected from the annual tax levy and from money received from other sources, a sum equal to not less than five cents on each one hundred dollars of the assessed value of said property shall be placed in such fund until the accumulated amount in such fund shall be sufficient to meet all legal demands against the treasury for the first four months or other necessary period of the succeeding fiscal year.

The council shall have power to transfer from such cash basis fund to any other fund or funds such sum or sums as may be required for the purpose of placing such fund or funds, as nearly as possible, on a cash basis. After such examination he shall approve or reject the claim in whole or in part and indorse on such demand his approval or rejection over his signature, together with the date thereof. If it is approved, the fund out of which it is to be paid shall be designated. If it is not

approved, unless the party presenting it is willing to take in full for the entire demand the sum offered, the auditor shall reject it and return it, with his reasons for rejection, to the body which originally authorized it; then, if it is allowed by a four-fifths vote of the entire body authorizing it, it shall be audited in the same manner as if it had not been rejected, provided the body had the authority to make the expenditure out of which the claim arose.

Contents of claims.

(3) No demand upon the city treasury shall be considered, presented for action or acted upon, allowed or approved, unless it specifies on its face each several item composing it, and the amount and date thereof, nor unless the same be verified by the oath of the claimant, or some one in his behalf. Every demand on any fund shall be numbered and acted upon by the auditor in the order of its presentation to him; and when allowed either in whole or in part, the warrant therefor shall be numbered and entitled to payment out of said fund in the same order as allowed.

Deductions and limitations.

(4) No demand upon the treasury shall be allowed by the auditor, in favor of any officer, or other person, or any firm, company, or corporation, or his or its assigns, who is in any manner indebted to the city, without first deducting therefrom the amount of such indebtedness; nor in favor of any officer or other person, or his assigns, having the collection, care, custody or control of public funds, unless the accounts of such officer or other person have been presented, passed, approved, and allowed as is or may be required by law; nor in favor of any officer or other person, or his assigns, who has neglected to make any oath required by law or ordinance, or other regulation of the city council; nor in favor of any officer, or his assigns, who has failed, to the knowledge of the auditor, to do any duty imposed upon him by law or ordinance, or other regulation of the city council.

He shall charge the treasurer with the amount received. It shall be his duty to apportion among the several funds all public money at any time in the city treasury, not by law or ordinance specifically apportioned, and forthwith notify the treasurer of such apportionment.

Entitled to information.

(6) The auditor shall have the right to require from the different departments, boards and offices, all the information which they possess, and to inspect any book, contract, resolution, or other paper or document in the respective departments, boards or offices; and it is hereby made the duty of all such departments, boards and offices, to furnish the information and permit the inspection when required by the auditor. He shall perform such other duties as may be required of him by law or ordinance.

SEC. 86. Every official, agent or employee collecting or receiving moneys belonging to or for the use of the city shall settle for the same with the auditor on or before the first Monday of each month, or at more frequent intervals as may be directed by the council, and immediately pay all the same into the city treasury; on the order of the auditor. No payment of salary or wages shall be made to any officer, agent or employee who shall be in receipt of moneys payable to the city, until he shall have taken and filed with the auditor his affidavit that he has paid into the city treasury all such moneys theretofore by him received or collected. The council may, in its discretion, provide for the deposit of city moneys in local banks.

Money to meet warrants.

SEC. 87. When the running expenses of the city have been placed on a cash basis, and the fact so determined by the council, warrants payable on demand shall not be drawn upon the treasurer, or against any funds in his hands, only when at the time of the drawing and issuing of such warrants there shall be sufficient money in the appropriate fund in the treasury to pay said warrants.

Such notice shall distinctly and specifically state the work contemplated to be done; *provided, however*, the council may reject any and all bids, and may readvertise for bids, or provide for the work to be done by the department of public works. Upon the franchise being awarded, all deposits made by unsuccessful bidders shall be returned. The deposit of the successful bidder shall be retained until the filing and approval of the surety bond hereinafter provided for, whereupon the remainder of such deposit, after the payment therefrom of all expenses incurred by the city in connection with the advertising and awarding of such franchise, shall be returned.

Free competition in bidding.

(5) No clause or condition of any kind shall be inserted in any franchise or grant offered or sold under the terms of this article which shall directly or indirectly restrict free and open competition in bidding therefor, and no clause or provision shall be inserted in any franchise offered for sale which shall in any wise favor one person, firm or corporation as against another in bidding for the purchase thereof.

Bond.

(6) The successful bidder for any franchise or privilege awarded under this article shall file a bond running to the city to be approved by the council, in the penal sum by it to be prescribed and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe and faithfully perform each and every term and condition of such franchise and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and surety upon such bond. Right of city to assume ownership.

SEC. 130. Every ordinance granting any franchise shall provide that at the expiration of the period for which the franchise was granted, or at any time before as stated in the ordinance, the city, at its election and upon the payment of a fair

valuation therefor to be made in the manner provided in the ordinance making the grant, may purchase and take over to itself the property and plant of the grantee in its entirety, but in no case shall the value of the franchise of the grantee be considered or taken into account in fixing such valuation. Or it may be provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which the franchise was granted, become the property of the city, without any compensation to the grantee.

Every ordinance granting any franchise or privilege shall provide for the termination and forfeiture thereof for any breach or failure to comply with any of the terms, limitations or conditions thereof, and in all such cases the council shall have power to declare the termination and forfeiture of any such franchise or privilege, the same as though in each instance such power was expressly reserved.

No exclusive use of water front tracks.

SEC. 138. No exclusive franchise, right or privilege shall ever be granted by the city or council in, upon or along the water front; but any franchise, right or permit for a railroad track in, over or along the water front shall be subject to the right of any other railroad or railroads to use the same upon payment of a reasonable compensation.

Franchise not in use forfeited.

Provisions of section six apply.

(2) The provisions of Section 6 of Article II respecting the forms and conditions of the petition and the mode of verification and certification and filing shall be substantially followed, with such modification as the nature of the case requires.

Twenty per cent petition.

(3) If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, and contain a request that said ordinance be submitted forthwith to the vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition, subject to a referendary vote, under the provisions of Article XIII of this charter; or

(b) Within thirty days after the clerk shall have attached to the petition accompanying such ordinance his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance without alteration shall be submitted to a vote of the people.

Ten per cent petition.

(4) If the petition be signed by electors equal in number to at least ten, but less than twenty, per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, and said ordinance be not passed by the council as provided in the preceding subdivision, then such ordinance, without alteration, shall be submitted by the council to a vote of the people at the next general municipal election that shall occur at any time after thirty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

Publication of popular ordinance.

(5) Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election either (a) the council shall cause the ordinance or proposition to be printed and it shall be the duty of the clerk to enclose a printed copy thereof in an envelope with a sample ballot and mail the same to each voter, at least three days prior to the election, or (b) the council may order such ordinance or proposition to be printed in a daily newspaper of general circulation of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballots as first above provided.

Election.

(6) The ballots used when voting upon such proposed ordinance shall contain the words "For the Ordinance" (setting forth in full the title thereof and stating the general nature of the proposed ordinance) and "Against the Ordinance" (setting forth in full the title thereof and stating the general nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city.

An ordinance proposed by petition, or adopted by a vote of the people, can not be repealed or amended except by a vote of the people.

Further regulations.

(10) The council may, by ordinance, make such further regulations as may be necessary to carry out the provisions of this section, and to adapt the provisions of Section 6 of Article II thereto.

Petition, selection, procedure, effect.

SEC. 147. If at any time within thirty days from and after the final passage of an ordinance a petition signed by qualified electors of the city equal in number to at least ten per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, protesting against the passage of such ordinance, be presented to the council, such ordinance shall thereupon be suspended from going into effect or operation, and it shall be the duty of the council to reconsider such ordinance, and if upon such reconsideration the ordinance be not entirely repealed, the council shall submit the ordinance, as provided in Article XII of this charter to the vote of the electors of the city, either at the next general municipal election or at a special election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. The provisions of Section 6 of Article II respecting the forms and conditions of the said petition and the mode of verification and filing shall be substantially followed, with such modifications as the nature of the case requires.

Reference of measures to popular vote.

SEC. 148. Any ordinance or measure that the council or the qualified electors of the city shall have authority to enact, the council may of its own motion submit to the electors for adoption or rejection at a general or special municipal election, in the same manner and with the same force and effect as is provided in this charter for ordinances or measures submitted on petition. At any special election called under the provisions of this charter, there shall be no bar to the submission of other questions to a vote of the electors in addition to the ordinances or measures herein provided for, if said other questions are such as may be legally submitted at such election. If the provisions of two or more measures approved or adopted at the same election conflict, then the measure receiving the highest affirmative vote shall control.

If all the bids are rejected, the city commission shall return all the checks to the proper parties and may again invite sealed proposals as in the first instance. The check accompanying the accepted bid shall be held by the city clerk until the contract for doing said work, as hereinafter provided, has been entered into, and the bond accompanying the same, as hereinafter provided, is approved and filed, whereupon said certified check shall be returned to said bidder. Bonds.

SEC. 103. At the same time with the execution of the contract the contractor shall execute to the city and deliver to the auditor a bond in the form named in the notice for proposals, conditioned for the faithful performance of the contract, with sureties to be approved by the city commission, or shall deposit with the auditor a certified check upon some solvent bank for the amount named in said bond. No individual shall be accepted as a surety upon such bond unless he be a taxpayer, paying taxes upon property situate within the city not exempt from execution or subject to homestead claim, the assessed value of which over and above all encumbrances is equal in amount to his liabilities on all bonds on which he may be surety to the city, and each surety shall certify and make an affidavit (for which a form shall be printed upon said bond), signed by him, that he is assessed upon the last assessment roll of the city, in his own name, for property in an amount greater than his liabilities on all bonds on which he is surety to the city, and that the taxes on such property so assessed are not delinquent. The contract shall specify the time within which the work shall be commenced and when to be completed, as was specified in the notice inviting proposals therefor. The city commission may extend said time, but in no event shall the time for the performance of any contract be extended for more than ninety days beyond the time originally fixed for its completion, except by the unanimous vote of the city commission. In case of failure on the part of the contractor to complete his contract within the time fixed in the contract, or within such extension of said time as herein provided for, the contract shall by that fact be terminated and the city commission shall not thereafter pay or allow him any further compensation for any work done by him under said contract; and the city commission may proceed to complete such contract either by reletting or otherwise, and the contractor and his bondsmen shall be liable to the city for all loss or damage which it may suffer on account of his failure to complete his contract within such time.

Progressive payments on contracts.

SEC. 104. Any contract may provide for progressive payments, if in the ordinance or resolution authorizing or ordering the work permission is given for such contract. But no progressive payments can be provided for or made at any time which, with prior payments, if there have been such, shall exceed in amount at that time seventy-five per cent of the value of the labor done and the materials used up to that time, and no contract shall provide for, or authorize or permit the payment of more than seventy-five per cent of the contract price before the completion of the work done under said contract and the acceptance thereof by the commissioner of the department having supervision of the work.

Public work to be done by contract.

SEC. 105. The erection, improvement and repair of all public buildings and works, all street and sewer work, and all work in or about streams, or water fronts, or in or about embankments or other works for protection against overflow or erosion, and the furnishing of supplies and materials for the same, or for any other use by the city, or the purchase of any supplies to be used by the city, when the expenditure required for the same exceeds the sum of five hundred dollars (\$500), shall be done by contract and shall be let to the lowest responsible bidder, after advertising for five consecutive days in the official newspaper for sealed proposals for the work contemplated or supplies to be furnished. Such notice shall distinctly and specifically state the work contemplated or supplies to be furnished; *provided, however*, the city commission may reject any and all bids, if deemed excessive, and readvertise for bids, or provide for the work to be done by the department having supervision of the work or for the supplies to be purchased in the open market; but in no case shall such supplies be bought at a price as high as the lowest bid received from a responsible bidder. In case no bid is received, the city commission may likewise provide for the work to be done by the department having supervision of the work or the supplies to be purchased in the open market.

Indorsement of auditor on contracts.

SEC. 106. No contracts made, the performance of which is not provided by law or ordinance to be paid for by assessment upon the property benefited, shall be binding or of any force, unless the auditor shall endorse thereon his certificate that there remains unexpended and unapplied as herein provided, a balance of the appropriation for and applicable thereto, sufficient to pay the estimated expense of fulfilling such contract, or that adequate provision therefor has been made in the tax levy. This provision shall not apply to work done, or supplies furnished, involving expenditure of less than two hundred and fifty dollars (\$250), unless the same is required by law to be done by contract at public letting. The auditor shall make such endorsement upon every such contract so presented to him, if there remains unapplied and unexpended such amount, or if adequate provision therefor has been made in the tax levy, and thereafter such sum shall be held and retained to pay expenses incurred until the contract shall be fully performed. The auditor shall furnish weekly to the head of each department a statement of the unexpended balances of the appropriations for his department.

Contracts for official advertising.

SEC. 107. Except as in this charter otherwise provided, the city commission shall let annually contracts for the official advertising for the ensuing fiscal year. For this purpose the city commission shall advertise for five consecutive days, setting forth distinctly and specifically the work contemplated to be done, including the type and spacing to be used, and asking for sealed proposals therefor. The city commission shall let the contracts for such official advertising to the lowest responsible bidder publishing a daily newspaper in the city of Sacramento which is a newspaper of general circulation, having a bona fide general circulation of at least two thousand (2,000) copies, and which newspaper has been published in said city for two successive years prior to the time of awarding the contract; *provided*, that the city commission may reject any or all bids if found excessive, and advertise for new bids. The newspaper to which the award of such advertising is made shall be known and designated as the official newspaper. Except when otherwise provided in this charter, or by general law, all official publications made by the city shall be made in the official newspaper only. All election notices, or lists of candidates for office, department reports, ordinances, charters, or charter amendments, advertising, publicity affairs, or other publications required or authorized by this charter, by general law, or by any ordinance of the city to be made in any newspaper, and all such publications for which the city of Sacramento may be liable, shall be paid for by the city at such rates as shall not, in any event, exceed the ordinary and regular advertising rates charged other advertisers; and all printing of books, pamphlets, bills, letter heads or other documents or printed matter required by the city shall be paid for at a price not exceeding the lowest prevailing business rates therefor. No bill shall be paid by the city for such advertising or printing in excess of the lowest prevailing business rates.

Contracts for lighting.

SEC. 108. No contract for lighting streets, public buildings, places or offices shall be made for a longer period than one year, and every such contract shall contain stipulations providing that, if at any time during the life of the contract any other consumer is given a lower or better rate than the one specified in the contract, the city shall be entitled to the benefit of such lower or better rate. All contracts must be let to the lowest bidder.

Collusion with bidder—effect on officer.

SEC. 109. Any officer of the city, or of any department thereof, who shall aid or assist a bidder in securing a contract to furnish labor, material or supplies at

a higher price than that proposed by any other bidder, or who shall favor one bidder over another by giving or withholding information, or who shall wilfully mislead any bidder in regard to the character of the material or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to those called for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount of different kind of material or supplies than has been actually received, shall be deemed guilty of malfeasance and shall be removed from office, and be forever ineligible to hold any office or employment under the city of Sacramento.

ARTICLE VII.

PUBLIC HEALTH AND SANITATION.

SECTION 110. There shall be a department of public health and sanitation under the administrative control of the commissioner of public health and safety. Said commissioner and department shall have supervision of all matters pertaining to the sanitary conditions of the city and the health of its inhabitants; and full power is hereby given said commissioner and department to supervise, control and regulate, among other things,

Defective drainage and sewage disposal;

Nuisances of every description;

The care, preparation, manufacture and sale of all articles of food or drink, or anything used for human consumption; and to fix and prescribe quarantine and other regulations framed to prevent the spread of infectious, communicable or contagious diseases dangerous to the public health, including the establishment and maintenance of an isolation hospital, and the removal thereto of any person in the city affected with an infectious, communicable or contagious disease which it shall be impossible so to quarantine and regulate in the dwelling of said person as to safeguard the public health, and including the power, when a case of disease suspected to be infectious, communicable, contagious or dangerous to the public health is reported to the health department, to visit the premises where such case is reported as being and examine the condition of such person; to supervise, control and regulate the relief of the indigent sick and wounded in the city, including the establishment and maintenance of a free dispensary and emergency hospital;

To regulate or prohibit the manner and place of killing and dressing any animal, fowl, bird or fish, not already regulated or prohibited by general law;

And to compel the owners or occupants of property to keep the same free from anything obnoxious, filthy or dangerous to the public health.

SEC. 111. The principal officer and executive of said department shall be a health officer who shall be appointed by the commissioner. He must be a physician, authorized by law to practice medicine in this State, unless at the time of his appointment as health officer he shall be in the service of the United States in his professional capacity. He shall have authority, under the commissioner, over all the officers and employees of the department.

SEC. 112. The subordinate officers of the department shall be a city physician, emergency surgeon, city bacteriologist, and such deputies and assistants as the city commissioners shall deem necessary; all of whom shall have the same qualifications as the health officer; also a secretary, who shall be statistician of the department and custodian of the records; a city analyst, who shall be a graduate of a recognized university or of a technical school and of at least five years' practical experience in analytical chemistry; a food and market inspector, who shall be a veterinary surgeon, qualified by law to practice in this State and of at least five years' experience in practice; a plumbing inspector, who shall be a master plumber as defined by the city ordinance, and of at least five years' experience as a master plumber; also a sanitary inspector. The city commission may provide for such other subordinate officers and assistants as may be necessary, but the health officer may himself perform the duties of one or more subordinate officers and may assign to one individual the duties of two or more such officers.

SEC. 113. The health officer, with the approval of the commissioner, shall prescribe rules, regulations and requirements, not in conflict with this charter, the ordinances of the city or with general law, for the conduct of the business of the department, the preservation of public health, and the maintenance of proper sanitary conditions within the city, including such forms and regulations for the government of physicians, undertakers and the administrators of cemeteries as shall be designed to preserve reliable vital and mortality statistics within and pertaining to said city. The commissioner, the health officer or any authorized inspector of the department shall inspect, when called upon by any person, and when in his or their judgment it seems necessary, any and all things offered for sale, or to be given away or given in exchange for use as food or drink, or for human consumption, and shall have the right to enter at any time for the purpose of making such examination or inspection any place or building, where anything for use as food or drink, or for human consumption is stored, manufactured, kept for sale or to be given away or given in exchange; and no person shall be permitted to sell or dispose of anything pronounced by said commissioner or health officer or any authorized inspector of the department to be

unfit for food or drink or for human consumption, but all such articles must be seized and destroyed by said commissioner, health officer or authorized inspector. When the commissioner, the health officer or any authorized inspector of the department shall have inspected any place or building used for the storage, manufacture, sale or giving away or exchanging of anything used for food or drink or human consumption, and shall have found such place or building to be so filthy or unsanitary or the methods or practices therein used so filthy or unsanitary as to endanger the public health, said health officer or inspector shall post at the entrances of said building or place notice of such inspection and finding and shall maintain such notice until the conditions or practices dangerous to the public health shall have been remedied or abated, and shall close such place or building and prevent its use for the storage, manufacture, sale, giving away or exchange of anything for use for food, drink or human consumption, until said place or building shall be put in such condition and so used as no longer to endanger the public health. The health officer shall visit periodically all public buildings and schoolhouses in the city and examine the manner in which they are lighted, ventilated and heated, and their sanitary condition, and report his findings thereupon in writing to the commissioner at least quarterly. The health officer shall certify to the superintendent of schools the names and addresses of all persons within the city sick of such infectious, communicable or contagious disease, as may be listed by the health department so to be certified.

SEC. 114. The health officer shall see to it that the laws of the State and ordinances of the city relative to public health and sanitation and all rules, regulations, orders and requirements of the health department, are promptly enforced. The commissioner, the health officer and any other regularly appointed employé of the health department shall have the right and power to arrest any person or persons who may violate any of the rules, regulations, orders or requirements of the health department, or any ordinance or general law relating to the maintenance of the public health and the sanitation of the city. It shall be the duty of the commissioner and of the health officer to abate, or cause to be abated, any and all nuisances within the city limits that are offensive to the senses, or that are, or threaten to become, if suffered to continue, detrimental to the public health. All pools of stagnant water, and all collections of filth, garbage, manure or other substances that are, or may become, breeding places or food for mosquitoes, flies, rats, or other disease-carrying insects or animals, are hereby declared to be nuisances within the meaning of this section. Whenever any such nuisance exists within the city limits, the commissioner or health officer shall, upon acquiring knowledge thereof, order the owner or occupant of the premises whereon such nuisance exists, to abate or remove the same within such time as shall be specified in the order. If the owner or occupant of such premises fails, neglects or refuses to obey such order, or if the premises be unoccupied and the owner or his agent can not be found upon reasonable inquiry, the commissioner or health officer shall proceed summarily to abate or remove such nuisance and shall defray the expense thereof out of any moneys in the city treasury available for such purpose. All expenditures so incurred shall be charged against the owner and shall be a lien upon the lot and premises whereupon such nuisance existed. It shall be the duty of the commissioner or health officer to forward forthwith to the city attorney a written statement of all such expenditures incurred by him in carrying out the provisions of this section, and it shall be the duty of the city attorney to proceed without delay to foreclose such lien, or otherwise compel the owner of such premises to repay the amount thereof to the city, together with all costs and charges of collection.

SEC. 115. The health officer or a responsible subordinate shall have management and control of the cemeteries owned by the city so far as relates to the sale of lots and burial space, to interments and exhumations and the other business of the cemetery; and shall issue all permits for burials, exhumations and cremations within the city limits or within the cemeteries owned or controlled by the city, and shall exercise over cemeteries without the city such control and supervision as is by general law provided. No interment, cremation or exhumation shall be made in any cemetery owned or controlled by the city or in any cemetery within the city, or in any cemetery within the city's jurisdiction, unless the health officer or responsible subordinate is satisfied of the correctness and reliability of the certificate of death presented for his inspection. The health officer or his responsible subordinate shall keep such records, make such reports and perform such duties in relation to cemeteries and the disposal of the dead as may be required of him by general law, by this charter, by ordinance or by the rules, regulations and requirements of the health department. The health officer shall make to the commissioner of public health and safety an annual report, and may at any time be required to make special reports, concerning the health and sanitation of the city, with his observations and recommendations thereupon, together with mortuary and other statistics concerning the department.

SEC. 116. The secretary of the health department shall keep a record of the transactions of the department and of its rules, regulations and requirements, and be the custodian of all records pertaining thereto, including all vital records, or death or cemetery records now belonging to the city. He shall keep in the form prescribed by the health officer complete records of all births and deaths within the city, interments in the city cemeteries or cemeteries in private ownership within the city

limits, or within the city's jurisdiction, and shall keep such other statistics and perform such other duties relating to the health and sanitation of the city as may be required of him.

The commissioner of public health and safety and the health officer shall have authority to administer oaths and require the giving of sworn testimony, in matters connected with the health department.

(2) On or before the first Monday in July in each year the assessor shall complete his list, or assessment roll, and shall attach his certificate thereto and deliver it, and the books and any maps he may have accompanying the same, and all the original lists of property given to him, to the city clerk, and the clerk shall thereupon notify the board of equalization of the fact. SEC. 137. During the session of the city commission, it may direct the assessor to assess any taxable property that has escaped assessment, or to add to the amount, number, or quantity of property, when a false or incomplete list has been rendered, and to make and enter new assessments (at the same time cancelling previous entries) when any assessment made by him is deemed by the commission so incomplete as to render doubtful the collection of the tax. The city clerk must record, in a book kept for that purpose, all changes, corrections and orders made by the city commission, and must enter upon the assessment book all changes and corrections so made, and must, on or before the third Monday in August, deliver the assessment book, so corrected, to the city auditor, unless the city commission shall fix a different time.

He shall also submit an estimate of the amount of income from fines, licenses and other sources of revenue, exclusive of taxes upon property, and the probable amount required to be levied and raised by taxation.

SEC. 139. The city commission shall establish a general fund, and may, also, before fixing the annual tax rate, by ordinance, provide for such special and separate appropriations, as may be necessary to pay the several funded obligations of the city, if any, and the expenses of the several departments of the city. Such special funds or appropriations shall not be diverted to any other purposes than those for which they have been specifically created.

Annual tax levy.

SEC. 140. The city commission must, not later than the first Tuesday in September, finally adopt an ordinance, subject to the provisions of this charter, levying upon the assessed valuation of property in the city a rate of taxation upon each one hundred dollars of valuation sufficient to raise the amounts estimated to be required in the annual budget, making suitable allowance for delinquencies, less the amounts estimated to be received from fines, licenses and other sources of revenue. Such levy shall not in any event exceed the rate of one dollar and twenty-five cents on each one hundred dollars of the assessed value of all real and personal property within the city not exempt from taxation by the Constitution, the laws of this State or this charter; *provided*, that the city commission shall have the power to establish, levy and collect an additional tax if two thirds of the votes cast at any election at which the question of levying such additional tax is submitted to the people, shall be in favor thereof. As soon as the tax levy is fixed, as herein provided, the assessment roll of said city shall be delivered to the city auditor, who shall compute and carry out the amount of the tax so levied upon each parcel of property contained in said assessment roll. The roll as corrected shall be the assessment roll for said year, and it shall be certified by the auditor.

Bond taxes, library tax, school tax.

SEC. 141. The city commission shall have power to levy and collect taxes, in addition to the taxes herein authorized to be levied and collected, sufficient to pay the interest and maintain the sinking fund of the bonded indebtedness of the city, and provide for the establishment and support of free public libraries and reading rooms; and when requested by the board of education the city commission may levy, annually, a tax not to exceed five cents on each one hundred dollars of the assessed value of the real and personal property within the city for the sole purpose of purchasing land for educational uses and for the construction of permanent school buildings or permanent additions thereto. The money collected for school purposes shall be immediately paid into the proper school fund, to be drawn out only on the order of the board of education and only for the purposes for which it was collected.

Tax liens.

SEC. 142. All taxes assessed, together with any penalties or percentages imposed for delinquency and the cost of collection, shall constitute liens on the property assessed. Every tax upon personal property shall be a lien upon the real property of the owner thereof. The liens provided for in this section shall attach as of the first Monday in March of each year and may be enforced by actions in any court of competent jurisdiction to foreclose such liens or by a sale of the property affected; *provided*, that where real estate is offered for sale for city taxes due thereon, the same shall be struck off and sold to the city in like case, and in like manner and with like effect, and with like right of redemption, as it may be struck off and sold to the State when offered for sale for State or county taxes, except that no certificate or receipt need be delivered to the State Controller.

SEC. 143. The city collector must, on the second Monday of July each year, attend at the office of the city auditor, with the delinquent list, and the auditor must then carefully compare the list with the assessments of persons and property not marked "Paid" on the assessment book, and when taxes have been paid, must note the fact in the appropriate column in the assessment book. The auditor must then administer to the collector an oath to be written and subscribed on the delinquent list, that every person and all property assessed on the delinquent list, on which taxes have been paid, have been credited in the list with such payment, and that the taxes not marked "Paid" have not been paid, and that the collector has not been able to discover any property of the persons liable to pay the same, out of which to make the collection. The auditor must then foot up the amount of the taxes unpaid, and credit the collector therewith, and have a final settlement with him; and the delinquent list must remain on file in the auditor's office. Interest must be collected on all such delinquent taxes at the rate of one per cent per month from the time delinquent until paid.

SEC. 144. The city assessor, between the first Monday in March and the first Monday in July in each year, must collect the taxes on all personal property, when the owner thereof has no real estate; or when, in his opinion, said taxes are not a lien on real property sufficient to secure the payment, he may enforce such collection by seizure and sale of any personal property owned by the person liable to pay the tax. Such sale must be made at public auction after five days' notice, given by publication in the official gazette, or by posting in three public places in the city, and must be of a sufficient amount to pay the taxes, percentages and costs. For seizing or selling personal property, the assessor may charge, in each case, the sum of three dollars (\$3) costs. On payment of the price bid, the delivery of the property, with a bill of sale, vests the title in the purchaser. All excess over the taxes, percentages and costs of the proceeds of any property so sold, must be returned to the owner, and, until claimed, must be deposited in the city treasury for his benefit. The unsold portions of the property seized may be left at the place of sale, at the risk of the owner. The assessor shall be governed, as to the amount of taxes so collected on personal property, by the rate of the previous year. When the rate is fixed for the year in which the collection is made, then, if a sum in excess of the rate has been collected, the excess shall be repaid by the treasurer to the person from whom it was collected, and if a sum less than the rate has been collected, the deficiency must be collected, as are other taxes on personal property.

SEC. 145. The auditor must, as soon as the assessment book for the year comes into his hands, note opposite the names of all persons from whom personal property taxes have been collected, the amount thereof, and as soon as the rate for the year is fixed, he must also note on the assessment book, in connection with the previous entry, the amount of excess or deficiency.

SEC. 146. Omissions, errors, or defects of form in the assessment book, or in the delinquent list, may, with the written consent of the city attorney, be supplied or corrected by the assessor at any time prior to the sale for delinquent taxes. In the assessment, advertisement, and sale for taxes, initial letters, abbreviations, and figures may be made use of, and no assessment or act relating to the assessment or collection of taxes is illegal on account of informality, nor because the same was not completed within the time designated.

SEC. 147. All taxes assessed before this charter takes effect must be collected at the time provided for, and under the laws in force at the time the assessment was made, and all such taxes shall be valid and collectible the same as if this charter had not been adopted.

SEC. 148. Nothing in this charter shall ever be construed as permitting or authorizing any portion of the taxes levied and collected for the respective special funds, which the commission is authorized to establish, to be made use of in payment of any indebtedness of the city existing prior to January 1st, 1888, nor shall the total amount of taxes collected and made use of in any one year, in payment of any indebtedness of the city which existed prior to January 1st, 1888, ever exceed fifty-five cents on each one hundred dollars (\$100) upon the assessment book.

Cash basis fund.

SEC. 149. The city commission shall create and maintain a permanent revolving fund, to be known as the cash basis fund, for the purpose of putting the payment of the running expenses of the city on a cash basis. For this purpose the city commission shall provide that from the money collected from the annual tax levy and from money received from other sources, a sum equal to not less than two and one half (2½) cents on each one hundred dollars (\$100) of the assessed value of all real and personal property in said city shall be placed in such fund until the accumulated amount therein shall be sufficient to meet all legal demands against the treasury for the first four months or other necessary period of the succeeding fiscal year. The city commission shall have the power to transfer from the cash basis fund to any other fund or funds such sum or sums as may be required for the purpose of placing such fund or funds, as nearly as possible, on a cash basis. It shall be the duty of the city commission to provide that all money so transferred from the cash basis fund be returned thereto before the end of the fiscal year.

Special deposit fund.

SEC. 150. There is hereby created a fund to be known as the special deposit fund, wherein shall be deposited all moneys received by the city or any department, office or board thereof, for the purpose of guaranteeing the payment of any costs, charges or damages accruing, or liable to accrue, to the city from the depositor, or the performance of any act or thing which such depositor may undertake to do or perform, including all moneys deposited as bail to secure the liberation of any person accused of a public offense, and all moneys required to be deposited for the purpose of indemnifying persons whose property is in danger of being damaged or destroyed by the operations of the depositor. The moneys so deposited may be returned to the depositor, should he become entitled to the return thereof, in such manner as the city commission may by ordinance prescribe, or upon default being made in the payment of any such costs, charges, or damages, or in the performance of any such condition, act or thing, may be declared forfeited, in whole or in part, and be so disposed of as the city commission may direct.

Bonded indebtedness.

SEC. 151. The city commission may contract bonded indebtedness, as follows: It shall, by order duly passed, by yeas and nays, recorded in its journal of proceedings, specify the particular purpose for which the indebtedness is to be created, and the amount of bonds which it is proposed to issue. The city commission shall then provide for submitting the question of the issue of said bonds to the qualified electors of the city, at a special municipal election to be called by the city commission for that purpose, and it shall be held, as nearly as possible, in conformity with the general laws of this State. Notice shall be given of such election by publication for three weeks next prior thereto, in the official newspaper of the city, in which notice the amount of such bonds proposed to be issued, the term of years they are to run, the object for which the indebtedness is to be created, and the rate of interest to be paid, shall be distinctly stated. The ballots shall be printed: "For the issue of bonds, Yes"; "For the issue of bonds, No." If two thirds of the electors of the city so voting at such election shall vote in favor of issuing bonds, and not otherwise, the city commission may proceed to issue the amount of bonds specified; said bonds to be in sums of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000) each, having not more than forty years to run, and bearing interest at a rate per annum not exceeding six per cent, payable semi-annually; the said bonds to be payable and redeemable at any time at the pleasure of the city, and substantially in the following form:

No. -----
The city of Sacramento, in the State of California, for value received, promises to pay to -----, or to the order of the treasurer of said city, on the first day of ----- in the year -----, or at any time before that date at the pleasure of the city, the sum of ----- dollars, gold coin of the United States, with interest at the rate of ----- per cent per annum, payable at the office of said treasurer semi-annually, on the first day of ----- in each year, on presentation and surrender of the interest coupons hereto attached. In witness whereof, the said city, by its city commission, has caused this bond to be signed by

the president of the city commission and attested by the city auditor, with the corporate seal of said city hereto attached, this ----- day of ----- in the year -----

[Corporate Seal]
Attest :

President of the City Commission.

City Auditor.

The interest coupons shall be in the form following and signed by the auditor :

No. -----

The treasurer of the city of Sacramento, California, will pay to the holder hereof, on the ----- day of ----- in the year -----, at his office in said city, the sum of ----- dollars, gold coin of the United States, for interest on city bond No. -----

City Auditor.

SEC. 152. Whenever bonds issued under this charter shall be duly executed, numbered consecutively, and sealed, they shall be delivered to the city treasurer, and his receipt taken therefor, and he shall stand charged on his official bond with all such bonds delivered to him, and the proceeds thereof. The treasurer shall then proceed to sell said bonds at not less than par value, together with any accumulated interest, under direction of the commission, and for the highest prices obtainable; and whenever said bonds, or any portion thereof, are sold, he shall report the fact to the auditor, stating under oath to whom sold, and for what price, and the auditor shall at once apportion the moneys arising from such sale to the proper fund in the treasury, filing a statement of such apportionment with the treasurer. The commission shall have the power, and must create and name, the fund or funds of the city into which the money obtained from the sale of bonds shall be paid. And before or at the time of issuing said bonds the commission shall, by ordinance, provide for the levy and collection of a tax, to be levied and collected each year at the same time and in the same manner as other city taxes, sufficient to pay the annual interest upon such bonds issued and outstanding, and not less than such proportionate part of the principal thereof as one year's time bears to the whole term for which such bonds are to run; and in such manner that at or before the date of maturity of the bonds the whole amount collected therefor shall be sufficient to discharge the whole amount of the principal and interest. And the commission must, annually, thereafter levy such tax in sufficient amount to comply with the provisions of this section and the ordinance of the commission aforesaid; and the moneys arising from such levies shall be used for the payment of such bonds and interest coupons, and for no other purpose whatever. Whenever the amount in the hands of the treasurer belonging to the bond fund, after setting aside the sum required to pay the interest maturing before the next levy, is sufficient to redeem one or more such bonds, he shall publish, once a week for two weeks, in the official newspaper of the city, a notice to the effect that he is prepared to pay such bond or bonds (giving the number thereof), and that if the same are not presented for redemption within thirty days after the first publication of such notice, the interest on such bonds will cease. He shall at the same time deposit in the post office a copy of such notice, enclosed in a sealed envelope, with the postage paid thereon, addressed to the owner or owners, as shown by the record thereof, kept in the treasurer's office. If such bond or bonds be not presented within the time specified in such notice, the interest thereon shall cease, and the amount due be set aside for the payment of the same whenever presented. All redemptions of bonds shall be made according to priority in order of their issuance, beginning at the first number.

SEC. 153. The city commission, by a vote of not less than three members thereof, may, whenever it be deemed desirable for the public interest, refund any outstanding bonded indebtedness of the city by the issue of other bonds, in such form and under such conditions as may be prescribed by general laws of the State of California in force at the time of such issue; *provided, however*, that such new bonds shall not bear a greater rate of interest than five per centum per annum.

ARTICLE XI.

POLICE DEPARTMENT.

Organization.

SECTION 154. The police department shall consist of a city commissioner, a chief of police, a police force, and all such subordinate officers, clerks, employes and other attachés as the city commission may, from time to time, prescribe. It shall be the duty of the commissioner to appoint, promote, reduce or prefer charges against any member of the department as in Article XX provided. Every appointee to the department shall not be less than twenty-one, nor more than thirty-five years of age, must possess the physical qualifications prescribed by the civil service board (which shall not in any case be inferior to those required for recruits of the United States army), and, before his appointment, must pass a satisfactory examination under such rules and regulations as may be prescribed by the civil service board.

Police department rules.

SEC. 155. It shall be the duty of the city commission to prescribe rules and regulations for the government, discipline, equipment and uniform of the departments, and to prescribe penalties for the violation of any rules or regulations. All such rules and regulations must be reasonable and couched in plain and concise language. Such rules and regulations, together with the penalties for the violation of each, shall be printed in the manual published for the guidance and information of the members of the police department. Second or repeated violations of any rule or regulation shall be punished with increasing severity, except as otherwise herein provided.

Chief of police.

SEC. 156. The chief of police shall be appointed by the commissioner presiding over the police department, and shall hold office at the pleasure of the appointing power; *provided, however,* that should a member of the regular police force of the city be appointed chief of police, his dismissal by the commissioner from the office of chief of police shall not accomplish his dismissal from the department, but he shall be restored to the rank and grade held by him prior to his appointment as chief of police. He shall have control, management and direction of all members of the department in the lawful exercise of his functions, with full power to detail any of them to such public service as he may direct, and with like power to discipline any member of the department in accordance with the provisions of Article XX. He shall, subject to the direction of the commissioner, have control and management of the city prison.

SEC. 157. In the enforcement of law and the ordinances of the city, and in the suppression of any riot, public tumult, disturbance of the public peace or organized resistance against the laws or public authority, the chief of police shall, in the lawful exercise of his functions, have all the powers that are now or may be hereafter conferred upon sheriffs by the laws of the State.

SEC. 158. He shall be responsible for the execution of all laws and ordinances and the rules and regulations of the department. He shall see that the orders and processes issued by the police court, and such other orders and processes as may be placed in his hands, are promptly executed, and shall exercise such other powers connected with his office as may be provided for in the rules and regulations of the department.

SEC. 159. He shall keep a public office, to be provided by the city commission, which shall be open at all hours, day and night, and at which he or a police officer designated by him shall be in constant attendance. He shall devote his entire time to the discharge of the duties of his office, and shall not, save when on vacation, absent himself from the city except by the written permission of the commissioner in charge of the department, unless in pursuit of persons who have committed public offenses within the limits of the city. He may from time to time disburse such sums for contingent expenses of the department as, in his judgment, shall be for the best interest of the city, to be paid out of the contingency fund allowed the department. The aggregate of all such sums shall not in any one fiscal year exceed the amount appropriated to such fund.

SEC. 160. The chief of police shall possess powers of general police inspection, supervision and control over all pawnbrokers, peddlers, junkshop keepers, dealers in second-hand merchandise, auctioneers and intelligence office keepers. In the exercise of such powers, the chief may, in writing, empower members of the police department to examine the books and premises of any such person, when in search of property feloniously obtained or in search of evidence to convict any person charged with crime.

Police officers.

SEC. 161. No member of the police force shall be allowed to receive any money, gratuity or compensation for any service he may render as an officer, except rewards which have been publicly offered for the apprehension and conviction of criminals, without the consent of the city commission. The members of the police force shall not follow any other profession, calling or business, but shall devote their entire time to the performance of their official duties, nor shall they be allowed pay for any period during which they shall absent themselves from public duty, except as in this charter provided. It shall be the duty of each member of the police force to acquaint himself with the provisions of this charter, with all ordinances of the city and with all laws of the State defining public offenses and regulating criminal proceedings. The city commission shall, by ordinance, provide for the appointment and compensation of such extra policemen as may, from time to time, become necessary for temporary duty, and may also, by ordinance, provide for the appointment of special policemen, to be paid by the person, firm or corporation petitioning for the same. All extra and special policemen shall possess all the powers and discharge all the duties of regular policemen, and be under the direction and control of the chief of police, and be subject to and obey all rules and regulations of the police department.

ARTICLE XII.

POLICE COURT.

SECTION 162. There is hereby constituted a police court, in and for the city of Sacramento.

Sec. 163. A judge of the police court shall be appointed by the city commission and shall hold office at the pleasure of said commission.

Sec. 164. Said police court shall have jurisdiction:

(1) Of all misdemeanors enumerated by the general laws or by ordinances of the city and of all other crimes cognizable by justices' courts and courts of justices of the peace and police courts under the Constitution and laws of the State of California.

(2) Of all civil proceedings or criminal prosecutions for the violation of any provision of this charter, or of any ordinance of the city.

(3) Of the examination and commitment of persons charged with the commission of any offense that may be prosecuted by indictment or information.

(4) Such other criminal jurisdiction as is, or may hereafter be, conferred by law upon police courts, justices' courts, or justices of the peace; and in the exercise of such jurisdiction, the judge of the police court may punish persons guilty of contempt of court, and may issue warrants of arrest, subpoenas, venireas, writs, executions, attachments and all other processes necessary and proper for the discharge of his duties.

(5) In all cases in which the judge of the police court is a party or in which he is interested, or related to either party by consanguinity or affinity within the third degree, and in case of sickness, absence, or inability to act, any justice of the peace of the county of Sacramento may, at the request of the president of the city commission, act in the place and stead of said judge of the police court.

(6) Said police court shall have a clerk, to be designated the clerk of the police court. The clerk shall keep a record of the proceedings and issue all processes ordered by the police court, and receive and daily pay into the city treasury all fines imposed by said court. He shall, each month, render to the auditor an exact and detailed account, in writing, upon oath, of all fines imposed and collected, and of all fines imposed and uncollected, and all other moneys collected on behalf of the city since his last preceding report, which shall be certified to by the judge of the police court. He shall prepare bonds and justify bail when the amount has been fixed by the judge, in cases where the bail does not exceed two hundred dollars (\$200), and he may administer oaths. The clerk shall remain at the court room of said court during business hours, and during such reasonable time thereafter as may be necessary for discharging his duties.

(7) The city shall furnish a suitable court room for said judge of the police court, at which he shall remain from nine A. M. to twelve M., and from one P. M. to five P. M.; and the city shall also furnish the necessary dockets and blanks for the use of said court. Said court shall be always open, except upon holidays and non-judicial days, and also on such days for such purposes as are by law required of other courts of the state on said days.

(8) Said court shall be considered a court of record, and shall have a seal, to be furnished by the city. Certified transcripts of the dockets, files or records, or of any papers, processes, or proceedings of said court, made by the clerk thereof, under seal of said court, shall be received in evidence in any court, and all warrants and processes of said court, and all processes issued, or acts done by said court and certified under its seal, shall have the same force and validity as though issued or done by any other court of record in the State.

(9) The police court shall be governed in its proceedings by the provisions of law regulating proceedings before justices' courts, justices of the peace, and police courts, except so far as the same are added to or modified by this charter; and such police court may be treated and considered as a justice's court whenever necessary to sustain and uphold the jurisdiction thereof, or any proceedings had therein; and all provisions of law relating to justices of the peace and justices' courts are hereby made applicable to said police court, and nothing in the title of the court or of any papers or proceedings therein shall affect the question of jurisdiction; and said court and the said judge shall have all the powers and jurisdiction now or hereafter conferred by law upon justices' courts, police courts, or justices of the peace in criminal cases.

(10) All actions and proceedings pending and undetermined, in the city justice's court of the city of Sacramento, as said court existed prior to the taking effect of this charter, may be proceeded with, heard, tried, and determined in the police court herein provided for, before said police judge, the same as if such actions and proceedings had been originally commenced therein.

ARTICLE XIII.

FIRE DEPARTMENT.

Organization.

SECTION 165. The fire department shall consist of a city commissioner, a chief, and such assistants, subordinate officers, firemen, extra men, clerks, employes and other attachés as the city commission may from time to time prescribe.

Qualifications.

SEC. 166. Every appointee to the department shall not be less than twenty-one nor more than thirty-five years of age, and, before his appointment, must pass a satisfactory examination under the rules and regulations prescribed by the civil service board.

Appointments—Duties of the chief of the fire department.

SEC. 167. The chief of the fire department and all assistants, subordinate officers, firemen, extra men, clerks, employes and other attachés shall be appointed by the commissioner having charge of the department, subject to the provisions of Article XV of this charter. The chief of the fire department shall be charged with the special duty of superintending the extinguishment of fires. He shall have such powers and perform such other duties as may be provided for by this charter, or by ordinance. In the absence or disability of the chief of the fire department, an assistant chief shall perform his duties. The chief and assistant chief shall, except as herein provided, devote their entire time to the fire department, and shall not engage in any other occupation or business requiring their personal attention; and neither shall absent himself from the city without first obtaining written permission from the commissioner in charge of the department, which must be filed with the city clerk; but in no case shall both the chief and assistant be absent at the same time; *and it is further provided*, that the engineers and drivers of fire engines, the drivers of hose carts and hook and ladder trucks and tillermen, together with such other members or employes as the chief shall designate, shall, except as herein provided, devote their entire time to the duties of the department, and shall at all times, day and night, remain at the engine houses or stations, except when granted leave of absence by the chief.

SEC. 168. There shall be provided suitable sleeping rooms in the several engine houses for the use of the permanent members of the department; and there shall be a general office where the chief and assistant chief shall make their headquarters daily during office hours, when not otherwise engaged in official duties.

ARTICLE XIV.

Police and fire relief and pension fund.

SECTION 169. A fund is hereby created to be known and designated as the police and fire relief and pension fund. The commissioner of education, the commissioner of finance, and the commissioner of public health and safety shall constitute a board of trustees of such fund, and the city treasurer shall be custodian thereof.

SEC. 170. The said board of trustees may retire and relieve from service any member of the police or fire department who has passed the age of fifty-five years or who has become infirm or disabled and who, upon examination by two regularly licensed and practicing physicians in the employ of the city, designated by the trustees for that purpose, may be ascertained to be by reason of such age, infirmity, or other disability, unfit for the performance of his duty. Said board of trustees shall, at the request of any member of the police or fire department who has arrived at the age of sixty years, retire and relieve such member making such application. Such retired member shall receive from the police and fire relief and pension fund a pension equal to one half of the salary attached to the rank held by him one year prior to the date of his retirement. No pension shall be paid under the provisions of this section unless the person claiming the same has been an active member of such department for twenty years in the aggregate preceding his retirement, and, except as hereinafter provided, the same shall cease at his death; *and provided, further*, that no pension shall be allowed any member of the police or fire department if such disability is the result of any unlawful or immoral act committed by such person while in such department.

SEC. 171. Any member of either department who shall become physically disabled by reason of any bodily injury received in the performance of his duty, upon filing with the board of trustees a verified petition, setting forth the facts constituting such disability, and the cause thereof, accompanied by a certificate signed by the chief of police, or the chief of the fire department, and by two regularly licensed physicians in the employ of the city, designated by the trustees for that purpose, recommending his retirement upon a pension, on account of such disability, may be retired from such department upon an annual pension, equal to one half the amount of salary attached to the rank which he held one year prior to the date

of such retirement, to be paid to him during his life, and to cease at his death. In case his disability shall cease, his pension shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

SEC. 172. The board of trustees, out of the police and fire relief and pension fund, shall provide for the family of an officer, member or employé of either department who may be killed while in the performance of his duty, as follows:

(1) Should the decedent leave a widow, she shall, as long as she remains unmarried, be paid a pension equal to one half of the salary attached to the rank held by the decedent at the time of his death.

(2) Should the decedent leave no widow, but leave any child or children under the age of sixteen years, or should he leave a widow who shall die and leave his child or children under the age of sixteen years, such child or children collectively shall receive a pension equal to one half the salary attached to the position held by the father at the time of his death, until the youngest child attains the age of sixteen years; *provided*, that no child shall receive any such pension after attaining the age of sixteen years.

(3) Should the decedent leave no widow or orphan child, or children, but leave a parent or parents, dependent solely upon him for support, such parents so dependent shall, collectively, receive a pension equal to one half the salary attached to the position held by the decedent at the time of his death, during such time as the board of trustees may determine its necessity.

SEC. 173. When a member of either department shall die from causes other than those specified in Section 172 hereof, after ten years of service, and such death shall not be the result of any unlawful or immoral act committed by such person while in such department, then his widow, and if there be no widow, then his children, and if there be no widow nor children, then his mother, if dependent upon him for support, shall be entitled to the sum of one thousand dollars (\$1,000).

SEC. 174. Any member of either department, or other beneficiary receiving a pension from the police and fire relief and pension fund, who shall be convicted of a felony, or shall become dissipated or an habitual drunkard, or shall become a non-resident of this State without permission from the board of trustees, shall forfeit all right to such pension.

SEC. 175. The board of trustees may, on notice from the chief of police, or the chief of the fire department, reward any member of such department for conduct which is heroic or meritorious. The form or amount of such reward shall be discretionary with the board of trustees, but it shall not exceed in any one instance one month's salary, and may be paid only out of the funds provided by the city commission; and the city commission may, on application of the board of trustees, provide money for such purpose.

SEC. 176. The board of trustees shall hold quarterly meetings in April, July, October and January of each year, and special meetings upon the call of its president; it shall issue warrants, signed by its president and secretary, to persons entitled thereto for the amount of money ordered paid to such persons from the police and fire relief and pension fund. Each warrant shall state for what purpose the payment is made.

SEC. 177. The board of trustees shall keep a public record of its proceedings. It shall at each quarterly meeting send to the treasurer and to the auditor a written or printed list of all persons entitled to payments from the police and fire relief and pension fund, stating the amount of such payment and for what purpose granted; such lists shall be certified and signed by the president and secretary of the board. The auditor shall thereupon enter a copy of such list upon a book to be kept for that purpose, which shall be known as the police and fire relief and pension fund book. All warrants signed by the president and secretary of the board shall be presented to the auditor and ordered paid by him out of said fund.

SEC. 178. The board of trustees shall possess the power to make rules and regulations for its guidance. No compensation shall be paid to any member of the board of trustees for any duty required or performed as a member of said board.

SEC. 179. The board of trustees shall make an annual estimate necessary to carry into effect the foregoing provisions, and transmit the same to the commissioner of finance, who shall cause it to be included in his annual estimate of the probable expenditures of the city.

SEC. 180. The treasurer shall retain from the compensation of each member of the police and fire department, two dollars (\$2) per month, which shall forthwith be paid into the police and fire relief and pension fund. No other deduction shall be made from such pay for any other fund or purpose.

SEC. 181. Upon the death of any member of either department, during retirement, under the provisions of this article, leaving a widow, *provided* she was the wife of such member at the time of his retirement, she shall receive from said police and fire relief and pension fund a yearly pension equal to two thirds of the pension received by such member at the time of his death; or if he leaves no widow, and leaves a child, or children, under the age of sixteen years, said amount shall be paid to such child, or children, in equal shares while under the age of sixteen years; *provided, however*, that if such widow, or child, or children shall marry, then such person so marrying shall thereafter receive no further pension from said fund; *and*

provided further, that if such deceased member leaves neither widow, nor child nor children, under the age of sixteen years, but leaves a mother dependent upon him for support, such pension shall be paid to the mother.

SECTION 183. Within sixty days after taking office, the city commissioners first elected shall appoint as members of a civil service board three persons; one to serve for two years, one to serve for four years, and one to serve for six years, from the first day of July next following the approval of this charter by the legislature. In June of each alternate year thereafter, the city commission shall appoint one person as the successor of the member whose term shall next expire, to serve for a term of six years. Vacancies on the civil service board, from whatever cause, shall be filled by the city commission for the unexpired term. Each member shall be paid a salary to be fixed by the city commission and based on the actual number of meetings of the civil service board attended, with a maximum sum per month. No member shall hold any other salaried office.

Removal from office.

In cases of misconduct, disability or wilful neglect in the performance of the duties of the office by any member of the board, such member may be removed from office by the city commission by an affirmative vote of four members, but such member of the civil service board shall be given an opportunity to be heard in defense, and shall have the right to appear by counsel and to have process issued to compel the attendance of witnesses, who shall be required to give testimony if such member of the civil service board so requests. In all cases the hearing shall be public, and a full and complete statement of the case, together with the findings of fact made by the city commission, shall be filed with the city clerk, and shall be and become a matter of public record.

Organization.

The board shall organize by electing one of its members to serve as chairman, and shall also appoint a secretary, to hold office at the pleasure of the board at a salary to be fixed by the city commission. The secretary shall be chief examiner and shall perform such additional duties as may be assigned to him by the board. The board shall keep minutes of its proceedings and records of all examinations held under its supervision. It shall be the duty of the board to make all necessary investigations concerning the enforcement and effect of the provisions of this article and the rules prescribed by the board. It shall make an annual report to the city commission, and the latter may require a special report from the board at any time. The city commission shall provide the civil service board with quarters and equipment suitable to enable it properly to perform its duties.

Classified civil service, what constitutes.

SEC. 184. The civil service board shall classify all places of employment now existing or hereafter created in or under the city government, except as otherwise provided in Section 185 of this article. The places so classified by the board shall constitute the classified civil service of the city, and shall be further divided into a competitive division and a labor division, the latter of which shall include all unskilled laborers. No appointment to any office or place of employment under the city government shall be made except in accordance with the provisions of this article, unless such office or employment has been specifically exempted therefrom; *provided*, that persons employed by the city at the time of the adoption of this charter by the people and who shall continue to be so employed when this charter takes effect, for general purposes, shall be classified by the civil service board without further examination, and shall retain their positions until discharged, reduced, promoted or transferred, as in this charter provided.

Those exempt from civil service rules.

SEC. 185. The provisions of this article shall apply to all persons in the employ of the city, except:

- (1) Appointive officers of the first and of the second class, and their chief deputies.

(7) All persons temporarily employed, in times of emergency, to prevent, or repair, damage to the city levee and drainage systems, or any property within the city, threatened, or arising, through flood, fire, or the fury of the elements.

The city commission may, however, by ordinance, create positions, other than those excepted in this section, to which, by permission of the civil service board, the civil service rules shall not apply.

Applications for positions.

SEC. 186. Applications and recommendations for all positions under the civil service rules, both in the competitive and labor divisions, shall be filed with the civil service board, and not elsewhere.

Rules.

SEC. 187. The board shall prescribe and enforce all rules necessary to carry out the purposes of this article, and shall publish the same in the official gazette, together with all amendments thereto or changes therein. Copies thereof shall be supplied to any candidate for examination, upon application. Such rules shall, among other things, provide for:

1. The classification of all positions in the classified civil service.

2. The subjecting of all applicants for places in the competitive division to examinations, which shall be public, competitive and free; such examinations shall be held at least twice a year, at times specified in the rules, and oftener, if necessary, and ten days' advance notice shall be given of any examination, by publication in the official gazette.

3. The appointment to positions, temporary or permanent, in the labor division in the order of the priority of application, after such non-competitive tests as the board may prescribe.

4. The creation of eligible lists on which the names of successful candidates in the competitive division shall be entered in the order of their standing in examination, from which vacancies shall be filled.

5. A period of probation in the police and fire departments, not to exceed six months, before employment is made permanent therein and during which the appointing power may discharge.

6. Promotion on the basis of efficiency, character and seniority, lists being made and promotions made therefrom in the same manner as prescribed for original appointment. An advancement in rank or any increase in salary beyond the limit fixed for the grade by the city commission shall constitute promotion.

7. The rejection of candidates or eligibles for reasons specified in the rules and not inconsistent with the provisions of this charter.

8. Temporary employment without examination, with consent of the board, pending appointment from an eligible list. But no such temporary employment shall continue longer than sixty days, and successive temporary employment shall not be allowed.

9. Transfer from one position to a similar position in the same class and grade, and for reinstatement within one year of persons who, without fault or delinquency on their part, are separated from the service, or reduced.

Civil list.

SEC. 188. The board shall maintain a civil list of all persons in the city service, showing in connection with each name the position held, the date and character of each appointment, and of every subsequent change in status. Each appointing and supervising officer shall promptly transmit to the board all information required for the establishment and maintenance of the civil list, including immediate notice in writing of all appointments, permanent and temporary, made in the classified service, of all transfers, promotions, reductions, resignations, suspensions or vacancies, from any cause, in such service, and the date thereof. When any place of employment is created or abolished or the compensation thereof altered, the power making such change shall immediately report the same in writing to the board.

Civil service board, auditor and treasurer.

SEC. 189. The board shall certify to the auditor all appointments to places of employment in the classified civil service, and all vacancies and changes of status occurring therein, and all suspensions with losses of salary. The treasurer shall pay no salary or compensation for service to any person holding a position in the civil service unless the pay roll or account for such salary or compensation shall bear the certificate of the auditor that the person named therein has been appointed or employed in accordance with the provisions of this article.

Certification and appointment of eligibles.

SEC. 190. Whenever a position in the competitive division is to be filled, the board shall certify to the appointing power the names of three times the number of persons necessary to fill such position, which names shall be taken from those standing highest on the eligible list for the place to be filled. A less number may be certified when there is not the requisite number on the eligible list. In all cases of vacancy in the competitive division, the appointing power shall notify the board of each separate

place to be filled and shall fill such place by the appointment of one of the persons certified therefor, the others being restored to their relative places on the eligible list. All persons who have been on the eligible list for a competitive position for one year without appointment, or who have been certified three times without appointment, shall be removed from the list. Whenever a position in the labor division is to be filled, the board shall certify to the appointing power only as many names as there are places to be filled, and the persons certified therefor shall be appointed.

No discrimination.

SEC. 191. No person in the classified service, or seeking admission thereto, shall be appointed, reduced or removed or in any way favored or discriminated against because of his religious beliefs or his political opinions or affiliations.

Prohibition of political activity.

SEC. 192. No person holding a position in the classified civil service shall take any part in political management or affairs, or in political campaigns, further than to cast his vote or to express privately his opinion relative thereto.

Penalty.

SEC. 193. Wilful violation of the provisions of this article or of the rules established thereunder shall constitute cause for dismissal from any position in the civil service of the city.

SEC. 200. In order to maintain the public playgrounds and provide for the purchase, development and equipment of playgrounds and for other expenses authorized by this article, the city commission shall set aside and create a fund to be known as the playground fund, and shall annually appropriate to such fund such amount as may in the judgment of the commission be deemed proper therefor.

The city library shall be under the control and management of the commissioner of education, who shall have such powers, duties and privileges as may be conferred upon him by the provisions of this charter and by the provisions of any general laws that may be applicable thereto; and he may do and perform any and all other acts and things necessary and proper to carry out the provisions of this article; *provided*, that the city commission may at any time exercise the power conferred upon it by general law of entering into any arrangement with the county for library service. The commissioner of education shall appoint a librarian, and may remove him for cause.

Copies of all such charges shall be furnished to the accused, who shall have not less than ten (10) days after such service within which to prepare his defense thereto. The president of the civil service board shall serve as president of the trial board, and, in the event of a tie, shall have the deciding vote. SEC. 219. Any member of the police department or of the fire department who becomes incapacitated by reason of injuries received in the performance of his duties shall be entitled to thirty days' sick leave without loss of pay. If such incapacity continues, he shall be entitled to half pay for an additional period of thirty days, and if such incapacity shall further continue, he shall receive such pay, if any, as the city commission shall direct. A member of either department claiming incapacity by reason of such injuries shall present a certificate signed by the health officer, certifying to the fact of such incapacity.

ARTICLE XXII.

BOARD OF EDUCATION.

SECTION 221. The commissioners of the city of Sacramento shall be, *ex officio*, members of and shall constitute the board of education, and shall hold office for a term of five years from and after the first day of July next succeeding their election; subject, however, to recall and removal from office, as specified herein and by general laws; *provided, further*, that their tenure of office as members of the board of education shall be concurrent with their respective terms as commissioners of said city. The board of education shall have full charge and control of all matters pertaining to the conduct of all public schools within said city, and shall exercise such powers, and perform such duties, with respect thereto as may be conferred or imposed upon them by law or by ordinance of the city. The board shall organize on the first Monday of July after this charter takes effect. It shall elect, from among its members, a president and a vice-president, and during the absence or disability of the president the vice-president shall perform his duties and exercise his functions, except as otherwise in this charter expressly provided. The president shall preside over all meetings thereof and exercise such other powers, and perform such other duties, with respect to the business of the school department of the city as are

conferred or imposed upon the president of the board of education by law or by any ordinance of the city. The board shall make, establish and enforce all necessary and proper rules and regulations for the government and progress of the public schools of the city, for the investigation of charges against any person in the employ of the department, and for carrying into effect all laws and ordinances pertaining to the public schools; and shall adopt and enforce an efficiency system and shall make all rules and regulations necessary to carry the same into effect.

The board shall hold regular meetings at least once in each month and at such times as shall be determined by its rules. Special meetings may be called at any time by the president or by any three members of the board; *provided, however*, that notice of such special meetings shall be personally served upon each member of the board, unless he be absent from the city, not less than twelve hours prior to such meetings. Three members of the board shall constitute a quorum for the transaction of business, but the affirmative vote of three members shall be necessary to pass or adopt any measure or to transact any other business affecting the public schools of the city. The board shall determine the rules of its proceedings; *provided, however*, that the yeas and nays shall be taken on all questions and entered on the records of the board. All meetings of the board shall be open to the public and its records shall be open to public inspection.

SEC. 222. Any member or officer of the board of education, who shall, while in office, unlawfully or corruptly accept any donation or gratuity in money or of any valuable thing, either directly or indirectly, from or in behalf of any teacher or candidate, or applicant for a position as teacher, upon any pretense whatever, shall be guilty of malfeasance. Any member of the board of education, officer, or other person connected with the school department, or drawing a salary from the board of education, who shall unlawfully or corruptly gain any advantage or benefit from any contract, payments under which are to be made, in whole or in part, from the public school fund, or from moneys raised by taxation or otherwise for the support of the public schools, shall be guilty of malfeasance.

SEC. 223. In case of disaster from fire, flood, wind, riot, earthquake, or public enemy, the board of education may incur extraordinary expenditures in excess of the annual limit provided by law and in this charter for the repair, construction, and furnishing of schoolhouses; and the city commission may, by ordinance, cause to be transferred to the school fund, from any moneys in any other fund not otherwise appropriated, sufficient moneys to liquidate such extraordinary expenditure.

SEC. 224. As soon as may be practicable after organization, the board of education shall elect a superintendent of schools and such other assistants, clerks and employes as may be necessary, prescribe their duties and fix and order paid their compensation.

Term of employment for teachers.

SEC. 225. For the first two years of their service in the school department of the city, teachers shall be subject to annual election. After two years' service, they may be elected for a term of three years. In the event that the board of education shall determine not to reelect any teacher employed in the public schools of this city, the board must, not later than two months prior to the expiration of the term for which such teacher was employed, serve, or cause to be served, upon such teacher, personally, a notice in writing directed to such teacher and informing such teacher of the intent to discontinue the services of such teacher at the expiration of said term of employment. A record of such service shall be kept in the office of the board of education, showing the date when, the place where, and the person by whom such notice was served. In the event that the board of education shall fail or neglect to serve such notice as hereinabove provided within the time herein limited, such teacher shall be deemed elected for, and shall serve another year in the same position in the school department of the city.

ARTICLE XXIII.

FRANCHISES.

Property rights of the city inalienable.

SECTION 226. The title and rights of the city in and to its water front, wharf property, lands under water, public lands, wharves, docks, streets, highways, levees, drainage system, parks and all other public places and property, except as otherwise provided in this charter, are hereby declared inalienable.

No use of streets without a franchise.

SEC. 227. No person, firm or corporation shall ever exercise any franchise or privilege mentioned in this article, except as, and in so far as, he or it may be entitled to do so by direct authority of the Constitution of California or of the Constitution or laws of the United States, in, upon, under or along any street, highway, or other public place in the city, unless under the authority of a grant obtained in accordance with the provisions of this article.

Franchise to use streets.

SEC. 228. Every franchise, permit or privilege to construct, maintain or operate street, suburban, interurban or steam railroads under, upon, over, across or along

any street, highway or other public place, or to lay pipes or conduits, or to erect poles or wires or other structures in, upon, over, across or under any street, highway or other public place in the city, for the transmission of gas, electricity, steam, oil, air or other substance, or for any purpose whatever, shall be granted upon the conditions in this article provided, and not otherwise.

Applications for franchise.

SEC. 229. (1) An applicant for a franchise, permit, or privilege to construct, maintain or operate any street or suburban railroad within the city or any part thereof, shall file with the city commission an application therefor, and thereupon the city commission shall, if it proposes to grant the same, advertise the fact of said application, together with a statement that it is proposed to grant the same, in the official newspaper of the city. The publication of such advertisement must run for ten successive days, Sundays and legal holidays excepted, and must be completed not less than fifteen and not more than thirty days before any further action can be taken on such application.

Conditions of grant.

(2) The advertisement must state the character of the franchise, permit or privilege it is proposed to grant; the route to be traversed; that sealed bids therefor will be opened at a stated time and place; and that the franchise, permit or privilege will be awarded to the bidder offering to pay to the city during the life of the franchise, permit or privilege, the highest percentage of the gross receipts to be derived from the use, operation or possession of such franchise, permit or privilege, as hereinafter provided. Such advertisement shall require all bidders for such franchise to offer and agree to pay to the city a stipulated percentage, which shall be stated in the bid, of the gross annual receipts arising from all business to be transacted by such road during the term of such franchise; *provided*, that the minimum percentage to be offered by any bidder shall not be less than two per cent of said gross annual receipts during the first five years, not less than four per cent during the next ten years, and not less than five per cent during the remainder of the term; *and further provided*, that if such franchise, permit or privilege be a renewal of a right already in existence, the payment of the highest percentage of the gross receipts shall begin immediately upon the taking effect of the new franchise; *and, provided further*, that if such franchise be for the extension of an existing road, the payment of the current percentage of the gross receipts shall begin immediately upon the taking effect of the new franchise. The city commission must, in and by such advertisement, reserve the right to reject any and all bids.

Bidding for the franchise.

(3) At the time of opening the sealed bids, any responsible person may bid for such franchise, permit or privilege, not less than one quarter of one per cent of the gross annual receipts for the entire term of the franchise above the highest sealed bid therefor, and such bid so made may be raised not less than one tenth of one per cent of the gross annual receipts for such entire term by any other responsible bidder. Such bidding may continue until finally such franchise shall be struck off, sold and awarded by the city commission to the person, firm or corporation offering to pay the highest percentage of the gross annual receipts arising from the use, operation or possession of the street or suburban railway authorized by the provisions of such franchise; *provided*, that if, in the judgment of the city commission, no adequate or responsible bid has been made, the city commission may withdraw such franchise from sale or advertise for new bids.

Deposit as guaranty of good faith.

(4) Every application for any such franchise, permit or privilege, and every bid therefor, except that of the applicant, shall be accompanied by a cash deposit of two thousand dollars (\$2,000), or a certified check for said amount, payable to the city clerk, as a guaranty of the good faith of the applicant or bidder, and as a fund out of which to pay all expenses connected with such application and the advertising and granting of such franchise, permit or privilege. Upon the franchise, permit or privilege being awarded, all deposits made by unsuccessful bidders shall be returned. The deposit of the successful bidder shall be retained until the approval and filing of the bond hereinafter provided for, whereupon the remainder of such deposit, after the payment therefrom of all expenses incurred by the city in connection with the advertising and awarding of such franchise, permit or privilege, shall be returned.

Free competition in bidding.

(5) No clause or condition of any kind shall be inserted in any advertisement of any franchise or grant offered or sold under the terms of this article which shall directly or indirectly restrict free and open competition in bidding therefor, and no clause or provision shall be inserted in any franchise offered for sale which shall in anywise favor one person, firm or corporation as against another in bidding for the purchase thereof.

Bond.

(6) The successful bidder for any franchise, permit or privilege awarded under this article shall file a bond running to the city, to be approved by the city commission, in the penal sum to be prescribed by the city commission and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe and faithfully perform each and every term and condition of such franchise, permit or privilege, and that in case of any breach of the conditions of such bond, the whole amount of the penal sum therein named shall be forfeited to the city. Such bond shall be filed with the city commission within five days after such franchise, permit or privilege is awarded, and within thirty days after the filing and approval of such bond the city commission shall grant such franchise, permit or privilege by ordinance, subject to the referendum provisions of this charter, to the person, firm or corporation to whom it shall have been struck off, sold or awarded. But in case such bond shall not be so filed, the award of such franchise, permit or privilege shall be set aside, and any money deposited in connection with the awarding of the franchise, permit or privilege shall be forfeited, and the franchise, permit or privilege shall, in the discretion of the city commission, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore provided.

Life of franchise.

SEC. 230. The maximum length of time for which a franchise, permit or privilege for any purpose, other than the maintenance and operation of a steam or interurban railroad, may be granted, shall be twenty-five years; *provided, however*, that no exclusive franchise, permit or privilege, shall ever be granted; *and, provided further*, that no such franchise shall ever be granted for a term extending beyond the period fixed by law for the termination of the corporate existence of the grantee, if a corporation; nor shall any such franchise ever be granted which shall have the effect of extending or prolonging any existing franchise beyond the term originally fixed for the expiration thereof in the ordinance granting the same, unless such subsequent franchise be granted in conformity with the provisions of Section 246 hereof. Franchises for steam and interurban railroads may be granted for a term not exceeding thirty-five years.

Franchises for other purposes.

SEC. 231. It shall be the duty of the city commission, within six months from the date of its organization, to proceed to ascertain, determine and fix the amount of cash rental to be exacted from every person, firm or corporation to whom may be granted any franchise, permit or privilege to lay pipes or conduits, or to dig tunnels, or to erect poles or towers or other structures in, upon, over, across, along or under any street, highway, alley or other public place within the city, to be used for the transportation of any commodity to be supplied to the city or its inhabitants, or for the transmission of electricity, for light, heat, power or other uses, or for the transaction of a telegraph or telephone business, either public or private, or for any other purpose not specifically mentioned in the provisions of this article. Such rentals shall be segregated so as to provide a specific charge for:

1. Each mile or fraction thereof of pipes, conduits or tunnels.
 2. Each pole, tower or other structure used for the purpose of carrying or sustaining wires.
 3. Each mile or fraction thereof of wire maintained by any such grantee within the city. The rentals so ascertained and fixed may be subsequently increased by the city commission at intervals or periods of five (5) years each, in such amounts as the commission may deem necessary and proper at the time of making any such increase.
- It shall also be the duty of the city commission, within the same period following its organization, to proceed to ascertain, determine and fix a reasonable and proper rental to be exacted from all steam or interurban railroads to which may be granted any franchise, permit or privilege, authorizing such grantee to lay down, maintain or operate any track or tracks upon, over, along, across or under any street, alley, highway or other public place within the city and used for the transportation of freight or passengers. Such rental shall be ascertained, determined and fixed upon a basis of a charge to be made for each ton of freight transported over each mile or fraction thereof of any track or tracks constructed, maintained, used or operated within the city limits by the grantee of any such franchise, and in ascertaining the aggregate of such tonnage, the weights of locomotives, cars and other rolling stock shall be included.

Application.

SEC. 232. Applicants for franchises which involve the use by the grantee of any portion of any street, highway, alley, or other public place within the city, whether on, above or below the surface thereof, for any purpose other than the construction, maintenance and operation of street and suburban railways, shall not be required to comply with the provisions of Section 229 of this article, but, in lieu thereof, shall proceed as follows:

An application shall be filed with the city commission, wherein there shall be clearly and distinctly stated:

1. The name of the applicant.

2. The purpose for which such franchise is desired and, if for a steam or inter-urban railroad, the kind of road which it is proposed to construct and the motive power to be used.

3. The precise route to be followed, stating the points between which or at which all streets, highways, alleys or public places (naming them) are to be traversed, intersected or crossed.

4. The location and position of all structures which are to be maintained under such franchise, if granted.

5. The term for which such franchise is desired.

6. The estimated cost of construction of the works authorized by such franchise.

7. Such additional information or data as the city commission may prescribe.

Notice of hearing.

SEC. 233. Upon receipt of such application, the city commission shall appoint a time, not less than thirty days from the date of the order fixing the same, for hearing and considering the application, and shall cause notice thereof to be published in ten consecutive issues of the official newspaper of the city immediately preceding the date of the hearing. Such notice shall set forth the data mentioned in the preceding section and such additional data or information as the city commission may see fit to include therein. The city commission shall also require the superintendent of streets to cause to be conspicuously posted, along the route described in such application, not less than ten days prior to such hearing, copies of such notice, printed and posted in the same manner that notices of street work are required to be printed and posted. Affidavits in proper form showing the facts of such publication and of such posting must be filed with the city clerk prior to the date set for such hearing.

Hearing.

SEC. 234. At the appointed time and place the city commission shall proceed to hear and consider such application and all remonstrances and protests, if any, against the granting of such franchise. If, in the judgment of the city commission, no sufficient reason is shown why such application should not be granted, it may proceed to grant to the applicant a franchise in conformity with the terms of the application, or such modifications thereof as the city commission shall deem to be for the public interest, and upon the terms and conditions of this article applicable thereto. Such grants shall, in every case, be made by ordinance, subject to the referendum provisions of this charter. The provisions of Sections 226, 227, and Subdivisions 4 and 6 of Section 229 shall apply to all such franchises.

Rental.

SEC. 235. Before any such franchise can be granted, the applicant therefor must, in a written instrument signed and acknowledged by some officer, agent or other person authorized in law to bind the applicant, offer and agree to pay to the city, as a consideration for the granting of such franchise, and as rent for the use of the streets, highways, alleys and other public places mentioned therein, during the entire period for which such franchise may be granted, the rental fixed and determined by the city commission under the provisions of Section 231 of this article. The stipulated amount of such rental shall be inserted in the ordinance granting such franchise as a condition thereof, and the ordinance shall expressly provide that any failure to pay such rental at the stipulated times, or any concealment or false statement of the amount due shall work a forfeiture of the franchise and of all rights granted thereunder. All payments provided to be made hereunder shall be made quarterly, or oftener if the city commission and the grantee of such franchise so agree.

Reports and payments.

SEC. 236. Every person, firm or corporation operating any business under a franchise, permit or privilege granted under this article, by the terms of which such grantee is required to pay to the city a percentage of the gross receipts arising from such business, shall file annually with the city auditor on such date as shall be fixed by the city commission a report for the preceding year. Such report shall be in writing, verified by the affidavit of some officer, agent or other person authorized in law to bind the grantee, and shall contain a statement, in such form and detail as may be prescribed by the city commission, of all gross receipts arising from all the business done by said person, firm or corporation, under said franchise, permit or privilege during the year immediately preceding such report. Such report shall contain such further statements as may be required by the city commission concerning the character and amount of business done under such franchise, permit or privilege, and the amount of receipts and expenses connected therewith, and also an itemized account of the money expended under said franchise, permit or privilege, for new construction, and for repairs and betterments during the year. The stipulated percentage of the gross receipts shall be paid annually at the time of filing the annual statement. A failure to pay such percentage, or the filing of a false statement, or the concealment of any revenues arising from the business conducted by the grantee of any franchise, permit or privilege requiring such grantee to pay such percentage,

shall work a forfeiture of the franchise, permit or privilege under which such grantee is operating. The grantee of every franchise authorizing the construction, maintenance or operation of any steam or interurban railroad within the city, shall, quarterly, or oftener if the city commission and the grantee of such franchise shall so agree, furnish to the city auditor a statement showing the aggregate tonnage transported over each mile, or fraction thereof, upon any track or tracks of such grantee constructed in, on, under or over any street, highway, alley or other public place within the city, during the preceding quarter or other interval, and shall at the same time with the rendition of such report pay to the city treasurer the amount shown to be due thereunder. All books, records, tonnage sheets, wheel reports, way bills and other data from which records are compiled shall be subject to inspection by such city officer or certified public accountant as may be designated or employed by the city commission for the purpose of verifying such reports and statements.

Examination of books and records.

SEC. 237. The city of Sacramento, by and through such officer of the city as the city commission may designate, or such certified public accountant as the city commission may employ for that purpose, shall have the right at all reasonable times to examine all books, vouchers and records of any person, firm or corporation exercising or enjoying any franchise, permit or privilege granted by the city, for the purpose of verifying any of the statements or reports required by this article, and for any other purpose whatsoever connected with the duties or privileges of the city or of the person, firm or corporation, arising from this charter or from the ordinance granting the franchise, permit or privilege, and may audit the same at such times as the city commission shall determine.

Beginning and completion of work.

SEC. 238. The plans and specifications of all work to be done in, upon, over, across, along or under any street, highway, alley or other public place within the city under the provisions of such franchise, permit or privilege, shall be filed with and approved by the city engineer before any such construction work is commenced; and the grantee of every such franchise, permit or privilege shall prepare and file with the city engineer suitable maps showing the precise location in, upon, over, across, along or under any street, highway, alley or other public place within the city, of all tracks, conduits, tunnels, pipes, poles, towers or other structures, and of all wires attached thereto, which such grantee proposes to lay down, erect, construct, maintain, equip and operate under the provisions of such franchise, permit or privilege. Such maps must be filed before any work of construction shall be commenced, and when filed, shall, together with the plans and specifications, be retained in the office of the city engineer as public records thereof, and shall be open to the inspection of the public at all times during office hours.

SEC. 239. Every ordinance granting any such franchise, permit or privilege shall specify the location and position of all work to be done thereunder; the kind of rails to be used, and the manner of laying the same; the precise location and dimensions of all tunnels, conduits and pipe lines and the materials of which they are to be constructed; the precise location, dimensions and materials of all poles, towers or other structures to be used for the purpose of sustaining wires, and the method, if any, to be employed for bracing the same; and every such ordinance shall reserve to the city commission the power to require changes of material or location whenever in its judgment such changes are necessary for the public safety or convenience. The city engineer shall not approve any plans or specifications submitted by the grantee of any such franchise, permit or privilege unless the same are found to be in conformity with the provisions of the ordinance making such grant.

SEC. 240. Construction work under any franchise, permit or privilege granted in accordance with the terms of this article shall be commenced in good faith within four months from the date of the taking effect of the ordinance granting such franchise, permit or privilege, and if not so commenced within said time, said franchise, permit or privilege shall be forfeited. Work under any franchise, permit or privilege so granted shall be completed within the time fixed for such completion in the ordinance granting such franchise, permit or privilege, which time shall not be more than three years from the date of the taking effect of the ordinance granting said franchise, permit or privilege, and if not so completed within said time, said franchise, permit or privilege shall be forfeited; *provided*, that for good cause shown, the city commission may, by resolution, extend the time for completion thereof not exceeding three months; *and provided, further*, that should the prosecution of such work, or any part thereof, be enjoined by any court of competent jurisdiction, the time during which such injunction remains in force shall not be included in determining the expiration of the period hereinabove limited for the completion of such work.

Reports of cost.

SEC. 241. The grantee of any franchise, permit or privilege must, during construction, file monthly with the city engineer a statement of the expenditures for new construction during the calendar month next preceding the filing thereof, which shall be verified by the oath of some officer, agent or other person authorized in law to bind the grantee. No cost of maintenance, operation, repair or replacement shall

be considered to be a cost of construction or included in any such statement. Such statement may be used in determining the cost of construction, but shall not, in any event, be binding upon the city.

Service and accommodations.

SEC. 242. The grant of every franchise, permit or privilege shall be subject to the right of the city, whether or not reserved in such grant, to make all regulations which shall be necessary to secure in the most ample manner the safety, welfare and accommodation of the public, including among other things the right to pass and enforce ordinances to protect the public from danger or inconvenience in the operation of any work or business authorized by the grant of the franchise, permit or privilege, and the right to make and enforce all such regulations as shall be reasonably necessary to secure adequate, sufficient and proper service and accommodations for the people and insure their comfort and convenience.

Rates and charges.

SEC. 243. The grant of every franchise, permit or privilege shall be subject to the right of the city, whether or not reserved in such grant, to prescribe and regulate rates, fares, the exchange of transfers, rentals or charges to be made by the grantee for the service rendered under such franchise, permit or privilege, except when such matters are regulated by State or Federal authorities. The grant of every franchise, permit or privilege for a street railroad, or a suburban railroad, shall provide that all United States mail carriers, when in uniform, and all policemen and firemen of the city, while in the actual discharge of their duties, shall be allowed to ride on all cars of such railroad within the boundaries of the city without paying fare therefor and with all the rights of other passengers.

Efficiency of service.

SEC. 244. Every ordinance granting any franchise, permit or privilege shall expressly provide for the maintenance of the plant and fixtures to be constructed thereunder at the highest practicable standard of efficiency at all times, and shall further provide that a wilful failure and neglect of the grantee to observe the standards of efficiency and service prescribed by the city commission shall be a ground for the forfeiture of such franchise and of all rights, privileges and benefits accruing to the grantee thereunder.

Right of city to assume ownership.

SEC. 245. Every ordinance granting any franchise, permit or privilege except for a steam or interurban railroad, shall provide that the city, at its election, may, upon the payment of a fair valuation therefor, to be made in the manner and at the time provided in the ordinance making the grant, purchase and take over to itself the property and plant of the grantee in its entirety, but in no case shall the value of the franchise, permit or privilege be considered or taken into account in fixing such valuation. And the city commission must insert in every such ordinance a reservation of the right to purchase the plant and property of the grantee at and after such time, to be specified in the ordinance, as the city commission may fix when granting such franchise. Or it may be provided in the ordinance granting any franchise, permit or privilege that the property and plant of the grantee shall, at the expiration of the period for which such franchise, permit or privilege is granted, become the property of the city without any compensation to the grantee. In either case the plant and property of the grantee shall become the property of the city upon the happening of the contingencies specified in the ordinance, or the purchase by the city, and the city shall have the right to assume the possession, control, management and operation thereof without the necessity of any instrument of conveyance whatever to transfer title to the city; *provided, however*, that nothing in this section shall ever be construed to require the city to purchase the plant and property of any such grantee, or to take over the same without purchase, should the city commission or the people, by a referendum vote, determine such purchase, or such acquisition without purchase, to be undesirable.

Renewals and extensions.

SEC. 246. Subject to the limitations prescribed in Section 230 of this article, the city commission may, in its discretion, grant renewals or extensions of franchises, permits or privileges for any of the purposes specified in Section 228, for a limited period, in no event exceeding ten years; *provided, however*, all such renewals and extensions shall be made by ordinance, subject to the referendum provisions of this charter; and *provided, further*, that the grantee of any such renewal or extension shall be required to pay to the city such percentage of its gross receipts annually, or such cash rental as may be agreed upon between the grantee and the city commission, which shall in no event be less than such grantee was required to pay during the year immediately preceding the expiration of such franchise, permit or privilege.

Lease or assignment of franchise.

SEC. 247. No franchise, permit or privilege granted by the city shall be sold, leased, assigned or otherwise alienated without the express consent of the city, given by ordinance, and no dealings on the part of the city with any purchaser, lessee or

assignee, to require the performance of any act or payment of any compensation by such purchaser, lessee or assignee, shall be deemed to operate as such consent; *provided*, that nothing herein shall be construed to prevent the grantee from the city of such franchise, permit or privilege from including it in a mortgage or deed of trust, executed for the purpose of obtaining money for corporate objects.

Street sprinkling, cleaning and paving.

SEC. 248. Every grant of any franchise, permit or privilege in, over, under or along any of the streets, highways, or public places in the city for railway purposes shall be subject to the conditions that the person, firm or corporation exercising or enjoying the same shall sprinkle, clean, keep in repair, pave and repave, or macadamize and remacadamize so much of said street, highway or public place as may be occupied by the track or tracks of such railroad or railway, and for a distance of two feet beyond the outer rails thereof. All such street repairs and improvements must be done with such materials, at such time, and in such manner as the city commission may prescribe, and must be done under the supervision of, and completed to the satisfaction of, the superintendent of streets.

Fire and police alarm wires.

SEC. 249. Every grant of any franchise, permit or privilege authorizing the grantee to use any street, highway, alley or other public place of the city for the purpose of constructing, erecting, laying down and maintaining any poles, towers, or other structures above the surface, or any conduits, tunnels or other structures below the surface, for the carriage of wires, shall contain the condition that the city shall have the right to use such poles, towers, conduits, tunnels or other structures, without cost, for the carriage of the police and fire alarm wires of the city, and the further right to attach its call boxes to any of such poles or towers. All poles, towers, or other structures above the surface of the ground shall be plainly numbered and marked with the name of the owner thereof, and shall be placed at such intervals and painted with such colors and at such times as the city commission may prescribe.

Levees.

SEC. 250. In any grant of any franchise authorizing any railroad track or tracks to be laid down, maintained and operated, or used for the storage of cars, upon any levee or levees built and maintained by the city of Sacramento, it must be inserted as a condition thereof that the grantee will, whenever so required by the city authorities, at its own cost and expense, raise so much of said levee or levees as may be occupied by its track or tracks and for a distance of two feet beyond the outer rails thereof, on each side, to the height and grade prescribed by the city, and that as nearly as may be practicable, all of such work shall be done simultaneously with the work done upon the remainder of such levee or levees by the city, and with the same kind of materials.

No exclusive franchise.

SEC. 251. Every franchise hereafter granted to any applicant for a steam or interurban railway shall, in express terms, require the grantee hereof to permit any other steam or interurban railroad now doing business in the city, or that may hereafter desire to enter the city, to make joint use with the grantee of all tracks that may be laid on, in, under or above any street, highway, alley or other public place within the city, for the purpose of entering, passing through, and leaving the city, upon paying, or tendering, to the grantee a fair proportion of the cost of construction and maintenance of the track or tracks so used. Any refusal by the grantee to permit such joint use shall work a forfeiture of the franchise and of all rights and privileges acquired thereunder.

Bridges.

SEC. 252. In the event that any such franchise is granted authorizing the use of any street, highway, alley or other public place within the city for the purpose of constructing, maintaining and operating any track or tracks leading to any bridge or bridges across the Sacramento River or the American River, the grantee thereof must also agree, as a condition of such grant, to permit any and all such other roads to use such bridge or bridges for the transportation of trains, locomotives, cars and other rolling stock, upon being paid a fair proportion of the cost of construction and operation of such bridge or bridges, and of the maintenance thereof while so used by such other road or roads.

Switching.

SEC. 253. Every such franchise shall be granted upon the further condition that any steam or interurban railroad now doing business within the city, or that may hereafter enter the city, shall have the right to have its cars delivered to, and returned from any warehouse, switch, terminal, spur track, wharf, manufacturing establishment, or other place within the city used for loading and unloading cars and reached by any track or tracks of such grantee, without delay, discrimination or favoritism of any kind, upon payment of a just and reasonable charge therefor, and until, or unless, such switching charges be established and fixed by Federal or State authority, the city commission shall have the right to fix and prescribe the charges to be exacted for all such service.

Wharves.

SEC. 254. SEC. 257. Nothing in this charter shall be construed as prohibiting the city commission from inserting in any ordinance granting any franchise, permit or privilege such other conditions or requirements, not inconsistent with the provisions of this charter, as the city commission may desire to insert therein, or the people may by the initiative indicate their desire to have so inserted.

Such verification deputies shall have power to take the oath or affirmation of the signers of such individual certificates of nomination, not exceeding in all three hundred (300) for any one candidate, but shall have no power to take oaths or affirmations for any other purpose whatsoever. Verification deputies need not use a seal.

Date of presenting petition.

(6) Such petitions of nomination shall be presented to the city clerk not earlier than forty-five days nor later than thirty days before the election. The said clerk shall endorse upon each petition the day, hour and minute upon which it was presented to him.

Examination of petitions by city clerk.

(7) When a petition of nomination is presented to the city clerk for filing, he shall forthwith examine the same, and ascertain whether it conforms to the provisions of this article. If found to conform thereto, he shall file the same forthwith; but if found not to conform thereto, he shall then and there, in writing, endorse on said petition the defect, or omission, or reason why such petition cannot be filed, and shall return the petition to the person therein designated. If necessary, the city commission shall provide extra help to enable the clerk to perform satisfactorily and promptly the duties imposed by this section.

Withdrawal of signature.

(8) Any signer to a petition of nomination may withdraw his name from the same by filing with the city clerk a verified revocation of his signature, before the filing of a petition by the clerk, and not otherwise. He shall then be at liberty to sign a petition for another candidate for the same office.

Withdrawal of candidate.

(9) Any person whose name has been presented under this article as a candidate may, not later than twenty-five days before the day of election, cause his name to be withdrawn from nomination by filing with the city clerk a request therefor in writing, and no name so withdrawn shall be printed upon the ballot. If, upon such withdrawal, the number of candidates remaining does not exceed the number to be elected, then other nominations may be made by filing petitions therefor not later than twenty days prior to such election.

Filing of petitions.

(10) No original petition filed by reason of withdrawal of a candidate, nor amended petition of nomination, shall be filed within less than twenty days before the date of the election. No petition of nomination shall be withdrawn or added to, and no signature shall be revoked, after said petition is filed.

Preservation of petition.

(11) The city clerk shall preserve in his office for a period of two years all petitions of nomination, and all certificates and affidavits belonging thereto, filed under this article.

Election proclamation.

(12) The city clerk shall, not later than twenty days prior to the date of the election, certify to the city commission a list showing the names, alphabetically arranged, of all candidates nominated for a full term, and a similar list of the names of all candidates nominated for an unexpired term, if any, as required by the provisions of this charter. The city commission shall cause said list to be published in the proclamation calling the election, in at least five successive issues of the official newspaper of the city immediately preceding the date of the election. Such publication shall clearly state the names of all persons who are candidates for a full term, and shall clearly state the names of all persons who are candidates for an unexpired term, if any. No political or party designation of any kind shall be published in any such proclamation in connection with the name of any candidate.

Form of ballots.

(13) The city clerk shall cause the ballots to be printed, bound and numbered as provided for by general laws, except as otherwise required in the charter. The ballot shall contain the names of all candidates, alphabetically arranged, and shall clearly distinguish between those who are candidates for a full term and those who are candidates for an unexpired term, if any. The ballots shall be substantially in the following form:

GENERAL (OR SPECIAL) MUNICIPAL ELECTION,

CITY OF SACRAMENTO.

(Inserting date thereof.)

Instructions to voters.

(To be printed in type not less than ten point):

To vote, stamp a cross (X) in the square at the right of the name of the candidate for whom you desire to vote; to vote for a person whose name is not printed on the ballot, write the name of such person under the title of the office in the blank space provided therefor, but do not stamp a cross (X) after the name so written. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election and obtain another.

Requirements of ballot.

(14) All ballots printed shall be precisely of the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another, and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right-hand side for charter amendments or other questions to be voted upon at such election. Nothing shall be placed on the ballot to indicate the source of the candidacy or of the support of any candidate.

Every nominee to be on ballot.

(15) The name of a candidate who has been duly and regularly nominated, and who has not withdrawn his name as herein provided, shall not be omitted from the ballot.

Space for voting cross.

(16) A half-inch square shall be provided at the right of the name of each candidate wherein to stamp the cross.

Blank space for additional candidates.

(17) Half-inch spaces shall be left below the printed names of the candidates equal in number to the number of commissioners to be elected wherein the voter may write the name of any person or persons for whom he may wish to vote.

Sample ballots.

(18) The city clerk shall cause to be printed sample ballots identical with the ballots to be used at the election, except as to quality and color of paper, and shall mail a copy of the same to each registered voter at least five days before said election.

Votes necessary for election.

(19) In case there is but one person to be elected to an office, the candidate receiving a majority of all votes cast for all candidates for said office shall be declared elected. In case there are two or more persons to be elected to an office, then those candidates equal in number to the number to be elected, who receive successively the highest number of votes for such office shall be declared elected; *provided, however*, that no person shall be declared elected to any office at such first election unless the number of votes received by him shall be greater than one half the total number of ballots cast at such election for all candidates for said office.

Second election.

(20) If at any election held as above provided, there be any office to which the required number of persons were not elected, then, as to such office, the said first election shall be considered to have been a primary election for the nomination of candidates, and a second election shall be held to fill said office. The candidates not elected at such first election, equal in number to twice the number to be elected to said office, or less if so there be, who successively received the highest number of votes for that office at such first election, shall be the only candidates at such second election; *provided*, that if there be any person who, under the provisions of this subdivision, would have been entitled to become a candidate for said office, except for the fact that some other candidate received an equal number of votes therefor, then all such persons receiving such equal number of votes shall likewise become candidates for such office. The candidates equal in number to the persons to be elected who shall receive successively the highest number of votes at such second election shall be declared elected to such office.

Date of second election.

(21) The said second election, if necessary to be held, shall be held on the second Saturday after the declaration of the official canvass of the returns of said general municipal election.

Rules governing second election.

(22) All the provisions and conditions above prescribed for the conduct of a first election, so far as they may be applicable, shall govern the second election, except that notice of election need be published for two successive days only, immediately preceding said second election; *and provided, also*, that the same precincts and polling places shall, if possible, be used.

Failure of person elected to qualify.

(23) If a person elected fails to qualify, the office shall be filled as if there were a vacancy in such office.

Informalities in election.

(24) No informalities in conducting a municipal election shall invalidate the same, if such election has been conducted fairly and in substantial conformity with the requirements of this charter.

General election regulations.

SEC. 262. (1) The provisions of the general election laws relating to the qualifications of electors, the manner of voting, the duties of the election officers, the canvassing of returns, and all other particulars in respect to the management of elections, so far as they may be applicable, shall (except as herein otherwise provided) govern all municipal elections; *provided*, that the city commission shall meet as a canvassing board and duly canvass the election returns within four days after any municipal election.

Voting machines.

(2) In case voting machines shall be used at municipal elections, the city commission shall have power, by ordinance, to modify the provisions of Section 261, so far as may be necessary to adapt them to the use of voting machines.

Polls open and close.

(3) At all elections held under the provisions of this charter, the polls shall open at six o'clock A. M. and close at six o'clock P. M.

Precincts.

(4) It shall be the duty of the city commission to fix the boundaries of all municipal election precincts.

Election officers.

(5) The election officers in each polling precinct at all elections held under the provisions of this charter shall be appointed pursuant to the provisions of Article XV herein and shall be four in number, namely, one inspector, one judge, one ballot clerk, and one tally clerk; *provided, however*, that during the counting of the votes the ballot clerk shall also act as tally clerk.

Duties of county clerk.

SEC. 263. It shall be the duty of the board of supervisors of the county of Sacramento, when indices of the great register are being printed, to provide for the printing of a sufficient number thereof, in addition to the number otherwise required by law, for the general and special municipal elections to be held or likely to be held in the city of Sacramento; and it shall be the duty of the county clerk of said county to furnish such indices and affidavits of registration as may be required by the city commission. The county clerk, when so required, for the purposes of a general or special municipal election, shall furnish to the city commission a supplemental list of all voters who have registered since the time of printing the last index of the great register, and shall, at the time of any general or special municipal election, keep the office of the registrar of voters open during the progress of such election.

ARTICLE XXV.

THE INITIATIVE.

Direct legislation.

SECTION 264. Any proposed ordinance may be submitted to the city commission by a petition signed by the registered electors of the city equal in number to the percentage hereinafter required.

Form and verification of petition.

(1) A copy of such proposed ordinance shall be attached to the petition, and the petition shall have endorsed upon it the name and address of the person to whom the same shall be returned if found insufficient, as hereinafter provided. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature the date thereof and his place of residence, giving street and number. One of the signers of each such paper shall make an oath before an officer competent to administer oaths that the statements therein made are true; that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed; and that each of such signatures was appended to such petition within ninety days prior to the presentation of the petition to the city clerk. Upon receipt of such petition, the clerk shall proceed to examine into the sufficiency of the same in the manner prescribed by the provisions of Article XXIV of this charter. If found insufficient, the petition shall be returned to the person whose name is thereon endorsed, for amendment or correction, as in said article provided.

Fifteen per cent petition.

(2) If the petition accompanying the proposed ordinance be signed by registered electors equal in number to at least fifteen per centum of the total number of electors registered at the time of the last preceding general municipal or second general municipal election at which a commissioner was elected, and contain a request that said ordinance be submitted forthwith to the vote of the people at a special election, then the city commission shall either:

(a) Pass said ordinance, without alteration, within twenty days after attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendum vote under the provisions of Article XXVI of this charter); or,

(b) Within twenty-five days after the clerk shall have attached to the petition accompanying such ordinance his certificate of sufficiency, the city commission shall, except as provided in subdivision seven of this section, proceed to call a special election, to be held within forty days from date of such call, at which said ordinance, without alteration, shall be submitted to a vote of the people. No ordinance proposed under the provisions of this subdivision shall be submitted at any but a special election called in accordance with the provisions hereof.

Five per cent petition.

(3) If the petition be signed by electors equal in number to at least five per centum of the total number of electors registered at the last preceding general municipal or second general municipal election at which a commissioner was elected, and contain a request that said proposed ordinance be submitted to a vote of the people at the next general election, and said ordinance be not passed by the city commission, as provided in Subdivision 2a, then such ordinance, without alteration, shall be submitted by the city commission to a vote of the people at the next annual municipal election that shall occur at any time after twenty days from the date of

the clerk's certificate of sufficiency attached to the petition accompanying such ordinance. No ordinance proposed under the provisions of this subdivision shall be submitted to a vote of the people at any but a general municipal election.

Publication of popular ordinance.

(4) Whenever any ordinance or proposition is required by the provisions of this charter to be submitted to the voters of the city at any election, the city commissioners must order one publication of the complete text thereof to be made in the official newspaper of the city, such publication to be made not less than ten days nor more than fifteen days prior to such election; or, the city commission may, in lieu of such publication, cause the ordinance or proposition to be printed, and thereupon it shall be the duty of the city clerk to enclose a printed copy thereof in an envelope, with a sample ballot, and mail the same to each voter, at least five days prior to such election. The city commission may also, in its discretion, include with such publication, or such printed copy, a statement, not exceeding five hundred words, setting forth concisely the reasons of the city commission for refusing to pass or adopt such ordinance or proposition. In the event that the city commission elects to publish such statement or to send copies thereof to the voters, as herein provided, the proponents of such ordinance or proposition shall also have the right to have included in such publication or such mailing, as the case may be, a similar statement of their reasons for urging the passage or adoption of such ordinance or proposition; *provided*, they shall first deposit with the city clerk the cost of such publication, or furnish to the city clerk, at their own expense, printed copies of such statement exceeding in number by five per centum the number of registered electors of the city at such time. The city commission shall, at least three days preceding the publication or mailing of such proposed ordinance or proposition, by a resolution spread upon its minutes, indicate its intent to include a statement with, or to omit a statement from, such mailing or such publication. The form and size of paper, and the style and size of type to be used in printing the statements herein provided for, shall be prescribed by the city commission by ordinance.

Election.

(5) The ballots used when voting upon such proposed ordinance shall set forth the title thereof in full and state its general nature, and shall contain the words "For the Ordinance" and "Against the Ordinance." If a majority of the qualified electors voting on such proposed ordinance shall vote in favor thereof, such ordinance shall take effect five days after the declaration of the official canvass of the returns of such election.

Several ordinances at one election.

(6) Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this article, subject to the limitations imposed in subdivisions two, three and seven of this section.

Limit of special elections.

(7) There shall not be held under the provisions of this article more than one special election in any period of six months. In the event that any petition or petitions calling for a special election be presented to the city commission within six months following any special election, it shall be the duty of the city commission to defer such election until the expiration of said period; the provisions of Subdivision (2b) of this section to the contrary notwithstanding.

Repeal of popular ordinance.

SEC. 265. The city commission may submit a proposition for the repeal of any popular ordinance, or for amendments thereto, to be voted upon at any succeeding regular annual municipal election, and should such proposition, so submitted, receive a majority of the votes cast thereon at any election, such ordinance shall be repealed or amended accordingly. An ordinance proposed by petition, or adopted by a vote of the people, shall not be repealed or amended except by a vote of the people, unless such ordinance shall otherwise expressly provide.

Conflicting measures.

SEC. 266. In the event that two or more ordinances or propositions adopted at the same election shall contain conflicting provisions, the ordinance or proposition receiving the highest number of votes at such election shall be paramount, and all questions of construction shall be determined accordingly.

Order upon the ballot.

SEC. 267. The city commission shall have no power to postpone or avoid the submission of any proposed ordinance to a vote of the people, except as in subdivision seven of Section 264 hereof provided. In the event that two or more such ordinances are submitted at the same special election, they shall be placed upon the ballot in the order of the priority of filing the respective petitions therefor, and shall be given precedence upon the ballot over any and all questions submitted by the city commission of its own initiative. All such proposed ordinances submitted at any general election shall likewise be placed upon the ballot in the order of

priority of filing of the respective petitions therefor, and shall likewise precede upon the ballot all questions submitted by the city commission of its own initiative at such general election. The provisions of this article are mandatory and prohibitory.

Charter amendments.

SEC. 268. The provisions of this article shall apply to the proposal, submission and adoption of charter amendments, subject to the provisions of section eight of Article XI of the Constitution of this State.

Further regulations.

SEC. 269. The city commission must, by ordinance, make such further regulations as may be necessary to carry out the provisions of this article, and to adapt the provisions of Article XXIV thereto.

ARTICLE XXVI.

THE REFERENDUM.

Mode of protesting against ordinances.

SECTION 270. No ordinance passed by the city commission shall go into effect before thirty days from the time of its passage except the ordinance making the annual tax levy, and except an ordinance for the immediate preservation of the public peace, health or safety which contains a statement of its urgency and is passed by a four-fifths vote of the city commission; *provided*, that no grant of any franchise shall be construed to be an emergency measure, but all franchises shall be subject to the referendum vote herein provided. If during said thirty days a petition signed by registered electors of the city equal in number to ten per centum of the total number of electors registered at the time of the last preceding general municipal election, protesting against the passage of such ordinance, be presented to the city commission, the same shall thereupon be suspended from going into operation, and it shall be the duty of the city commission to reconsider such ordinance, and if the same be not entirely repealed, the city commission shall submit the ordinance, as is provided in Article XXIV of this charter, to the vote of the electors of the city, either at the next general municipal election, or at a special election, to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof.

SEC. 271. Any ordinance or measure that the city commission or the qualified electors of the city shall have authority to enact, the city commission may of its own motion submit to the electors for adoption or rejection at a general or special municipal election, in the same manner and with the same force and effect as provided in this charter for ordinances or measures submitted on petition.

SEC. 272. At any special election called under the provisions of this charter, there shall be no bar to the submission of other questions to a vote of the electors in addition to the ordinances or measures herein provided for, if said other questions are such as may be legally submitted at such election. If the provisions of two or more measures approved or adopted at the same election conflict, then the measure receiving the highest affirmative vote shall control.

SEC. 273. The provisions of Section 261 of Article XXIV, respecting the forms and conditions of the petition and the mode of verification, certification, amendment and filing shall be substantially followed, with such modifications as the nature of the case requires. A substantial compliance with the provisions of this charter shall be sufficient for the holding of an election hereunder and for the approval or rejection of any measure submitted thereat.

SEC. 274. The city commission must, by ordinance, make such further regulations as may be necessary to carry out the provisions of this article, and to adapt the provisions of Section 261 of Article XXIV thereto.

ARTICLE XXVII.

If by said certificate of the city clerk the petition is shown to be insufficient, it may be amended by the presentation within fifteen days after the date of mailing of said certificate by the city clerk, of an additional recall petition containing additional recall certificates. The city clerk shall within seven days after the presentation of such additional recall petition make like examination and determination of the amended petition and attach to it a like certificate and mail a copy as aforesaid, and if his certificate shall show the amended petition to be insufficient, or if no additional recall petition shall have been presented, the petition shall be returned to the person named as the person to whom the petition is to be returned, and all proceedings and petitions under said affidavit of intention to circulate a petition for the recall of any incumbent, as provided in this section, shall be null and void. Removal of a majority of the city commission.

(12) In the event that a majority of the city commissioners shall be simultaneously recalled, the city clerk shall appoint successors of the commissioners who have been recalled, to serve until other commissioners have been elected, as hereinafter provided. Within three days after the canvass of the vote of the election at which such

commissioners are removed, the clerk shall issue a call for an election for the purpose of electing the successors of the officers so removed. Said election shall be held upon notice of not less than twenty and not more than twenty-five days, and said election shall be held within thirty days from the date of the canvass of the vote of the recall election. Nominations shall be made in the manner provided in Section 261 relating to the nomination of city commissioners, except that petitions for nominations shall be filed in the office of the city clerk at least ten days prior to the date of the holding of said election, and shall contain the requisite number of signatures when filed, without power of amendment. The clerk shall forthwith determine the sufficiency as to the number and genuineness of signatures of the petition. If the same be insufficient in these particulars, it shall be rejected, and if sufficient, the name of the person nominated therein shall be placed upon the official ballot as a candidate for the office for which he was nominated.

(13) The provisions of Article XXIV shall, except as hereinabove modified, apply to and govern all such elections.

Disqualification of recalled officer.

(14) No person recalled under the provisions of this section shall be eligible for election or appointment to any office in the city for a period of one year from and after the date of his recall.

New officer—When to qualify.

(15) Every person elected to fill a vacancy caused by the recall of an elective officer, as in this section provided, shall within four days from the declaration of the result of the election at which he was elected, qualify and assume the powers and duties of the office to which he was elected.

Percentage of subsequent recall.

(16) If, at a recall election, a majority shall vote against recalling the officer sought to be removed, it shall require a petition signed by qualified electors equal to twenty per cent of the total registered vote at the last municipal election at which a commissioner was elected to initiate a subsequent recall election against such officer during the term for which he was elected.

Further regulations.

(17) The city commission shall, by ordinance, make such further regulations as may be necessary to carry out the provisions of this article, and to adapt the provisions of Article XXIV thereto.

QUESTION OF PERSONAL PRIVILEGE.

Mr. Randall rose to a question of personal privilege, and made the following statement:

In regard to certain articles which appeared in the morning papers criticising the conduct of the chairman of the Committee on Engrossment with regard to Assembly Bill No. 66, I desire to say that I have no apology to make to any one for what has occurred or has not occurred to this bill, or any other bill which has been referred to the Committee on Engrossment. This bill, after it had been printed, was found to contain clerical errors and was read by myself personally throughout, in order to check all errors. As errors were discovered I made pencil notations on the bill. I then returned the bill to the Engrossing Clerk with instructions to read it carefully and prepare his report. I then examined the resolution authorizing the correction of clerical errors in my committee, and decided these errors could only be corrected by amendment on the floor, and then erased the pencil notations and reported the bill exactly as it was printed.

COMMUNICATION.

The following communication was filed by the Speaker, and ordered printed in the Journal:

SAN FRANCISCO, December 14, 1911.

A. H. HEWITT, *Speaker of Assembly, Sacramento, California*:

We earnestly urge that the reapportionment of San Francisco legislative districts should not be determined by the wishes of any interest or legislator desiring control or reflection; that instead of the proposed distortion of districts they be left intact and regular in shape and as nearly along present lines as possible. The new apportionment should be based upon the assumption that the outlying residence districts will greatly increase in population within the next ten years. The proposed plan, on the contrary, gives the undesirable element excessive legislative representation and power to the detriment of good government. Senatorial districts should be made up, as heretofore, of two entire assembly districts and not of fragments of from three to five as proposed. Committee representing progressive Republican clubs desires to be heard before appropriate legislative committees some evening convenient to all.

SEC. 2. The term "municipal corporation," as used in this Act, shall be construed to mean a city and county, or an incorporated city or town. The term "legislative body," as used in this Act, shall be construed to mean the board of supervisors, municipal council, commission or other legislative or governing body of a municipal corporation.

SEC. 3. The terms "railroad corporation," "street railroad corporation," "common carriers," "gas corporation," "electrical corporation," "water corporation," "telephone corporation," "telegraph corporation," "wharfinger," "warehouseman" and "public utility," as used in this Act, shall severally have the same meaning as is given to them, respectively, in Section 2 of the Act known as the "Public Utilities Act."

SEC. 4. The question whether any municipal corporation shall retain its powers of control respecting one or more classes of public utilities may be submitted to the qualified electors of such municipal corporation at a general municipal election or at a special election held therein in pursuance of an ordinance of intention adopted by the vote of three fifths of all the members of the legislative body of such municipal

corporation, declaring that the public interest requires the holding of such election, and declaring the intention of such legislative body to so submit such question, or in pursuance of a petition of qualified electors of such municipal corporation, as hereinafter provided. Such ordinance of intention or such petition, as the case may be, shall contain the propositions proposed to be so submitted, as set forth in Section 6 of this Act. Such petition shall be signed by qualified electors of such municipal corporation, equal in number to ten per centum of such qualified electors, computed upon the total number of votes cast in such municipal corporation for all candidates for Governor at the last preceding general election prior to the filing of such petition at which a Governor was elected. Such petition may consist of separate papers; *provided*, that if any paper consists of more than one sheet, it shall be securely fastened together at the top. The signatures need not all be appended to one sheet or paper. Each such paper shall have attached thereto, at the bottom of the last sheet thereof, the affidavit of a qualified elector of such municipal corporation, stating that all of the signatures on each sheet thereof were made in his presence, and that to the best of his knowledge and belief each signature is the genuine signature of the person whose name purports to be thereto subscribed. Such petition shall be filed with the clerk of the legislative body of such municipal corporation. Within ten days from the date of the filing of such petition, said clerk shall examine the petition and ascertain from the record of the registration of the electors of the city and county, or of the county in which such municipal corporation is situated, whether the petition is signed by the requisite number of the qualified electors of such municipal corporation; and if requested by said clerk, the said legislative body of said municipal corporation shall authorize him to employ persons specially to assist him in the work of examining such petition and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result of such examination. If, from such examination, said clerk shall find that said petition is signed by the requisite number of qualified electors, he shall certify that the same is sufficient; but if from such examination, he shall find that said petition is not signed by such requisite number of qualified electors, he shall certify to the number of qualified electors signing such petition and to the number of qualified electors required to make such petition sufficient. If by the certificate of said clerk the petition is shown to be insufficient, it may be amended by filing a supplemental petition within ten days from the date of such certificate. Said clerk shall, within ten days from the filing of such supplemental petition, make like examination of the same and certify to the result of such examination as hereinbefore provided. If the certificate of the clerk shall show any such petition, or any such petition together with a supplemental petition, to be insufficient, it shall be retained by him and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the clerk, such petition, or such petition together with a supplemental petition, is shown to be sufficient, the clerk shall forthwith present the same to the legislative body of such municipal corporation. The sufficiency or insufficiency of such petition shall not be subject to review by such legislative body. After the election held in pursuance of such petition, the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned. In any city and county having a board of election commissioners and a registrar of voters, the clerk of the legislative body thereof shall immediately upon the filing of any petition with him, transmit the same to such board of election commissioners, who shall forthwith deliver such petition to said registrar of voters, who shall perform all the duties herein required to be performed in other municipal corporations by the clerk of the legislative body thereof, respecting the examination and certification of such petition. Such registrar of voters shall, upon making his certificate, forthwith return said petition to said clerk, who shall thereupon present such petition and the certificate thereto attached to the legislative body of such municipal corporation as hereinbefore in this section provided.

SEC. 5. Upon the adoption of such ordinance of intention, or the presentation as aforesaid of such petition, the legislative body of such municipal corporation shall, by ordinance, order the holding of a special election for the purpose of submitting to the qualified electors of such municipal corporation the propositions set forth in such ordinance of intention or in such petition, which propositions shall be those set forth in Section 6 of this Act. Such special election shall be held not less than twenty days nor more than sixty days after the adoption of the ordinance of intention provided for in Section 4 of this Act, or the presentation of such petition to said legislative body; *provided*, that if a general municipal election shall occur in said municipal corporation not less than twenty days nor more than sixty days after the adoption of said ordinance of intention or the presentation of said petition to said legislative body, said propositions may be submitted at such general municipal election, in the same manner as other propositions are required by law to be submitted at general municipal elections in such municipal corporation. Every special election held in any municipal corporation under the provisions of this Act, shall be called by the legislative body thereof, by ordinance, which shall specify the propositions to be submitted at such election and the date thereof, and, where provision is not otherwise made by law, shall establish the election precincts therefor and designate the polling places therein, and the names of the election officers for each such precinct.

Such ordinance shall, prior to such election, be published five times in a daily newspaper printed and published in such municipal corporation, or twice in a weekly newspaper printed and published therein, if there be no such daily newspaper; *provided*, that if no such daily or weekly newspaper be printed and published in such municipal corporation, the clerk of said legislative body shall post a copy of said ordinance in three public places in such municipal corporation at least ten days prior to such election. The propositions submitted under this section at any general municipal election or at any special election shall be the same as those set forth in Section 6 of this Act.

Sec. 6. The ballots to be used at any general municipal election or at any special election, at which is submitted the question whether a municipal corporation shall retain its powers of control respecting public utilities shall have printed thereon, in addition to the other matters required by law, the following propositions:

"Proposition No. 1. Shall _____ (name of municipal corporation) retain its powers of control over railroad corporations?"

"Proposition No. 2. Shall _____ (name of municipal corporation) retain its powers of control over street railroad corporations?"

"Proposition No. 3. Shall _____ (name of municipal corporation) retain its powers of control over common carriers other than railroad and street railroad corporations?"

"Proposition No. 4. Shall _____ (name of municipal corporation) retain its powers of control over gas corporations?"

"Proposition No. 5. Shall _____ (name of municipal corporation) retain its powers of control over electrical corporations?"

"Proposition No. 6. Shall _____ (name of municipal corporation) retain its powers of control over telephone corporations?"

"Proposition No. 7. Shall _____ (name of municipal corporation) retain its powers of control over telegraph corporations?"

"Proposition No. 8. Shall _____ (name of municipal corporation) retain its powers of control over water corporations?"

"Proposition No. 9. Shall _____ (name of municipal corporation) retain its powers of control over wharfwingers?"

"Proposition No. 10. Shall _____ (name of municipal corporation) retain its powers of control over warehousemen?"

Opposite each such proposition to be voted upon, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. Any voter desiring to vote in favor of the retention of the powers of control of such municipal corporation respecting any particular class of public utility, shall stamp a cross (X) in the voting square after the printed word "Yes" opposite the proposition as to such class, and any voter desiring to vote against the retention of such powers of such municipal corporation respecting any particular class of public utility, shall stamp a cross (X) in the voting square after the printed word "No" opposite such proposition.

Sec. 7. If the propositions specified in Sections 6 of this Act shall have been submitted at a special election in any municipal corporation, then the legislative body or other body or board charged with the duty of canvassing the returns and declaring the result of elections in such municipal corporation, shall meet at their usual place of meeting on the first Monday after such election to canvass the returns and declare the result thereof. Immediately upon the completion of such canvass, or upon the completion of the canvass of the returns of any general municipal election at which such propositions shall have been submitted, such legislative body or other body or board charged with said duty shall make an order declaring the result of the election upon such propositions and shall cause the same to be entered upon its minutes, which order shall show the total number of votes cast upon each such proposition, and the number of votes cast respectively in favor of and against each such proposition. If it shall appear from the result of such election, as so declared, that a majority of the qualified electors of such municipal corporation voting on any proposition submitted, as provided in Section 5 of this Act, shall have voted to retain the powers of control of such municipal corporation respecting any particular class of public utility, such municipal corporation shall be deemed to have elected to retain such powers of control respecting such class of public utility, and such powers shall be exercised by such municipal corporation until the same may be surrendered as herein-after provided; and if it shall appear from the result of such election, as so declared, that a majority of such qualified electors so voting on any such proposition shall have voted not to retain such powers respecting any class of public utility, such municipal corporation shall be deemed to have elected not to retain such powers of control respecting such class of public utility, and such power of control shall thereafter vest in and be exercised by the Railroad Commission as provided by law. Immediately upon the entry of the order declaring the result of the election as to such proposition, the clerk of the legislative body or the registrar of voters in any municipal corporation having a board of election commissioners and a registrar of voters, shall make copies, in duplicate, of such order, and shall attach to each such copy his certificate under the seal, if any, of such municipal corporation, or of such board of election commissioners, certifying that the same is a true and correct copy of such order. Said

clerk or registrar of voters, as the case may be, shall forthwith file one of said copies in the office of the Railroad Commission of the State of California and the other in the office of the Secretary of State. Immediately upon the filing of such certified copy of such order in the office of the Railroad Commission, the powers of control theretofore vested in such municipal corporation over any class or classes of public utilities which a majority of the qualified electors of such municipal corporation voting thereof shall have voted not to retain, as shown by such order shall thereupon vest in and be exercised by the Railroad Commission, until such municipal corporation shall reinvest itself with such powers of control as hereinafter provided.

SEC. 8. Any municipal corporation which shall have voted to retain the powers of control vested therein respecting any class or classes of public utilities, or which may have reinvested itself with such power, as hereinafter provided, may thereafter surrender its powers of control as to such class or classes of public utilities at a general municipal election or a special election therein, called for that purpose. The ballots to be used at such election shall have printed thereon, in addition to the other matters required by law, separate propositions as to each of the classes of public utilities as to which such municipal corporation may theretofore have voted to retain its powers of control or with which it may have reinvested itself. As to each of such classes of public utilities, and in addition to the other matters required by law to be printed thereon, a proposition shall be printed on the ballots to be used at such election in substantially the following form: "Shall ----- (name of municipal corporation) surrender its powers of control over ----- (here insert class of public utility) to the Railroad Commission?" Opposite each such proposition to be voted upon, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. Any elector desiring to vote to surrender the powers of control of such municipal corporation over any class of public utility specified on the ballot, shall stamp a cross (X) in the voting square opposite the printed word "Yes," after the proposition as to such class, and any elector desiring to vote not to surrender the powers of control of such municipal corporation over such class of public utility, shall stamp a cross (X) in the voting square opposite the printed word "No" after the proposition as to such class. The provisions of Sections 4, 5 and 7 of this Act, in so far as applicable, shall govern elections called, conducted and held under the provisions of this section and to general municipal elections at which such propositions shall be submitted. If it shall appear from the result of such election, declared, as provided in Section 7 of this Act, that a majority of the qualified electors of such municipal corporation voting on any proposition submitted as provided in this section, shall have voted to surrender the powers of control of such municipal corporation respecting any particular class of public utility, such municipal corporation shall be deemed to have surrendered its powers of control as to such class of public utility to the Railroad Commission, and such powers shall thereafter vest in and be exercised by the Railroad Commission, as provided by law, upon the filing, in the office of the Railroad Commission, of a certified copy of the order declaring the result of such election until such municipal corporation shall reinvest itself with such powers as hereinafter provided; and if it shall appear from the result of such election, as declared, that a majority of such qualified electors voting on any such proposition shall have voted not to surrender such powers of control respecting any particular class of public utility, such powers of control shall continue in such municipal corporation; *provided*, that such powers of control may thereafter be surrendered by such municipal corporation at any subsequent election at which the question of such surrender may again be submitted under the provisions of this Act.

SEC. 9. Any municipal corporation that shall have surrendered to the railroad commission powers of control respecting any class of public utility may thereafter reinvest itself with such powers by a vote of the qualified electors thereof taken at a general municipal election or at a special election. The ballots to be used at such election shall have printed thereon, in addition to the other matters required by law, separate propositions to each class of public utility designated in the petition for such election or in the ordinance of intention. As to each such class of public utility, a proposition shall be printed on the ballot in substantially the following form: "Shall ----- (name of municipal corporation) reinvest itself with powers of control over ----- (class of public utility)?" Opposite each such proposition to be voted upon and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. Any elector desiring to vote to reinvest such municipal corporation with powers of control respecting any class of public utility designated on the ballot shall stamp a cross (X) in the voting square after the printed word "Yes" opposite the proposition as to such class, and any elector desiring to vote not to reinvest such municipal corporation with powers respecting such class of public utility shall stamp a cross (X) in the voting square after the printed word "No" opposite such proposition. The provisions of Sections 4, 5 and 7 of this Act, in so far as applicable, shall apply to elections called, conducted and held under the provisions of this section and to general municipal elections at which such propositions shall be submitted. If it shall appear from the result of such election, declared as provided in said Section 7, that a majority of the qualified electors of such

municipal corporation voting on any proposition submitted as provided in this section shall have voted to reinvest such municipal corporation with powers of control respecting any particular class of public utility, such municipal corporation shall be deemed to have reinvested itself with such powers, and upon the filing in the office of the Railroad Commission of a certified copy of the order declaring the result of such election, the powers of control with which such municipal corporation shall have voted to reinvest itself, as shown by such order, shall cease to be exercised by the Railroad Commission, and shall vest in and be exercised by such municipal corporation; and if it shall appear from the result of such election, as declared, that a majority of the qualified electors of such municipal corporation voting on any such proposition, as provided in this section, shall have voted not to reinvest such municipal corporation with powers of control respecting any particular class of public utility, such powers of control shall continue in and be exercised by the Railroad Commission; *provided*, that such municipal corporation may thereafter reinvest itself with such powers of control at any subsequent election at which such question may be again so submitted under the provisions of this Act.

SEC. 10. The holding of a special election or elections, or the submission of propositions at any general municipal election, under any of the provisions of this Act, shall not be construed to preclude the holding of a substantial special election or elections or the subsequent submission of propositions at a general municipal election or elections, on the question of the retention, surrender or reinvestment by a municipal corporation of its powers of control respecting any class or classes of public utilities, as in this Act provided; *provided*, that not more than one such special election shall be held within any period of twelve months.

SEC. 11. Except as otherwise in this Act provided, the holding and conducting of elections under the provisions of this Act, the form of the ballots used, the opening and closing of the polls, the canvass of the returns and the declaring of the result shall conform, as nearly as may be, to such laws as shall now or hereafter be applicable to special municipal elections held in the municipal corporation affected.

ADDRESS BY MR. RUTHERFORD.

Mr. Rutherford arose and addressed the Assembly as follows:

Mr. Speaker and Gentlemen of the Assembly:

Before we begin our regular deliberation to-day, I wish to call your particular attention to that new flag displayed at the left of the Speaker's station, in a position of honor second only to that occupied by our national banner, the Stars and Stripes. The Bear Flag, as you will all remember, was adopted at the last session of the Legislature as the official emblem of the State of California. The history of the Bear Flag occupies a unique place in the early history of this State, and marked the passing of the Spanish or Mexican rule in California. In 1845, the Mexican officials became extremely jealous of the increasing number of Americans in California, and in the early part of 1846 General José Castro, who was the commander of the military forces in California, issued a proclamation ordering all Americans to leave the State of California. No immediate steps were taken to enforce that order, but, about the first of June of that year, General Castro sent a party of men from Santa Clara to get a band of government horses at the San Rafael Mission. In order to reach San Rafael from Santa Clara by land, it was necessary to come as far north as the present city of Sacramento, which was then known as New Helvetia, to get across the Sacramento River. It was learned at Sacramento by the Americans that it was the intention or purpose of General Castro, in sending for the horses at San Rafael, to organize and equip a battalion of 200 mounted men to drive the Americans out of California. The Americans, on becoming aware of the purpose, gathered at the camp of John C. Frémont, who was then in California with an exploring party and located near the present city of Marysville. The Americans asked Mr. Frémont to join them in an expedition against the Mexicans, but Frémont declined to do so, though he expressed his sympathy with the undertaking and said he would remain in the vicinity to give his assistance should it be required. A party of twelve men (I believe it was twelve), under the leadership of a man by the name of Merritt, started out from Mr. Frémont's camp and intercepted Castro's men with a band of horses and took the horses from them. The men, however, were allowed to proceed on their way to Santa Clara. After taking the horses, these men gathered more Americans with them, making a party of about thirty, and then proceeded to the old town of Sonoma and took the Spanish or Mexican post at that place. These

acts had fairly constituted or started a revolution, and it became necessary to adopt a flag. After a consultation on the matter, the Americans decided to adopt a flag similar to the flag of Texas, the Lone Star State. They took a piece of white muslin and attached a red strip along the side of it and in the upper corner painted a star. Then, as distinguishing features to the flag, they added the Grizzly Bear and the words "California Republic." This formed the original Bear Flag, which was displayed over the pioneer town of Sonoma on the 14th day of June, 1846. It was but a short time after that when Commodore Sloat arrived in Monterey Bay, bringing the information that war had been declared between the United States and Mexico, and on July 6, 1846, he raised the Stars and Stripes over the old Custom House at Monterey. The Bear Flag then gave way to the Stars and Stripes.

Now, gentlemen, it was with a feeling of a great deal of pride, as a Native Son of California, that at last session I was able to ask you to vote for Senator Holohan's bill making the Bear Flag the official flag of the State of California, and I want to say also that it was a source of a great deal of satisfaction to me to have the measure which made the Bear Flag the official flag of the State of California, signed by Governor Johnson, who is a Native Son of the State of California—not only a native of California, but an executive whose excellent qualities as a Governor of this State have never been surpassed.

I feel at this time I should say that credit is due to our Sergeant-at-Arms, Edward H. Whyte, and Mr. Richard Barton for starting the movement which led to the introduction by Mr. Gerdes of the resolution which resulted in the placing of that flag in that position. A flag, gentlemen, after all is but the outward or the external representation of certain principles or designs actuating men united for a common purpose. The nobler and the higher the purposes for which they are banded together, the greater the honor due the flag. The greater the devotion to those principles, the greater will be the love and the honor for the flag. Any variation from such principles must necessarily result in a corresponding variation in the sentiments toward the flag.

Now, we are all proud of our Stars and Stripes, and I believe that no nation in the world, or the people of no nation, have greater cause to be proud of their national emblem than we have to be proud of ours. We love to honor our flag, gentlemen. We love to honor it not because it stands for the broad acres, diversified resources and the wonderful advantages with which nature has so generously and graciously endowed this land of ours; but we love to honor that flag because it stands for the principles of liberty, justice, and equality. We love to honor it, gentlemen, because it represents a governmental organization, conceived in a love for freedom and reared upon the proposition that all men are created equal and endowed with the inalienable rights of life, liberty, and pursuit of happiness. Whatever is done in governmental affairs that detracts from those purposes or those principles lessens the honor and dignity of that flag, and whatever is done in governmental affairs that adds to or strengthens those principles adds to the glory of that flag. Every sordid motive, every improper thought and act in governmental affairs, of every kind lessens the honor and dignity of that flag. On the other hand, all the righteous acts, everything that is done in governmental affairs in the interest of humanity and with the purpose of bettering the condition of mankind, brightens the halo of glory that surrounds it.

Now, gentlemen, the Bear Flag is not only a historical emblem, but it is to-day the living official emblem of the imperial State of California, and, just as I feel that during the past year and now the political acts of the people of the State of California and the trend of governmental affairs have been and are toward the strengthening of the principles of liberty, justice, and equality and for the best interests of our citizenship and the welfare of humanity, so do I feel that the placing of that Bear Flag, the emblem of the State of California, in the position of honor that it there occupies, adds increased dignity and honor to our Stars and Stripes.

Now, gentlemen, I trust that those two flags—the one representing the United States of America, the greatest country in the world to-day, the other representing the greatest State in the Union, the State of California—will continue to occupy the positions of honor that they now occupy through the years to come, each reflecting credit and honor upon the other.

Mr. Gerdes moved that the address of Mr. Rutherford be printed in the Journal.

Motion carried.

REPLY OF SPEAKER.

Hon. A. H. Hewitt, Speaker of the Assembly, replied as follows:

In view of the remarks of Mr. Rutherford concerning the Bear Flag, which the members of this body have ordered placed upon the walls of this Assembly, I am going to make a suggestion.

We all understand and appreciate the fact that it was due to the efforts of the Native Sons of California who are members of this body that this flag has now a

place in this Assembly hall, and inasmuch as that flag was the emblem which was adopted by the pioneers on their arrival in this State, and as it calls to our mind the hardships and struggles of those men who had so much to do with the foundation of the government and the early development of the resources of this great commonwealth, I feel that it is due to the Native Sons who are members of this Assembly, and who are the descendants of those pioneers, that some appropriate action should be taken by the members of this body which will, in a measure, show our appreciation of the efforts of those members who were particularly instrumental in securing the flag.

I would suggest to them that some time in the near future, during this special session, they assemble in this chamber, under this beautiful flag which represents so much to them and to the people of this State, and have a group picture taken of themselves and of the flag, so that we who are not fortunate enough to be native sons of California may have something in addition to the memory of the flag to carry home with us as a reminder of their interest in this emblem. I make that suggestion, and hope sincerely that it may be adopted by them.

Mr. Young moved that the remarks of the Speaker be printed in the Journal.

Motion carried.

READING OF THE JOURNAL.

During the reading of the Journal, its further reading was dispensed with, on motion of Mr. Walsh.

To the Assembly of the State of California:

Pursuant to a resolution of the Assembly of the State of California, adopted on December 11, 1911, referring to the Committee on Judiciary the complaint of A. H. Carpenter against N. P. Chipman, Elijah C. Hart, and Albert G. Burnett, Justices of the District Court of Appeal in and for the Third Appellate District of the State of California, your Committee on Judiciary appointed on December 18, 1911, a sub-committee consisting of Messrs. Kehoe, Sutherland, Jones, Joel, and Held to examine into said matter and to report back to this committee.

That on the 18th day of December, 1911, said sub-committee made the report to said committee hereunto annexed, marked Exhibit "A" and made a part hereof.

That thereupon, at a meeting of said Committee on Judiciary, held on the 18th day of December, 1911, the said report of said sub-committee was adopted in its entirety as the report to be submitted to this Assembly on the part of the said Committee on Judiciary.

KEHOE, Chairman.

EXHIBIT "A."

SACRAMENTO, CALIFORNIA, December 18, 1911.

To the Committee on Judiciary of the Assembly, California Legislature:

Pursuant to a resolution of the Committee on Judiciary, adopted December 12, 1911, referring to us as a sub-committee the complaint of A. H. Carpenter versus N. P. Chipman, Elijah C. Hart, and Albert G. Burnett, Justices of the District Court of Appeal in and for the Third Appellate District of the State of California, we report as follows:

That immediately upon our appointment as such sub-committee we set the said matter for hearing at two o'clock P. M. December 14, 1911, in the Assembly Chamber, and caused notice thereof to be given to said complainant and to said Justices, and extended to each and all of said parties the benefit of the process of this sub-committee to compel the attendance of witnesses at said hearing.

That at the time and place fixed for such hearing, the said complainant, A. H. Carpenter, was personally present and stated that he was ready to proceed with the hearing, as did also the Justices, who were present.

That thereupon Joseph E. Piper was sworn to correctly take and write in shorthand the testimony of all witnesses produced, after which A. H. Carpenter offered himself as a witness in his own behalf, was duly sworn, and his evidence, including the entire record in each of the following cases, to wit:

Matteson vs. S. P. R. R. Co., decided August 28, 1907; reported in 6 Cal. App. Rep. 318.

Van Valkenberg vs. Oldham, decided February 8, 1910; reported in 12 Cal. App. Rep. 572.

Leofter vs. Wright, decided April 14, 1910; reported in 13 Cal. App. Rep. 224.

Carpenter vs. Ashley, decided February 23, 1911; reported in 15 Cal. App. Rep. 461.

Carpenter vs. Sibley, decided March 15, 1911; reported in 15 Cal. App. Rep. 589.

Carpenter vs. Ashley, decided May 24, 1911; reported in 12 Cal. App. Rep. 743. received.

That upon the conclusion of complainant's testimony he announced that all of his evidence had been introduced, whereupon the said Justices were severally duly sworn and testified in their own behalf, and in addition to their own testimony offered that of George F. McNoble, which was received.

That at all times during the introduction of the testimony the right of cross-examination was granted to all parties to the proceeding.

That at the conclusion of the testimony offered on behalf of the said Justices, all parties to the proceeding stated that all of their testimony had been received and that they had no further evidence of any kind to offer, whereupon the matter was argued by the complainant and by the Justices and submitted for decision.

That since the submission of said matter we have given consideration to the evidence introduced, and as a result of such consideration now find that there is no evidence whatever tending in the least to sustain said charges or any of them, or to show that the said Justices acted in the consideration of any of said cases, or in the decisions thereof otherwise than in the conscientious discharge of their official duties.

That none of the charges in said complaint has been sustained, and that the same are wholly untrue and groundless.

As our conclusion from the foregoing we recommend that no further action be taken in the premises.

REQUEST.

Mr. Young sent to the desk the following explanation of his vote on concurring in Senate amendments to Assembly Constitutional Amendment No. 3, and asked that it be printed in the Journal:

Request granted.

EXPLANATION OF VOTE.

MR. SPEAKER: I was in favor of the original Assembly Constitutional Amendment No. 3 on the subject of free text-books, for I believed that the time had come when the people of the State were ready to declare themselves on this subject. I am very much opposed to the amendment which the Senate has added to this amendment, providing that the composition of the State Board of Education shall be left to legislative action.

I believe that the question of free text-books should have been left a plain and simple question, uncomplicated by any other question introduced into the same constitutional amendment. I believe, further, that our schools should be divorced from

politics as far as such a thing is possible, and I am accordingly not in favor of the Senate amendment.

However, the question of free text-books in our schools is so important a question that I am constrained to vote for the submission of this constitutional amendment to the people, while deploring that it should have been thought necessary to so change it as to imperil its passage by the people.

C. C. YOUNG.

INTRODUCTION OF ASSEMBLY JOINT RESOLUTION.

The following was introduced, and referred as indicated:

By Mr. Maher: Assembly Joint Resolution No. 6—Relative to the California Redwood Park.

Read, and referred to Committee on Federal Relations.

STATEMENT BY MR. SLATER.

Mr. Speaker and Gentlemen:

In view of the recent adoption of the Bear flag as the official emblem of our State, and the fact that this week the flag has been displayed for the first time officially in our legislative halls, I request that "The History of the Bear Flag," as told by Tom Gregory at the ninth of September celebration of the Native Sons in Santa Rosa last year, be printed in the Journal of this Assembly. This act will be very greatly appreciated by the historical county which I and my colleague, Mr. Hamilton, represent—the county in which the Bear Flag was raised.

Request granted.

STORY OF THE BEAR FLAG—HOW THE STATE ENSIGN CAME INTO BEING.

By TOM GREGORY, Santa Rosa Parlor No. 28, N. S. G. W.

When the Thirty-three Immortals in Pueblo Sonoma, June 14, 1846, found themselves—a full-grown State with no flag to fit it, they made one, as they had made their commonwealth—immediately and with the material at hand. The result was the Bear Flag. It was a domestic production, and it was not inglorious, if home-made. It was a symbol—in the rough, but the true article, of liberty, justice and peace. And it readily gave place to its prototype, the Stars and Stripes, when the little Sonoman republic was merged into the Great Republic of the North American States. In fact, the Bear Flag's single red bar and star is one of the thirteen stripes, and one of the thirty-one stars that shone on the national flag after California had been admitted into the Union. And this fact, which Native Sons may remember: California's star now on the blue field of the American ensign, first appeared on the Bear Flag.

This rudely-fashioned standard of a small State that lived but a brief period beyond its inception, is more than the mere caprice of a leaderless band of American immigrants. It arose over the plaza in Sonoma at a critical time, and it cleared the air for the other flag, and the way for American occupancy. Commodore Sloat with his squadron had beaten Admiral Seymour's British fleet in the sea-race from Mazatlan, but the Yankee naval officer was lying at anchor in the harbor of Monterey, hesitating to take possession of the port and the entire territory. He had heard rumors of war being on between Mexico and the United States, but he feared to move before he had received official confirmation of the news. And well he might hesitate. His predecessor, Commodore Ap Catesby Jones, four years previously, placed in like position, had raised his flag over the old adobe custom house in that city, and had to haul the colors down the next day, learning that he had been too abrupt. His indiscretion brought about his recall, to appease angry Mexico. Hence Sloat's timidity. As a matter of fact, the two republics were then at war, though this was unknown on the Pacific coast. Captain John Charles Frémont—the famous "Pathfinder"—surveying across the continent, had received secret instructions from the administration—instructions that were verbal and have never been filed or published—to use his own judgment, taking all responsibility, even concealing the participation of the National Government, and forestall any occupancy of California by France or Great Britain. He sent the Bear Flag party to Sonoma, and when Sloat heard of the work in that pueblo and of Frémont's actions in other portions of the territory, he concluded that the "Pathfinder" was acting officially. Then the naval commander took possession of Monterey and directed Montgomery in the "Portsmouth" to possess Yerba Buena, also to raise the American ensign at Sonoma. It is a matter of history that Sloat afterwards acknowledged that he made his first move only when he had become convinced that Frémont was working under department orders which he (Sloat) had not yet received. And as additional evidence of the important part played here by the Pathfinder, by the Bear Flaggers and their flag, Sloat was severely reprimanded by the Navy Department, the administration holding that his timidity with the British fleet in the vicinity ready to work in conjunction with the annexation scheme of the Mexican government, jeopardized the claims and intentions of the United States. Alas, poor Sloat. He was punished for doing too little, while Jones received the same punishment for doing too much—on the same job.

In the knightly diction of heraldry the Bear Flag is: A grizzly passant on field argent; star at right dexter point; legend "California Republic" in lower half; horizontal bar gules from base to base. As an armorial bearing the bear is a suitable choice. Often he has been met on his eminent domain, and as a true native son, representative of the wild west, he has qualified. His ordinarily mild manner and willingness to be let alone, also his latent prowess in argument when driven to the battle point, are well known. His high moral and physical standing in the animal settlements of the American continent make him socially fit for a place on anybody's flag. Though a carnivora, he has no objection to a huckleberry meal, but only dire famine will drive him to a diet of Digger Indian. And it is true that no Digger has ever eaten him. The single star is a reflex of the lone luminary that lighted Texas in the night of her deadly struggle, and the red colonial bar along the lower edge of the white cloth represents the California Republic's single colony. Mrs. John Sears furnished the square of white sheeting, and Mrs. John Matthews, the Mexican wife of an American, contributed a flannel petticoat for the red stripe. Some unchivalrous historian has tried to establish the version of the various Bear Flag stories that one of the hunters of the party donated his only shirt for this purpose, but as the nameless patriot never acknowledged the honor and the sacrificial red shirt, the alleged incident must be left out of the record. Chivalry, modesty and self-denial are the cardinal characteristics often found in heroes, so possibly he was a life-sufferer from all three of these virtues, and died unknown, unhonored and unsung.

On this topic and on this day here is given the verse of George Homer Meyer, a native of Sonoma County, and the first President of Santa Rosa Parlor, N. S.

G. W. It was read on the occasion of the Admission Day celebration held in Santa Rosa, September 9, 1885, and attended by representatives from every parlor in the State:

THE STRIPES AND THE STARS.

With the flag of all others we love and revere,
And whose stars float above us to-day,
Let us blend the Bear Flag of the brave pioneer,
While we wreath them with laurel and bay.

With the names of our fathers its white folds engrave,
No dishonor its history mars,
And to-day do we hold it as fitting to wave
By the side of the Stripes and the Stars.

Unseemly and rude on that far June-day morn
Was the banner they lifted in air,
Yet the deed marked the hour when an Empire was born,
And the Spirit of Freedom was there.

So they raised up that flag by the westernmost sea—
The flag of the grizzly, the star and the bar,
Its sponsors were Men and its folds floated free—
The Flag of the Stripe and the Star.

The immediate need of a flag was borne in upon them by the following incident: Early that morning after General Vallejo had been notified by his captors that he, his sword, the old brass guns on the wall, the rusty muskets in the castillo, and everything else possessed by Mexico in Sonoma, were prisoners of war, the old Don batted his eyes once or twice, said "bueno," and invited the fierce Americans to stay for breakfast. Señora Vallejo stirred up her Indian cooks, and soon the General's dining hall—that was never closed to a stranger, especially to an American—was thrown open, and on the tables were loads of chile con carne, frijoles, tortillas, and wine from the mission grapes growing out by the old church of San Francisco de Solano. Needless to say, that banquet given by the Premier Native Son of the Golden West was a notable one. It has been reported that during the latter part of the feasting some of the invaders were swearing "Viva la Mexico," and General Vallejo was offered the presidency of the new republic. During the festivities an old Spanish soldier had stolen out into the plaza and raised the Mexican flag. He could not annihilate the hated gringos, but he could flaunt his country's ensign in their faces. This they found it doing when they issued from the banquet room.

William Lincoln Todd, nephew of Mrs. Abraham Lincoln, was the artist of the Bear Flag. Henry Ford, one of the party, carefully outlined the general appearance of the grizzly, and then Todd insisted that he was an animal-painter, in fact a Landseer. His comrades told him to go ahead, and hurry. With a pen and ink he laboriously drew the figure of the bear on both sides of the white sheeting. By that time the "committee on flag" scouting around town had found and commandeered some linseed oil, lampblack and a can of red paint. These the "Landseer" of the republic mixed and spread on the cloth. In color the result was more cinnamon than grizzly, but the new State was not seeking mere color, and the work was accepted. Various art writers have tried their pens on that result. It has been called a bear rampant,—meaning, possibly, on the rampage—also a bear regardant,—regarding the landscape in an effort to locate a dinner. But these heraldic descriptions were not so practical as the criticisms of the curious town-people who looked, laughed and said it was "el porcino"; and an English sailor present voiced in his natal vernacular that idea when he said that it was "nothing so like a bloomin' red 'og."

Todd had no difficulty getting on what passed for a five-point star, but when he came to the inscription he struck his first snag. This is recorded in a letter written from Los Angeles, January 11, 1878, in which he says: "Mine was a grizzly bear passant, painted red; the flag mentioned by Hittell, the historian, with the bear rampant, was made, I believe in Santa Barbara, and was painted black. The flag I painted will be known by a mistake I made in tinting in the word 'California Republic.' The letters were first lined out with a pen, and I forgot the 'L' and put the 'C' in its place. Afterwards I put the 'I' over the 'C' which made the last part of 'REPUBLIC' look as if the final two letters were blended."

Red flannel petticoats have an honored place on American flags. The seven red stripes of the first national ensign flung to the winds, were donated by the wife of an American soldier who sacrificed her petticoat for that patriotic purpose. James McChristian of Sebastopol, who, with his father, Patrick, was one of the Bear Flag party, saw the "flag committee" at work. He says that Jack Randsford, Peter Storm and John Kelly were told off by Captain Ezekiel Merritt to do the "heavy" work. These three men being sailors and necessarily sea-tailors, were supposed to know much about sails, flags and other fabrics. In their cruisions around the pueblo they

found Mrs. John Matthews, a native of California, and the wife of the American express-rider between Sutter's Fort and Sonoma. She provided the flannel band, and Randsford sewed it on the white sheeting below the bear passant. That bear may be a "native son," but the red petticoat-stripe is more distinctly "native daughter," and the Native Daughters of the Golden West may logically plead their stronger claim to the Bear Flag as an emblem of their order. Josefa Matthews—woman of Spain—wife of an American—Californienne—is the Bear Flag daughter of the golden west.

Although the Bear Flag arose over the defeat of General M. G. Vallejo and the national cause he represented and tried to defend, later as a member of the order of the Native Sons of the Golden West he was politically loyal to the State of California and fraternally loyal to the Banner of the Bear. Let all Native Sons honor him, their brother, who sleeps to-day at Lachryma Montis.

Los Osos—the bears—as the Californians called the Americans, were highly pleased with Todd's labors, and Todd was correspondingly highly pleased with himself, his oil painting and their tributes to his handicraft. He wanted to increase his output of flags while he was about it, he said, but he had been so wasteful with his color-supply that there was no more in the California Republic, and the one ensign had to do for the whole State. Captain Stephen Smith, at Bodega, made a fair copy of the original—fair enough for working purposes—which he used till the republic was lost in the American commonwealth.

When the war paint on the white sheeting was sufficiently dry to stay where Todd had put it, the California Republic took her stand in the northwest corner of the Sonoma plaza for the first flag-raising. They did not use the old brass battery for a salute, as they did not know whether or not the ancient guns could be fired without bursting and destroying the new State. Moreover, powder was scarce.

Then the Banner of the Bear
With its single stripe and star
Went aloft.

And the brave little ensign of Mexico that had waved defiance all day to the invading gringos, its red, white and green rising and falling on the soft, saline winds that came up the valley from the sea, dropped down from its place and out of history.

Regarding the exchange of ensigns by Lieutenant J. W. Revere of the U. S. Sloop of War "Portsmouth," the following incident is told by James McChristian: "After the Bear Flag had been unbent from the staff halliards and Revere was fastening Old Glory to the rope, Midshipman John E. Montgomery, the son of Commander John Montgomery of the 'Portsmouth,' carefully folded the square sheeting into a neat package and placed it in his coat pocket, saying, 'This is worth taking care of.' The lad was at that time just my own age—eighteen—a fine, manly fellow, and nobody objected to his action." The gallant midshipman of the old-time Yankee navy, who appreciated and cared for the passing Bear Flag, gave his life in the service of his country and this State, as he was killed in a fight with hostile Indians near Sutter's Fort soon after this event. McChristian, seventy-four years old, the last of the Bear Flaggers, remembers clearly the stirring times in this county during the "roaring forties." He was employed by Revere to haul two 18-pounder brass guns from Sonoma to the Embarcadero, where they were to be shipped to the "Portsmouth," at Yerba Buena. The officer had found them on the wall looking frowningly across the valley, with their muzzles full of last year's swallow nests, and he intended to have them mounted at the Annapolis naval academy as object-lessons for the cadets. McChristian's two-yoke of oxen balked on the job, and his claim for the work has slept in its War Department pigeonhole for sixty-three years.

Though the Bear Flag passes from the Sonoma plaza, it does not pass from further history. Its adoption by the California Republic June 14, 1846, makes its anniversary identical with that of the ensign that supplanted it, as June 14, 1777, Congress adopted the thirteen stars and the thirteen stripes as the national flag. Its adoption by the Native Sons, June 8, 1880, makes it the standard of their order, and its adoption by the Legislature, March 3, 1911, makes it the State Flag. Its lone star was the star of Texas, and is now the star of California on the national ensign. Its bear, at the request of Major J. R. Snyder, of Sonoma, was engraved on the great seal of the State. The Bear Flag is yet in active service, and not one feature on its folds is idle. Its political life was only twenty-five days, but during twenty-three of them it was the sole American flag of any description in this territory, and its presence at Sonoma was a deterrent to the foreign powers hesitating to move for possession. Its presence at Sonoma finally moved the hesitating United States naval commander at Monterey to send the Stars and Stripes ashore and seal California to Uncle Sam forever.

July 4, 1846, the Bear Flag republic had a "Fourth" at home. Out in the plaza this small band of "republicans" read the Declaration of American Independence under their own ensign, not having a United States flag in the new commonwealth. They had an oration, barbecued one of General Vallejo's beeves, and the ancient battery on the wall bellowed a salute to the big and the little republic. It was a remarkable observance—the only one of its kind in history. The guns of the Mexican Republic were fired by the California Republic to celebrate the American Republic. It was a

republican voice of thunder from Forty-Six speaking to Seventy-Six. Over the space of seventy years,—over the space of a hemisphere, rebel called to rebel, brotherhood to brotherhood, one flag—one blood—after all.

It was a remarkable observance to the Californians who were attending a "Quarto de Julio" for the first time in their sleepy, mañana lives. But it was some kind of a fiesta, and they all had been invited, so they turned out in their native finery. Because of the flag and the guns, they knew the gathering was of a patriotic character, but the exercises in the English language were mystifying. The Declaration which the Americano was reading seemed to be a pronunciamiento against somebody; they had heard pronunciamientos before, and when the reader hurled his fierce denunciation at King George III, they felt war in the air. And they smiled in anticipation of witnessing an American revolution, or of seeing the gringos get up a fight with somebody other than themselves.

This is the story of the Bear Flag. What more honor and distinction could it have? Every Native Son and Daughter of the Golden West may proudly wear the little emblem of the bear, for in the world of heraldry there is no more knightly symbol.

Senate Joint Resolution No. 10—Relative to the Simmons National Quarantine Act now before Congress.

Joint resolution read, on motion adopted, and ordered transmitted to the Senate.

SENATE JOINT RESOLUTION No. 10,

Relating to the Simmons National Quarantine Act now before Congress.

WHEREAS, The State of California is now expending more than one million dollars annually in combating insect foes, one firm having spent more than twenty-five thousand dollars in a single season in the effort to control a single insect pest; and

WHEREAS, We are confident from our recent experiences that a thorough quarantine during all the past of our horticultural history would have saved to our State a large part of this vast expenditure, as many of the pests now working havoc would not have gained admittance; and

WHEREAS, It is generally conceded that our California quarantine, the best in the country, has saved millions of dollars to other states as well as our own, and so is national in its scope, and should be national in its origin and authority; and

WHEREAS, It is imperative that persons and baggage be searched as well as fruits, plants, or seeds, etc., and this can only be done by consent of the Government, authorized by Congress; and

WHEREAS, We search persons and their effects when we suspect that they carry smuggled diamonds or other illicit valuables, and our fruit interests are of far more value and importance than are diamonds or other precious stones; and

WHEREAS, Insects carried by plants, especially such insects as the gypsy and brown-tail moths and the dreaded Mediterranean fruit fly, if transported across the country from port of entry, as from New York to California, or San Francisco to New England, are liable to escape in transit and thus may work irreparable damage; and

WHEREAS, It is imperative to the success of our agricultural interests that strict quarantine be established and rigidly enforced against any region harboring insect pests; and

WHEREAS, It is of exceeding importance to our agricultural interests to establish quarantine and to quarantine at such points as Nogales and El Paso, and also to search baggage and even persons, which can only be done by national permission and authority; therefore, be it

Resolved by the Senate and Assembly, jointly, That we respectfully urge Congress of the United States to pass the Simmons quarantine bill now before Congress, and to include in such bill a provision making the port of entry and not the point of destination the place of inspection and decision, and also a provision permitting a strict quarantine against any district of the United States or any foreign country where insect pests that threaten the safety and welfare of our agricultural interests are known to exist; and it is further

Resolved, That our Senators be instructed and our Representatives in Congress requested to use all honorable means to secure the passage of the Simmons bill, with the two provisions designated above included in the bill; and it is further

Resolved, That a copy of this resolution be forthwith transmitted by the Chief Clerk of the Assembly to the President of the Senate of the United States and the Speaker of the House of Representatives of the United States, and a copy hereof to each member of Congress from the State of California.

Senate Bill No. 44—An Act to provide for submitting to the qualified electors of every city and county, incorporated city or town in this State the question whether such a city and county, or incorporated city or town shall retain the powers of control vested therein respecting all or any public utilities, and providing further for elections thereafter to surrender such powers in case the voters of any such city and county or incorporated city or town shall have voted to retain such powers or to reinvest such city and county or incorporated city or town, with such powers, in case the voters thereof have voted to surrender such powers.

During the third reading of the bill, Mr. Joel moved that the Speaker appoint a select committee of one to amend the bill as follows:

On page 2, Section 4 of the printed bill, strike out all of lines 4 to 9, both inclusive, and all of line 10 to and including the comma immediately after the word "question", and insert in lieu thereof the following: "of such municipal corporation, as provided in this Act, either at a general municipal election or at a special election held therein. Such question may be so submitted, either in pursuance of an ordinance of intention adopted by a vote of three fifths of all the members of the legislative body of such municipal corporation, declaring that the public interest requires the submission of, and that it is the intention of such legislative body to submit, such question to a vote of the qualified electors of such municipal corporation."

Also: On page 4, Section 5 of the printed bill, strike out the words "the legislative", at the end of line 2 and all of lines 3 to 7, both inclusive, and all of line 8 to and including the period immediately after the word "act", in said line 8, and insert in lieu thereof the following: "as provided in Section 4 of this Act, the legislative body of such municipal corporation shall, by ordinance, order the holding of a special election for the purpose of submitting to the qualified electors of such municipal corporation the propositions set forth in such ordinance of intention or in such petition, as the case may be, which propositions shall be those set forth in Section 6 of this Act, or such legislative body shall, by ordinance, order the submission of such propositions at a general municipal election, as hereinafter provided."

9. In case the Senate amend and pass an Assembly bill, or the Assembly amend and pass a Senate bill, the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) must either "concur" or "refuse to concur" in the amendments.

10. If the Senate concur (if it be a Senate bill), or the Assembly concur (if it be an Assembly bill), the Secretary or Clerk shall notify the house making the amendments, and the bill shall be ordered to enrollment.

11. If the Senate refuse to concur (if it be a Senate bill), or the Assembly refuse to concur (if it be an Assembly bill), the Secretary or Clerk shall notify the house making the amendments of the action taken, and ask that they recede from their amendments. The Committee on Conference shall report to both the Senate and Assembly.

Committee on Free Conference.

13. If at least four members of said Committee on Conference fail to agree, or either the Senate or Assembly refuse to adopt the report of the committee, it shall then be in order to appoint a Committee on Free Conference, to consist of six members appointed in the same manner as the Committee on Conference. The Committee on Conference and the Committee on Free Conference shall each have power to embody in its report any amendment or amendments which a majority of the committee shall approve and recommend for adoption, and any such proposed amendment shall be attached to the bill. The final report of either of said committees need not be signed by all its members, but any four of said members may submit such report. The report of neither the Committee on Conference nor the Committee on Free Conference shall be subject to amendment in either house, and unless at least four members of the Committee on Free Conference unite in the submission of a report, no further action shall be taken with respect to the bill then under consideration. No member of the Conference Committee shall be appointed as a member of the Free Conference Committee.

When Conference Committee Report Is in Order.

14. The presentation of report of Committee on Conference, or Free Conference shall always be in order, except when the Journal is being read or a question of order

Enrolled Bills to Receive Signature of Proper Officer.

18. After a bill shall have passed both houses, it shall be duly enrolled and carefully compared by the Engrossing and Enrolling Clerk and Engrossing and Enrolling Committee of the Assembly, or of the Senate, as the bill may have originated, and shall first receive the signature of the presiding officer and Clerk or Secretary of the house in which it emanated, before it shall be presented to the Governor of the State.

Enrolling Committee to Compare.

19. When bills are enrolled they shall be reexamined by the Engrossing and Enrolling Committee of the house in which they originated, who shall compare the enrollment with the engrossed bill as passed in the two houses, and, correcting any errors that may be discovered in the enrolled bill, make their report forthwith to the house in which the bill originated, stating by whom such bill was examined.

President and Speaker to Sign Bills.

20. After the examination and report, each bill shall be signed in the respective houses, first by the Speaker of the Assembly, then by the President of the Senate.

Enrolling Committee to Present Bills to Governor.

21. After a bill shall have been thus signed in each house, it shall be presented by the Engrossing and Enrolling Committee of the house in which it originated to the Governor of the State for his approval (it being first endorsed on the back of the bill by the Secretary or Clerk, as the case may be, certifying in which house the bill originated). The said committee shall report the day of presentation to the Governor, which time shall be carefully entered on the Journal of the house in which the bill originated.

Daily History of Bills, Etc.

22. There shall be printed daily, by both the Senate and the Assembly, a history of all bills, joint and concurrent resolutions, and constitutional amendments, which shall show the action taken by the house up to the day preceding the publication of such history. A regular form shall be prescribed, and no other form shall be used.

Adjournment Sine Die.

25. An adjournment *sine die* shall be made only by concurrent resolution.

Dispensing With Joint Rules.

26. No joint rule shall be dispensed with except by vote of two thirds of each house; and if either house shall violate a joint rule a question of order may be raised in the other house and decided in the same manner as in the case of the violation of the rules of such house; and if it shall be decided that the joint rules have been violated, the bill involving such violation shall be returned to the house in which it originated, without further action. Or, at the option of such house, the President or Speaker may direct the Secretary or Clerk to mark the section or sections in conflict with the rules as non-concurred in or negatived.

Senate Concurrent Resolution No. 3—Relative to the teaching of patriotism in the public schools of California.

The question being on the adoption of the concurrent resolution.

A vote was taken, and Senate Concurrent Resolution No. 3 adopted, and ordered transmitted to the Senate.

SENATE CONCURRENT RESOLUTION No. 3,

Relative to the teaching of patriotism in the public schools of California

WHEREAS, At a recent meeting of the Sacramento County Teachers' Institute, held in the capital city of California, a statement was made in a public address by an ex-superintendent of the county schools of Santa Barbara County to the effect that Great Britain had not performed one tyrannical act to provoke the Revolutionary War; that the Boston massacre was not the slaughter it was supposed to be; that the Stamp Acts were justified and the Colonists' refusal to pay them actuated solely by a desire to evade a just proportion of their expenses in this country; and that the Boston Tea Party consisted of irresponsible colonists bent on malicious mischief, and, operating under the guise of patriotism, wrongfully and maliciously destroyed the property of others; and

WHEREAS, It would appear this doctrine is taught in some of the high schools of this State and is said to be taught at the University of the State of California; and

WHEREAS, Such teachings practically declare that this Government was erected upon a foundation of wrong and error; that the Declaration of Independence states those things which are not true, and that that immortal document is therefore a farce, a fraud and a delusion; and that this Government "of the people, for the people, and by the people," in its elementary construction, was based upon false and fraudulent pretenses; and

WHEREAS, Such teachings of disloyalty, if permitted to take root in this country, would inevitably create a race of citizens lacking in that stern and unyielding patriotism without which no country can long endure; therefore, be it

Resolved by the Senate of the State of California, the Assembly concurring, That these utterances are false and untrue; that they are in every sense in manifest contradiction to the true history of the birth of our country, and subversive of the very foundation principles of our Government;

Resolved, That it is the sense of the members of this Legislature that if there be histories included in the curricula of public institutions of the State of California which put forth such grossly false and disloyal ideas, such histories should be eliminated from the schools of the State in every such institution; and in every place there should be substituted not only truthful narratives of the origin of this Government and of the episodes leading thereto; but narratives at the same time tending to sow in the hearts and in the souls of the boys and girls of this State that burning devotion to country which these disloyal histories would minimize, if they do not smother;

Resolved, That it is the sense of the members of this Legislature that if there be teachers employed in the school department of California, from the kindergartens to and including the State University, who have taught such false, disloyal and iniquitous doctrines, each and every one of them should be weeded forever out of any position as instructor in the schools of this State;

Resolved, That his Excellency, Honorable Hiram W. Johnson, Governor of the State of California, be, and he is hereby, respectfully requested to inaugurate at his earliest convenience an investigation into such matter; and be it further

Resolved, That, if he finds that statements of the character referred to above are contained in the histories used in the public educational institutions in California, he is hereby requested to take such steps as he may deem requisite to proscribe such histories and interdict their use in such institutions; and that, if he finds that any teachers in the public educational institutions of California, from the kindergartens up to and including the State University, are teaching such false and disloyal and iniquitous doctrines—or encouraging such doctrines to be taught—he is also respectfully requested to take such measures as he may deem requisite to weed forever such traitors out of the school system of California.

RECESS.

At twelve o'clock and thirty minutes P. M. the Assembly was declared at recess until two o'clock P. M. of this day.

REASSEMBLED.

At two o'clock P. M. the Assembly reconvened.

WHEREAS, There are situated within the State of California great national forests comprising in area over twenty-seven million acres; and

WHEREAS, The protection and preservation of these forests is of great benefit to the citizens of this State and of the whole United States; and

Resolved by the Senate of the State of California, and the Assembly, jointly, That the War Department of the United States be, and it hereby is, requested to station Federal troops in the national forests within the State of California during the months of July, August, and September each year for the purpose of preventing and fighting forest fires and protecting such national forests; and be it further .

Senate Joint Resolution No. 6—Relative to a canal constructed from the San Joaquin River near Pollasky, in Fresno County, to a point in San Joaquin County near Stockton.

During the consideration of the joint resolution, the following amendment was submitted by the committee:

On page 1, Section 1, line 1, strike out all the words after the word "whereas" of said resolution and insert in lieu thereof the following:

"There is in the San Joaquin Valley in California a large tract of irrigable arid land, consisting of more than one million acres, all of which is good, rich, level, arid land, and the same would consume all the flood waters that annually come down from the Sierra Nevada mountains through the San Joaquin and Fresno rivers, and if said waters were conserved and distributed over said lands, the same would yield bountiful crops and would add great wealth to the State of California; and

WHEREAS, All of said waters could be conserved and distributed over said lands by means of canals constructed for the distribution of same; and

WHEREAS, If said waters were so conserved and distributed by means of said canals, a large return therefrom by annual rentals for the use of said waters would result in ample returns to the Government upon the moneys thus expended, and at the same time would lessen the cost of maintaining the levees and embankments along the lower San Joaquin River, and thereby minimize the danger to and loss of property occasioned by the rise and overflow of said San Joaquin River; and

WHEREAS, Reservoirs and canals of sufficient capacity to conserve and carry all of said waters can be constructed by the Federal Government, but the cost of which would be too great for private enterprise or state undertaking; therefore, be it

Resolved by the Senate and Assembly, jointly, That our Senators in Congress be instructed and our Representatives be requested to use all honorable means to secure the passage of a law in Congress by which the Government of the United States will cause a proper survey of such proposed restraining dams and canals to be made, and to thereafter with all reasonable dispatch construct dams and canals and to sell and dispose of upon such terms as may be prescribed by the department in charge thereof, the said waters for use of all the lands susceptible of being irrigated from said storage reservoirs; be it further

Resolved, That a copy of this resolution be forwarded by the Secretary of the Senate to each of our Senators and Representatives in Congress."

EXPLANATION OF VOTE.

Mr. Clark sent to the desk the following statement to be printed in the Journal:

At the time I voted for Assembly Bill No. 66 I stated that I then voted for it as the only bill before the Assembly; also, then stating that if the so-called Thompson bill should, in my judgment, conform more nearly to the Constitution than Assembly Bill No. 66, I would vote for it. So far as I am able to ascertain the Thompson bill, on the face, more nearly conforms to the Constitution. For this reason I vote for Assembly Bill No. 66, as amended in the Senate.

CONSIDERATION OF SENATE JOINT RESOLUTION.

Senate Joint Resolution No. 6—Relative to a canal constructed from the San Joaquin River near Pollasky, in Fresno County, to a point in San Joaquin County near Stockton.

The question being on the adoption of the joint resolution.

A vote was taken, Senate Joint Resolution No. 6 adopted, and ordered transmitted to the Senate.

SENATE JOINT RESOLUTION No. 6,

Relative to a canal constructed from the San Joaquin River near Pollasky, in Fresno County, to a point in San Joaquin County near Stockton.

WHEREAS, There is in the San Joaquin Valley in California a large tract of irrigable arid land, consisting of more than one million acres, all of which is good, rich, level, arid land, and the same would consume all the flood waters that annually come down from the Sierra Nevada Mountains through the San Joaquin and Fresno rivers, and if said waters were conserved and distributed over said lands, the same would yield bountiful crops and would add great wealth to the State of California; and

WHEREAS, All of said waters could be conserved and distributed over said lands by means of canals constructed for the distribution of same; and

WHEREAS, If said waters were so conserved and distributed by means of said canals, a large return therefrom by annual rentals for the use of said waters would result in ample returns to the Government upon the moneys thus expended, and at the same time would lessen the cost of maintaining the levees and embankments along the lower San Joaquin River, and thereby minimize the danger to and loss of property occasioned by the rise and overflow of said San Joaquin River; and

WHEREAS, Reservoirs and canals of sufficient capacity to conserve and carry all of said waters can be constructed by the Federal Government, but the cost of which would be too great for private enterprise or state undertaking; therefore, be it

Resolved by the Senate and Assembly, jointly, That our Senators in Congress be instructed and our Representatives be requested to use all honorable means to secure the passage of a law in Congress by which the Government of the United States will cause a proper survey of such proposed restraining dams and canals to be made, and to thereafter with all reasonable dispatch construct dams and canals and to sell and dispose of upon such terms as may be prescribed by the department in charge thereof, the said waters for use of all the lands susceptible of being irrigated from said storage reservoirs; be it further

Resolved, That a copy of this resolution be forwarded by the Secretary of the Senate to each of our Senators and Representatives in Congress.

REPORT OF STANDING COMMITTEE.

The following report of standing committee was received and read:

ON FEDERAL RELATIONS.

ASSEMBLY CHAMBER, SACRAMENTO, December 23, 1911.

MR. SPEAKER: Your Committee on Federal Relations, to whom was referred Senate Joint Resolution No. 16—Memorializing the Congress of the United States for favorable consideration of the request of the Legislature of the State of California, for investigations and surveys by the California Débris Commission under the provisions of an Act of Congress, approved March 1, 1893, to aid in the preparation and making of a report on a project for the relief from floods in the San Joaquin Valley and the delta of the Sacramento and San Joaquin rivers and for improvements in aid of commerce and navigation—have had the same under consideration, and respectfully report the same back and recommend that it be adopted.

FREEMAN, Chairman.

CONSIDERATION OF SENATE JOINT RESOLUTIONS.

Senate Joint Resolution No. 16—Memorializing the Congress of the United States for favorable consideration of the request of the Legislature of the State of California, for investigations and surveys by the California Débris Commission under the provisions of an Act of Congress, approved March 1, 1893, to aid in the preparation and making of a report on a project for the relief from floods in the San Joaquin Valley and the delta of the Sacramento and San Joaquin rivers and for improvements in aid of commerce and navigation.

The question being on the adoption of the joint resolution.

A vote was taken, Senate Joint Resolution No. 16 adopted, and ordered transmitted to the Senate.

SENATE JOINT RESOLUTION No. 16,

Memorializing the Congress of the United States for favorable consideration of the request of the Legislature of the State of California, for investigations and surveys by the California Débris Commission under the provisions of an Act of Congress, approved March 1, 1893, to aid in the preparation and making of a report on a project for the relief from floods in the San Joaquin Valley and the delta of the Sacramento and San Joaquin rivers and for improvements in aid of commerce and navigation.

WHEREAS, Conditions injuriously affecting vast areas of valuable land adjacent to, and the interests of commerce and navigation in, the river systems of the San Joaquin Valley, within the power of the California Débris Commission to correct under the provisions of an Act of Congress, approved March 1st, 1893, creating said commission and defining its duties, are identical with those existing in the river systems of the Sacramento Valley and require like remedial treatment; and

WHEREAS, The Sacramento and San Joaquin rivers form a delta, common to both, and by connecting water ways, their flood waters mingle, frequently involving great damage to property and to navigation; and

WHEREAS, The work involved and plans contemplated in said rivers and said delta, under the requirements of said Act, should be coördinated into one harmonious project; and

WHEREAS, The report of said commission made in accordance with the requirements of said Act, including maps and containing a project together with estimate of the cost thereof, for the relief from floods in the Sacramento Valley, transmitted to the Congress of the United States by the Secretary of War, June 25th, 1911, and approved and recommended by him for adoption by Congress, now designated as House Document No. 81, Sixty-second Congress, First Session, applies only to the Sacramento River conditions, and said commission strongly urges "that work begin at once and provisions be made for its early completion"; and

WHEREAS, As delay in treating these conditions in the river systems of the Sacramento Valley has greatly added to the injury done as well as to the cost of the proposed project, the same results will follow delay in treating like conditions in the river systems of the San Joaquin Valley; and

WHEREAS, As investigations and surveys are required preliminary to the making of a report by said commission on said river systems in the San Joaquin Valley, it is of the utmost importance that such investigations and surveys be commenced without unnecessary delay; and

WHEREAS, As said remedial work necessary in said river systems and said delta make the problem a vital one pressing for an early solution, the Legislature of the State of California has by appropriate legislation adopted the project contained in said report, and has in other ways indicated its willingness to cooperate with the United States, in furtherance of this great work; therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California, in extraordinary session assembled, memorializes the Congress of the United States, for such legislation and direction, as will provide for such investigations and surveys by the California Débris Commission under the provisions of said Act, thereby hastening the preparation and making of the report on a project for the relief from floods in the San Joaquin Valley and said delta and for improvements in aid of commerce and navigation; be it further

Resolved, That our Senators and Representatives in Congress be and they are hereby requested to use all honorable means to secure favorable consideration of this memorial; and be it further

Resolved, That duly authenticated copies of this memorial be transmitted by the Governor of the State of California to the Senate and House of Representatives of the United States, the Secretary of War, the Chief of Engineers, United States army, the California Débris Commission, and to each of our Senators and Representatives in Congress.

WHEREAS, There is a movement for the adoption of an amendment to the Constitution of the United States which will provide for the election of President and Vice-President of the United States by direct vote of the people; therefore, be it

Resolved, That the Legislature of the State of California favor the adoption of the amendment to the Constitution of the United States which will provide for the election of such President and Vice-President by a direct vote of the people.

Resolved, That our Senators and Representatives in Congress be requested to vote for the adoption of a proposed amendment to the Constitution that shall provide for such change; be it further

Resolved, That a copy of this resolution be sent to each of our Senators and Representatives in Congress.

Senate Joint Resolution No. 13—Relative to memorializing the Congress of the United States for favorable consideration of the project contained in the report of the California Débris Commission, relating to control of floods in the river systems of the Sacramento Valley, and the adjacent San Joaquin Valley, California.

EXPLANATION OF VOTES.

The following were sent to the desk, and ordered printed in the Journal:

MR. SPEAKER: It has been asserted that I submitted a plan of reapportionment of the city of San Francisco, whereby said city was to be allowed twelve Assemblymen and six Senators. This is not true. I was, and am, bitterly opposed to an apportionment of San Francisco on that basis, yet fearing that, possibly, owing to the stand taken in the Assembly by the country members, such a bill might be passed, I deemed it my duty to change the lines of my own district from the lines which were in the original Randall bill, as those lines were not in any way satisfactory to me or to my constituents.

FRED C. GERDES, Thirty-fifth District.

Also:

I hereby protest against the adoption of the report of the Committee on Free Conference on Assembly Bill No. 66, relating to the reapportionment of the State into legislative districts. I base my protest on the grounds that the measure is unjust, unreasonable and unconstitutional in that it does not give to the city and county of San Francisco and other sections of the State the representation in Senate and Assembly that the Constitution provides.

ARTHUR JOEL, Forty-second District.

The following message from the Senate was taken up and read.

SENATE CHAMBER, SACRAMENTO, December 24, 1911.

MR. SPEAKER: I am directed to inform your honorable body that the Senate on this day passed the following as a case of urgency: Assembly Bill No. 74—An Act providing for the nomination and election of Representatives in Congress at large.

WALTER N. PARRISH, Secretary of Senate.
By FRANK MATTISON, Assistant Secretary.

GOVERNOR'S MESSAGE.

The following message from the Governor was received, read, and ordered printed in the Journal:

STATE OF CALIFORNIA, EXECUTIVE OFFICE,
SACRAMENTO, December 24, 1911.

To the Legislature of the State of California:

It is represented to me that grave and imminent danger threatens the horticultural interests of the State of California. A pest known as the Mediterranean fly that has, in other parts of the world, absolutely destroyed the fruits of those sections, is being constantly brought by ships into the port of San Francisco. If this pest once gets into the orchards of California, the scientists agree that our great fruit industry will be ruined. Anything that affects our horticultural interests, among the most important that we have, of necessity affects the prosperity of the State. Any danger to those interests should be promptly met, and any remedy that can be supplied, of course, should be immediately forthcoming.

To keep this pest out of California, strict quarantine is necessary with the power in the representatives of the Horticultural Commissioner to board vessels, destroy fruits, etc. We have now no such adequate law for the full protection of our horticulture, and to prevent this ruinous and destructive pest from obtaining a foothold in California, it is necessary that we give ample powers of quarantine to our officials.

I ask you, therefore, after your session closes at noon to-day, to remain until 12:05 for another extra session, which I have called for the purpose of having you act upon a quarantine measure submitted by the Attorney General and the Horticultural Commissioner.

HIRAM W. JOHNSON, Governor.

RECESS.

At ten o'clock and thirty-five minutes A. M., on motion of Mr. Bohnett, the Assembly was declared at recess until ten o'clock and forty minutes P. M. of this day.

REASSEMBLED.

At ten o'clock and forty minutes A. M. the Assembly reconvened. Speaker Hewitt in the chair.

SENATE MESSAGE.

The following message from the Senate was taken up and read:

SENATE CHAMBER, SACRAMENTO, December 24, 1911.

MR. SPEAKER: I am directed to inform your honorable body that the Senate on this day passed the following, as amended: Assembly Bill No. 14—An Act to amend section one hundred seventeen of the Political Code, relating to the division of the State into congressional districts and defining and establishing such districts—and we respectfully request your honorable body to concur in the Senate amendments to said bill.

WALTER N. PARRISH, Secretary of Senate.
By FRANK MATTISON, Assistant Secretary.

The question being put, "Shall the Assembly concur in the following Senate amendments to Assembly Bill No. 14?"

On page 1, Section 1, line 10, strike out the following: "Mariposa, Mono and Inyo" and insert in lieu thereof the words "and Mariposa".

Also: On page 2, Section 1, line 38, after the comma following the word "Diego" insert the following: "Mono, Inyo".

Also: On page 2, Section 1, line 17, after the word "district" insert the following: "as such districts are constituted by section ninety of this code, as amended at the extraordinary session of the Legislature, commencing November 27, 1911."

Also: On page 2, Section 1, line 32, after the word "district" insert: ", as such districts are constituted by section ninety of this code, as amended at the extraordinary session of the Legislature, commencing November 27, 1911,".

The roll was called.

Pending the announcement of the vote, Mr. Rutherford moved a call of the House.

Motion carried.

Time, ten o'clock and forty-five minutes A. M.

Bill ordered to enrollment.

EXPLANATIONS OF VOTE.

The following were sent to the desk, and ordered printed in the Journal:

I voted to concur in Senate amendments to Assembly Bill No. 14 because the bill had passed each house, and was the only possibility for a congressional reapportionment at this session, and not because I believed it based upon a just representation, but believing it gave a better representation than at present.

W. E. HINSHAW.

I voted to concur in the Senate amendments to Assembly Bill No. 14, reapportioning congressional districts, only because I believed this Legislature should complete its reapportionment work. I refused to vote so long as there was any possibility of amendment of this bill into what I believed a more just measure.

WM. C. CLARK.

My vote was negative on the question of congressional reapportionment from the fact that, both as a member of the Reapportionment Committee and in the Assembly, I had felt that present congressional districts, already small in population, ought not to be still further contracted, when such action would serve no good purpose and at the same time would work a hardship on men already well representing the people.

C. C. YOUNG.

RESOLUTIONS.

The following resolutions were offered:

By Mr. Bohnett:

Resolved, That L. B. Mallory, Chief Clerk of the Assembly, be and he is hereby authorized and empowered to receipt for any warrants due officers and members of the Assembly still in the hands of the State Controller after the close of this extraordinary session, and to mail the same to their respective places of residence.

Resolved, further, That the State Controller be, and he is hereby, authorized and directed to draw his warrant upon the proper fund in favor of the above party, and the Treasurer is hereby authorized and directed to pay the same.

Resolution read.

53. *Subjects Different From the One Under Consideration.*

No motion or proposition on a subject different from that under consideration shall be admitted as an amendment.

60. *Notice of Reconsideration.*

On the day succeeding that on which a final vote on any bill or resolution has been taken, said vote may be reconsidered on the motion of any member; *provided*, notice of intention to move such reconsideration shall have been given on the day on which such final vote was taken, by a member voting with the majority; and it shall not be in order for any member to move a reconsideration on the day on which such final vote was taken. Said motion of reconsideration shall have precedence over every other motion except a motion to adjourn. No notice of reconsideration shall be in order on the day preceding the last day of the session. No motion to reconsider shall be adopted, except upon a roll call, and it shall require forty-one votes to adopt the motion.

61. *Election by House.*

In all cases of election by the House, the vote shall be taken *viva voce*.

62. *Calling Ayes and Noes.*

The ayes and noes shall be taken on the final passage of all bills, and when called for by three members on other questions, and every member within the bar of the House, when his name is called, shall (unless for special reasons he be excused)

Upon a call of the House the names of the members shall be called over by the Clerk, and the absentees noted, after which the names of the absentees shall again be called over. The door shall then be shut, and those for whom no excuse or insufficient excuses are made, may, by order of those present, be taken into custody, as they appear, or may be sent for and taken into custody by the Sergeant-at-Arms wherever to be found, or by special messenger, to be appointed for that purpose. In the absence of a quorum, a majority of the members present may order a call of the House and compel the attendance of absentees in the manner above provided. No recess can be taken during a call of the House.

68. *Suspending and Changing Rules.*

No standing rule or order of the House shall be rescinded or changed without a vote of two thirds of the members of the Assembly, and one day's notice being given of the motion therefor; *provided*, that the Committee on Rules and Regulations may at any time, except during a roll call, report a temporary rule providing for the consideration of any bill on the files of the House belonging to either of the following classes:

A rule of order may be suspended temporarily by a vote of two thirds of the members present, except that portion of Rule 6 relating to third reading of bills. A motion or resolution proposing to increase or diminish a standing committee shall not be adopted until the same has been referred to the Committee on Rules and Regulations.

The Committee on Rules and Regulations may also, at any time, report a temporary rule or regulation. When such temporary rule or regulation shall have been adopted by a two-thirds vote of the House it shall have the effect, for the time being, of a standing rule, and if such temporary rule shall be in conflict with a standing rule it shall supersede said standing rule for the time being, and shall be enforced by the Speaker.

69. *Members Absenting Themselves.*

No member shall absent himself from the service of the House without the leave of the House, except in case of sickness; and if any member or officer of the House absent himself without leave, his per diem shall not be allowed him; but no member shall obtain leave of absence, or be excused, without a vote of two thirds of the House.
